GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of Fort Lauderdale
Florida**

For the Fiscal Year Beginning

October 1, 2014

Jeffrey R. Enos

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented the award of Distinguished Budget Presentation to the City of Fort Lauderdale, Florida for its annual budget for the fiscal year beginning October 1, 2014.

In order to receive this award, a governmental unit must publish a budget document that meets stringent program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This is the 31st consecutive year that the City of Fort Lauderdale has received this distinguished and notable award.

Reader's Guide

We've made every effort to make this book as easy as possible to read, but we understand how difficult it can be to find what you're looking for in such a complex document. To make your search easier, we've provided a number of tools to help you get what you need. A table of contents is provided on the following page and a glossary of commonly used terms and acronyms is included in the appendix section. In addition, a combination of charts, graphs, and narratives are used to clarify and enhance data.

The FY 2016 Adopted Budget consists of six (6) major sections: Introduction, Budget Overview, Financials, Department Budgets, Community Investment Plan, and Appendix.

Introduction - This section contains the City Manager's Message for the FY 2016 Adopted Budget. You will gain an understanding of the City Manager's "We Build Community" philosophy and "Fast Forward" Vision for the City. The budget message provides highlights of the budget development, new initiatives, current and future challenges, and any fee changes recommended for the coming year.

Budget Overview - This section provides key components that make up the FY 2016 Adopted Budget. It contains information about the budget process, the strategic plan to support the City's vision, budgetary and financial policies that guided the adopted budget, program enhancement highlights for each department, and overviews of each fund. It further provides the staffing levels and a comparison of population and millage rates to other municipalities as well as, the projected fund balances for the year ending September 30, 2016.

Financials - This section provides detailed revenues and expenditures for the General Fund and all other operating funds. Financial schedules in this section provide a comparison of the FY 2014 Actual, FY 2015 Amended Budget, FY 2015 Estimate and FY 2016 Adopted Budget. This section also provides the debt service requirements for all funds.

Department Budgets - This section provides an overview of each department. For each department, this section provides an organizational chart, a description of the core services, key performance indicators, and a three-year financial comparison, which includes the FY 2016 Adopted Budget. Key performance indicators and benchmarking are provided as an ongoing tool to measure efficiencies and effectiveness throughout each department.

Community Investment Plan - This section provides a summary of the Adopted Five-Year Community Investment Plan which is made up of citywide community investments. It discusses the projects, the Cylinders of Excellence, project prioritization, weighting criteria used to rank projects, and the funding appropriation for each proposed project.

Appendix - This section provides an economic analysis, a geographic map of the City, general information, and selected statistical information. Also provided is a glossary of commonly used terminology and acronyms.

Check Us Out Online! - To access the Adopted Budget and prior-year budgets go to www.fortlauderdale.gov/budget or scan the QR code below.

CITY OF FORT LAUDERDALE | ORGANIZATIONAL CHART

CITY OF FORT LAUDERDALE | ADVISORY BOARDS/COMMITTEES

Introduction

December 1, 2015

Honorable Mayor and Members of the City Commission:

In accordance with the City of Fort Lauderdale Charter, the Code of Ordinances, and the laws of the State of Florida, it is my pleasure to present the City of Fort Lauderdale's Adopted Budget for Fiscal Year (FY) 2016. A copy of the Adopted Budget is available for inspection in the City Clerk's Office. Additionally, a user-friendly electronic copy of the adopted budget can be found on the City's website, www.fortlauderdale.gov.

Budget Overview

The FY 2016 total adopted operating budget for all funds is \$593,778,698, not including balances and transfers. This is approximately \$14.8 million less than the FY 2015 Amended Budget of \$608,550,463 or -2.4%. The reduction is primarily due to one-time expenses in FY 2015 such as the \$5.3 million contribution to the Wave Streetcar for the original route and the \$7.5 million contribution for the North Loop option in the Northwest-Progresso-Flagler Heights Community Redevelopment Area. The steady growth in the City's property tax revenue has allowed for funding enhancements in the adopted budget including the City Commission's Annual Action Plan (CAAP), strategic initiatives, and necessary community investments. The Adopted Budget allows us to maintain our current low millage rate at 4.1193 for the ninth consecutive year and the current Fire Assessment Fee at \$225 per single-family residential dwelling. The FY 2016 Adopted General Fund operating budget, not including balances and transfers, is \$263,904,665. The General Fund budget represents a -0.01% decrease from the FY 2015 Amended Budget of \$263,928,225. It is structurally balanced and maximizes all resources necessary to build, enhance, and sustain the future of our great City.

Our Fort Lauderdale community is a source of much pride and dignity. We continue to achieve successes that sustain our City as, *"The City you never want to leave!"* This past year has been notable for the City with property values increasing by 9.68%, new construction valued at \$329 million, area tourism at an all-time high of 14.3 million visitors, and the crime rate is at its lowest levels since 1974. Working together, we have built a better, stronger organization and a more vibrant community.

This success does not happen by chance – it is the direct result of structural innovation, strategic planning, and continuous process improvement. We have been diligent in our pursuit of excellence, which was recently evidenced by Standard and Poor's raising of its rating on the City's General Obligation Bonds to 'AA+', citing "Strong budgetary performance..." and "Very strong management, with strong financial policies and practices".¹ These successes also bring new challenges and higher expectations. As our neighbors invest money into new commercial and residential buildings in the

¹ S&P Ratings Services

Downtown core and along our Beach, we must ensure that our infrastructure and service levels meet and exceed expectations.

Planning for a promising future began with the engagement of our neighbors to develop a long term vision of what we want our community to be in 30 years. With this vision in mind, the City Commission adopted our Strategic Plan, *"Press Play Fort Lauderdale"*, to create a blueprint for the actions needed over the next five years to make our Vision a reality. These forward-looking plans have guided the City Commission's Annual Action Plan and have allowed staff to effectively prioritize projects each year. We have carefully crafted and focused our budget development to ensure that the City provides the outstanding services and community investment our neighbors deserve in the most effective and efficient manner possible. *A City you never want to leave!*

FY 2016 Adopted Operating Budget - \$593.8 **(All Funds - In Millions)**

Fiscally Strong and On the Move!

Few cities have emerged from the Great Recession as quickly or resolutely as Fort Lauderdale. Through those very challenging years, we were unable to develop new amenities or adequately maintain our infrastructure. We have laid the groundwork for the goals that we need to accomplish and are now gaining momentum. This year's Adopted Budget includes additional personnel and projects to preserve and enhance our service levels and keep us running smoothly in the near term. As our property tax revenues have begun to rise and the grey skies of the economy have started to fade, Fort Lauderdale is confident enough to say we are "*Fiscally Strong and On the Move!*"

The Adopted Budget is more than just a collection of spreadsheets detailing the City's revenues, expenditures, and reserves. It is the culmination of months of intense work, incorporating the desires and needs of our neighbors, the priorities of the City Commission, and the professional expertise of our staff. This budget continues to recognize our core mission of building community and is a testament to the City Commission's vision and leadership. It is a commitment to our neighbors, our businesses, and our Community Builders that we will strive to do the very best we can with the resources and tools available to us. Unfortunately, not every need will be met and not every priority will receive the level of funding requested. As difficult as it is to decide where and how to reduce spending; it is almost as challenging to prioritize opportunities for additional spending. This Adopted Budget demonstrates the City's highest priorities to ensure that we live, work, and play in the best city possible, while remaining within our fiscal boundaries. "*We Build Community.*"

Commission Annual Action Plan

The FY 2016 Adopted Budget includes the necessary funding to make meaningful progress on this year's Commission Annual Action Plan (CAAP). CAAP initiatives are carefully selected by the City Commission to strategically address the myriad of challenges and opportunities that face the City. These initiatives will be integrated as focused priorities of each department; however, they are often complex and may span multiple years. A few highlights of the new CAAP initiatives prioritized for this fiscal year and the associated action taken in this Adopted Budget include:

- ✓ ***Community Redevelopment Agency (CRA)*** - This priority was selected to focus on making significant progress on our Beach and Northwest-Progresso-Flagler Heights Community Redevelopment areas. The City Commission's continued mandate to revitalize these areas has led to significant community investment projects in these communities.
- ✓ ***Beach Traffic Management Plan*** - This priority was selected to develop a plan to reduce traffic congestion and enhance mobility. The FY 2016 Adopted Budget includes \$1 million for the addition of eight motorcycle officers dedicated to traffic management and enforcement, and a Mobility Project Manager, a Neighborhood Mobility Planner, and a Traffic Calming Coordinator position within our Transportation and Mobility Department to work on improving mobility options along the Beach and throughout the City.

- ✓ **Development Density Policy** - This priority was selected to focus on the development of a three dimensional planning model to address the increase in development activity that the City is experiencing. The Adopted Budget includes \$166,800 for a Senior Urban Designer and Zoning Associate to work with developers to shape urban development outcomes through creative thinking, sound civic planning, and urban design solutions.
- ✓ **Central City Community Redevelopment Area** - This priority was selected to address the rezoning needs of this redevelopment area of the City. The Adopted Budget includes \$100,000 for consulting services that will lead the rezoning effort and develop standards and criteria for a new mixed-use zoning district for identified corridors.

Some CAAP priorities seek to address complex issues that are not easily solved. Not every initiative we undertake will result in a homerun; however, we are committed to continuing to step up to the plate and move the runners along. We face our challenges as dedicated community builders, eager to make a difference, and inspired to leave this great City in a better place than we found it.

General Fund - FY 2016 Funding Enhancements

In addition to the Commission Annual Action Plan priorities, I have recommended additional enhancements in the General Fund where needs have been identified. My highest priorities and most notable areas of new funding are:

- ✓ **Procurement and Human Resources** - Two of my priorities for the coming year are to fix our current hiring and procurement processes. In order for the City to operate effectively we must be able to expeditiously hire the best talent and efficiently purchase the supplies and products that we need to provide high quality services to neighbors. The Adopted Budget includes \$464,000 for seven new positions in Human Resources and funding for a consultant and temporary assistance to modernize our procurement procedures.
- ✓ **New Fireboat** - As the “Yachting Capital of the World”, being able to put out fires on the water is a priority. With over 165 miles of canals, 7 miles of beaches, and close proximity to Port Everglades, the City’s public safety personnel need to be able to answer calls both on the land and on the water. The Adopted Community Investment Plan includes \$300,000 to match a grant of \$875,000 to purchase a new fire boat and police boat to safely and efficiently respond to marine emergencies.
- ✓ **Fire-Rescue Peak Demand Unit** - This priority will address the need to reduce response times in the Downtown between the hours of 8 am and 8 pm, when our population is at peak. Ensuring that our neighbors receive prompt emergency services during their time of need is one of the core services provided by the City. The Adopted Budget includes \$297,000 for use of a rescue vehicle and structured overtime.
- ✓ **Facilities Preventative Maintenance Team** - A citywide facilities assessment study was recently completed, which identified a multitude of preventative maintenance deficiencies. Excellent maintenance and support practices are an integral component of optimized building management. A proactive maintenance program will yield long term savings and protection of our assets and will likely result in fewer emergency repairs. The Adopted Budget includes \$635,800 for a preventative maintenance team of four community builders,

along with supplies, vehicles, and specialized contractual services. Additionally, included in the Community Investment Plan is \$1.8 million for facility related maintenance projects.

Additional highlights of FY 2016 funding enhancements include:

- *Litigation Office Space Lease* - \$50,000
- *Outside Legal Services* - \$175,000
- *Legal Case Management Software* - \$30,000
- *Legal Fellowship Program* - \$63,500
- *Debt Service Payment on the Schlitterbahn Property* - \$1.4 million
- *Senior Performance Analyst* - \$101,000
- *Citywide Communications - Digital Signage* - \$96,000
- *Neighbor Support Volunteer Initiatives* - \$10,000
- *Neighbor Support Community Programs* - \$5,000
- *Neighbor Support Administrative Aide - Homeless Strategy Program* - \$22,500
- *Customer Service Representative - Business Tax Program* - (\$62,500)
- *Actuarial Audits of General Fund Employees and Police and Fire Pension Plans* - \$50,000
- *Dive Rescue Medical Evaluations* - \$11,500
- *Production Coordinator for War Memorial Auditorium* - \$18,320
- *Expansion of Tree Trimming Program* - \$300,000
- *American Tennis Education Foundation Community Partnership* - \$25,000
- *Senior Program - Club 55* - \$30,000
- *2 Horses, Supplies, Equipment, and Staffing for Mounted Unit* - \$237,000
- *Police - Performance Analyst* - \$72,000
- *4 Marine Unit Boat Motor Replacement* - \$41,000
- *Police - 10 sets of Dive Gear* - \$46,200
- *ArcGIS Foundational Courses* - \$20,000
- *Sustainability Marketing Campaign* - \$10,000
- *Landscape Plans Examiner* - \$80,400
- *Consultant Services for Comprehensive Plan Phase III/ Volume I* - \$150,000
- *Maintenance of Traffic Speed Humps* - \$50,000
- *Urban Land Institute Study* - \$160,000

These enhancements reflect the increased demands being placed on City staff and the high quality services desired by our neighbors. The total General Fund personnel complement for FY 2016 is adopted at 1,647 full-time employees, which does not include part-time and seasonal (temporary) employees. Seasonal positions supplement staffing for temporary periods such as summer camps or special events, but are not considered regular employees. The General Fund adopted personnel complement of 1,647 remains significantly lower than the FY 2010 level of 1,904 full-time employees.

Where the Money Comes From

In Millions

Where the Money Goes

In Millions

General Fund - Fund Balances

The fund balance in the General Fund provides a measure of the financial resources available for future spending or appropriation. These funds should be adequate to support potential unanticipated costs, like natural disasters and emergency repairs to City infrastructure. The City Commission's fund balance policy requires a minimum available fund balance for the General Fund of two months or 16.7% of the General Fund Budget including necessary transfers. Since the policy is a percentage of the budget, as the budget increases, the required level of fund balance also increases. In November 2015 the City was notified that it prevailed on an appeal with the Federal Emergency Management Agency (FEMA) over debris removal charges associated with Hurricane Wilma in 2006. This action has released an \$8.9 million liability from the City's books and increased the City's estimated General Fund balances for FY 2015 and FY 2016. The FY 2016 estimated fund balance exceeds our policy requirement with a total available fund balance of \$67.5 million or 23.3% of the General Fund balance as shown in the following chart. This fund balance includes a \$4.5 million Budget Stabilization Reserve set up during FY 2013 and \$870,000 committed to other uses.

General Fund – Fund Balance in Dollars

Maintaining a healthy fund balance is an indicator of the fiscal health of the government. We continue to monitor and assess the fund balance to ensure that the level of available funds is commensurate with the level of risk associated with our diverse City and our revenue and expenditure variability.

General Fund – Fund Balance As a Percent of the Total Operating Budget

Property Taxes

The City of Fort Lauderdale's total certified taxable assessed valuation is \$28.5 billion, an increase of \$2.5 billion, or 9.68%, from the prior year final valuation. The net new construction assessed during the last year totaled \$329 million. This increase in the taxable value is expected to generate approximately \$9 million in additional revenue for the City of Fort Lauderdale in FY 2016. Revenue from ad valorem taxes is projected at \$112.7 million, which represents approximately 36.2% of the total General Fund revenue. The chart below presents the taxable values and net new construction for the last nine years.

Taxable Value & Millage Comparison

Calendar Tax Year	Net New Construction	Final Gross Taxable Value	Increase/Decrease from Prior Year	Operating Millage Rate
2015-Certified	\$ 329,111,120	\$ 28,511,105,767	9.68%	4.1193
2014-Final	105,754,281	25,997,751,627	5.89%	4.1193
2013-Final	57,905,666	24,551,642,014	3.98%	4.1193
2012-Final	202,371,590	23,612,223,398	1.10%	4.1193
2011-Final	97,950,210	23,354,708,424	-4.26%	4.1193
2010 Final	494,110,613	24,393,809,310	-11.04%	4.1193
2009 Final	271,277,218	27,422,141,727	-9.73%	4.1193
2008 Final	625,354,578	30,378,384,604	-2.96%	4.1193
2007 Final	757,196,779	31,305,074,356	10.96%	4.1193

The FY 2016 budget includes an operating millage rate of 4.1193 per \$1,000 of taxable value. The adopted aggregate millage rate (operating and debt service) is 4.2952, which represents a .46% decrease from the prior year rate of 4.3151. The debt service millage adjusts annually based on the property valuation and debt service requirement. As indicated below, the FY 2016 estimated property taxes are still approximately \$17.3 million less than the revenue received in FY 2007.

Community Builders

Over the past four years, I have watched the Fort Lauderdale Team develop and grow into true Community Builders. We have the most talented and professional local government staff in the state, and we have transformed our internal processes and work flow to reflect our neighbor's expectations. At every turn, staff is implementing new and innovative ideas that have redefined our public goods as "public greats." *We are a high performing organization.*

Attracting and retaining a talented and diverse workforce of Community Builders is essential to achieving the goals and vision we all have for our City. We must also ensure that our staffing levels are sufficient to achieve the plans that we have set forth. As part of the FY 2016 Adopted Budget, I am recommending an increase in staffing to further the work of our Vision and Strategic Plan. These positions include: 9 positions to increase our **Public Safety** efforts, 21.5 positions needed to maintain and improve the City's **Infrastructure**, 16.5 positions dedicated to assisting with the increased demand for **Business Development**, 4.5 positions for neighbor programs and maintaining our beautiful **Public Places**, 4.5 positions for continued **Neighborhood Enhancement** and 19 positions in **Internal Support** to ensure smooth and efficient delivery of services.

The net effect of the adopted position additions and changes during the fiscal year is an increase to the position complement of 75 full-time positions or a 3.2% increase over last year's amended budget of 2,354 full-time positions. The Adopted Budget for personnel also includes required retirement contributions, debt service for the Pension Obligation Bonds, and a contractually obligated wage adjustment of 1.7% for employees in the Fraternal Order of Police Lodge 31, International Association of Firefighters (IAFF), and Teamsters bargaining units. The General Employees Retirement System (GERS) was closed in 2009 and replaced with a defined contribution 401(a) plan for all new general employees. With the recent ratification of the IAFF collective bargaining agreement, pension plan changes were agreed to and additional pension savings are expected in FY 2016. The history of pension contributions is shown in the table below.

History of Citywide Retirement Expenses

	FY 2010 Actual	FY 2011 Actual	FY 2012 Actual	FY 2013 Actual	FY 2014 Actual	FY 2015 Actual	FY 2016 Adopted
General Employee Retirement System Annual Contribution	\$ 19,351,946	\$ 21,498,801	\$ 22,358,550	\$ 13,562,595	\$ 15,061,353	\$ 15,501,180	\$ 14,393,012
Police & Fire Annual Contribution	25,752,119	30,664,176	30,928,447	15,075,469	15,388,327	15,599,916	13,708,562
Debt Service for Pension Obligation Bonds	-	-	-	27,399,827	26,453,846	26,361,882	26,358,764

Total City Retirement Contributions	\$ 46,099,822	\$ 53,170,187	\$ 54,497,442	\$ 57,637,991	\$ 58,880,947	\$ 60,040,427	\$ 58,212,129

Note: The City issued Pension Obligation Bonds in 2012

Annual Neighbor Survey Results

In December 2012, the City of Fort Lauderdale conducted its first annual Neighbor Survey to help measure service performance; to benchmark service quality ratings; to assess community needs; to make long-range, short-term, or strategic plans; to demonstrate the receptivity of our government; to evaluate potential policies or community characteristics; and to use as a tool for evaluating our performance. We have since completed two additional Neighbor Surveys, with the most recent in December 2014.

The 2014 Neighbor Survey results indicate exciting increases in neighbor satisfaction. Important strategic indicators improved, such as the direction the City is moving and the quality of neighbor service, which both exceed national and state ratings. Additional noteworthy satisfaction increases include the City as a place to raise and educate children, the overall value received for City taxes and fees, overall planning for growth, availability of employment, efforts in addressing homelessness, maintenance of streets, sidewalks and infrastructure, and police services.

Priority Findings - In order to help identify investment priorities, the Neighbor Survey contains an analysis that examines the importance that neighbors placed on each City service and the level of satisfaction with each service. By identifying services of high importance and low satisfaction, we can identify which actions will have the most impact on overall satisfaction with City services. Based on this, the top three areas of recommended focus for the City are 1) the overall flow of traffic; 2) the overall maintenance of streets, sidewalks and infrastructure; and 3) preparing for the future of the City. Neighbors rated the two most important Community Investment Plan (CIP) projects as walkable and bikeable streets and stormwater and drainage improvements.

Action and Progress - The annual Neighbor Survey results are an important step in our Strategic Planning and Budgeting Cycle; informing the foundation for a strategic budget that reflects neighbor priorities. It typically takes an extended period of time to address the concerns and perceptions identified in surveys. Often, the issues are multifaceted and will require significant resources and time to correct and complete. We are fortunate that many areas identified for improvement in the survey are also priorities of the City Commission, where staff has already focused resources and considerable progress has been made. To highlight our efforts, the City's first comprehensive Progress Report was issued; transparently sharing our accomplishments and challenges related to our initiatives and performance indicators in the Strategic Plan.

Connecting the Dots: A Look to the Future

Vision, innovation, partnerships, and dedicated employees are the bedrock of the City's endeavors to ensure a rewarding and successful future for our community. The annual priorities established by the City Commission, our City's Vision Plan, the Strategic Plan, and the Neighbor Survey were collectively used as a guide to help prioritize projects and funding in the FY 2016 budget. Departments are committed to outstanding service levels with expenditures strategically linked to the goals, objectives, core services, and priorities of the City Commission and our neighbors. I am committed to a financially sound government, a sustainable City with world class municipal services, a strong partnership with our neighbors, a safe and walkable community, and quality economic development opportunities that foster sustainable downtown development. We do not rest on our laurels; we remain focused on our long term Vision 2035 and the five-year Strategic Plan. The provision of exceptional City services will continue as will collaborative, innovative efforts to *Fast Forward Fort Lauderdale*.

Our Vision: Fast Forward Fort Lauderdale 2035

WE ARE CONNECTED.

We move seamlessly and easily through a safe transportation system where the pedestrian is first.

WE ARE HERE.

We are an urban center and a vacationland in the heart of South Florida.

WE ARE READY.

We are a resilient and safe coastal community.

WE ARE PROSPEROUS.

We are a subtropical City, an urban laboratory for education and business.

WE ARE COMMUNITY.

We are a neighborhood of neighborhoods.

WE ARE UNITED.

We are a strong and vibrant kaleidoscope of multi-generational cultures, ethnicities, and community partners.

FY 2016 Funding Highlights for All Funds

Water & Sewer Fund

The Water & Sewer Fund adopted expenditures are \$112.4 million, which is \$2.9 million less than the FY 2015 Amended Budget. The Adopted Budget includes \$698,000 for eight new positions: an Administrative Aide, a Customer Service Representative, an Energy Analyst, a Process Control Engineer, two Service Workers for the Fire Hydrant Program, a Utilities Section Plumber, and a Surveying Operations Supervisor. The budget also includes \$180,000 for a new closed circuit TV (CCTV) truck, \$200,000 for a new vehicle for the large meter replacement crews, and \$120,000 for new water meters and components. By converting a full-time meter reading position into two part-time meter reading positions, this budget also includes a savings of \$45,000. It is anticipated that by the end of FY 2016, the Water & Sewer Fund will have an estimated reserve of \$43.8 million.

A water and sewer survey conducted in May 2015 demonstrated that the City has the 6th lowest combined rate in Broward County. Based on the existing rate ordinance, a 5% rate increase for both water and sewer will become effective October 1, 2015. The impact of the approved rate increase on a residential neighbor using 5,000 gallons of water per month amounts to a \$2.74 monthly increase, as illustrated below:

Water and Sewer Charges Effect of Monthly Increase on Neighbors (Based on Average Usage of 5,000 gallons/month)

5/8 Inch Meter	Old Rate	Proposed Rate	\$ Change	% Change
Water Charge	\$20.35	\$21.39	\$1.04	5%
Sewer Charge	\$34.13	\$35.83	\$1.70	5%
Total	\$54.48	\$57.22	\$2.74	5%

Central Regional Wastewater System Fund

The Central Regional Wastewater System Fund adopted expenditures are \$26.5 million which is \$2.9 million more than the FY 2015 Amended Budget. The large customer wastewater rate will increase to \$1.80 per 1,000 gallons. The Adopted Budget includes \$56,000 for a Clerk I position at the George T. Lohmeyer Wastewater Treatment Plant. It is anticipated that by the end of FY 2016, the Central Regional Wastewater System Fund will have a reserve balance of \$3.5 million.

Sanitation Fund

The Sanitation Fund adopted expenditures are \$25.4 million, which is \$800,000 more than the FY 2015 Amended Budget. The Adopted Budget includes \$5,000 for an automated cart cleaning system, \$75,000 for a sanitation rate study, and \$17,000 to bring the remaining areas of outsourced bulk trash pickup in-house. Sanitation rates will remain the same as FY 2015 and by the end of FY 2016 the Sanitation Fund is estimated to have approximately \$8.8 million in reserves and available fund balance.

Self-Insured Health Benefits Fund

The City managed self-insured health programs are funded through insurance charges to employees and retirees along with a City contribution on behalf of employees. The Self-Insured Health Benefits Fund adopted expenditures are \$24.4 million, which is \$300,000 less than the FY 2015 Amended Budget. The Adopted Budget includes \$50,000 for a health plan audit. In 2013, the City opened a health and wellness center to provide insurance participants with convenient access to health care. Through this initiative, the City has experienced a decrease in the cost of health claims from other providers. We have also received continuous positive feedback from our employees regarding this enhanced benefit. It is anticipated that by the end of FY 2016, the Self-Insured Health Fund will have an estimated reserve and available fund balance of \$450,000.

Central Services Fund

The Central Services Fund adopted expenditures are \$23.1 million, which is \$3.4 million more than the FY 2015 Amended Budget. The Adopted Budget includes \$4.5 million for the new Enterprise Resource Planning System, \$20,000 for ISO 9000 certification software, \$477,000 for infrastructure upgrades, \$90,000 for Police system interfaces and data access, \$47,000 for 300 Kronos timekeeping licenses and maintenance, \$91,000 to replace a Client Management module, \$180,000 for Criminal Justice Information Services (CJIS) remote site encryption network, \$80,000 to address horizontal threats, \$35,000 to reclassify a part-time Senior Accounting Clerk to full-time, and \$471,000 for six (6) new positions: Contract Administrator, two Administrative Aides, a Data Warehouse Analyst, a Technical Support Analyst, and a Network Support Technician. It is anticipated that by the end of FY 2016, the Central Services Fund will have an estimated fund balance of \$2.2 million.

Parking System Fund

The Parking System Fund adopted expenditures are \$18.1 million, which is \$1.5 million more than the FY 2015 Amended Budget. The Adopted Budget includes \$5,500 for position reclassifications, \$21,000 to convert two part-time Meter Mechanic Trainees to full-time, \$112,500 for an Assistant Parking Service Manager, \$154,500 to replace single space parking meters with multi space meters, \$55,000 to paint handrails in City Park Garage, \$23,000 to convert a part-time Customer Service Clerk to a full-time Administrative Aide, and \$25,000 to upgrade the Citation Management System. It is anticipated that by the end of FY 2016, the Parking System Fund will have reserves and available fund balance of approximately \$6.7 million.

Vehicle Rental (Fleet) Fund

The Fleet Fund adopted expenditures are \$18 million, which is \$3.2 million less than the FY 2015 Amended Budget. The Adopted Budget includes \$225,000 for Phase II of the City's Automatic Vehicle Location (AVL) Program, \$31,000 for Environmental and Sustainability Management System (ESMS) initiatives, \$365,000 to replace expired ballistic door panels in police vehicles, and \$90,000 for a new Automotive Equipment Engineer. It is anticipated that by the end of FY 2016, the Vehicle Rental Fund will have vehicle replacement reserves and fund balance of \$11.5 million. This replacement reserve is predominantly for the General Fund with a small portion dedicated to the Building for future vehicle replacements.

City Property & Casualty Insurance Fund

The Property/Casualty City Insurance Fund adopted expenditures are \$15.1 million, which is \$2.7 million less than the FY 2015 Amended Budget. The Adopted Budget includes \$61,000 for a new Insurance Benefits Specialist and \$46,000 to convert a Clerk I from part-time to full-time temporary. This budget provides for the coverage of workers' compensation, police liability, employment practices liability, auto liability, property damage and general liability. The fund maintains a reserve of 100% of the actuarially calculated liability. It is anticipated that by the end of FY 2016, the City Property and Casualty Insurance Fund will have an estimated available fund balance of \$4 million.

Stormwater Fund

The Stormwater Fund adopted expenditures are \$12.4 million, which is \$1.9 million more than the FY 2015 Amended Budget. The adopted rate of \$6.00 for residential properties with three units or less is a \$1.90 increase from the FY 2015 rates. This rate increase is critical to the continued success of the Stormwater Management program. Staff is currently working with a consultant to prepare a Stormwater rate study in order to update the Stormwater fee. The new rate structure is expected to yield a bifurcated rate where neighbors would pay a base fee for the basic Stormwater Program service provision and an additional fee if the property resides in close proximity to coastal waterways where they could be subject to saltwater infiltration and sea level rise. The Adopted Budget includes \$97,000 for two new Service worker positions, \$246,000 for a new vacuum and jet truck, \$44,000 for renewal of the National Pollutant Discharge Elimination System Permit (NPDES), and \$168,500 for equipment and repairs. It is anticipated that by the end of FY 2016, the Stormwater Fund will have a reserve and available fund balance of \$7.1 million.

Stormwater Fee Effect of Monthly Increase on Neighbors

Stormwater Charge	Old Rate	Proposed Rate	\$ Change
Residential <= 3 Units	4.10/unit	\$6.00/unit	\$1.90/unit
Commercial, Industrial, and Residential > 3 Units	\$41.33/acre	\$60.48/acre	\$19.15/acre
Vacant Land, Parks, and Well Fields	\$13.10/acre	\$19.17/acre	\$6.07/acre

Building Funds

The Building Funds have adopted expenditures of \$14.7 million, which is \$193,000 more than the FY 2015 Amended Budget. The Adopted Budget includes \$1,285,200 for 16 additional positions to address the sustained heightened permit activity: Technology Integration Project Manager, Floodplain Management Inspector, Customer Service Representative II, Senior Structural Plans Examiner, two Structural Plans Examiners, Building Inspector II, Engineering Inspector II, Personnel Analyst, two Service Clerks, Plumbing Inspector, Plumbing Examiner, Customer Service Representative, Senior Accounting Clerk, and Electrical Inspector II. It also includes \$11,800 to convert a part-time Service Clerk to full-time, \$60,000 for a Radio Frequency Identification Device (RFID) program, \$55,000 for parcel improvement tracking software, and \$22,600 to assign a vehicle to the Building Official. The chart below represents the number of permits issued as compared to the construction value over the last six years. It is anticipated that by the end of FY 2016, the Building Funds will have a combined total of \$32.2 million in reserves and fund balances.

Housing and Community Development Grants Fund

In FY 2016, the City anticipates receipt of \$9.8 million in Federal Entitlement Funds: \$1.5 million from Community Development Block Grant (CDBG), \$453,289 from Home Investment Partnerships (HOME), \$7.0 million from Housing Opportunities for Persons with HIV/AIDS (HOPWA), and \$822,000 from the State Housing Initiative Partnership (SHIP) program.

These Housing and Community Development programs benefit our neighbors through quality affordable homes for all, strengthening the housing market to bolster the economy, and improving the overall quality of life for our neighbors. These programs are 100% grant funded with no contribution from the City. CDBG funds provide flexibility to address quality of life issues in the communities of Fort Lauderdale including housing, public service needs, public facility needs, and economic development. HOME funds are used primarily to address housing assistance to eligible homeowners, agencies, renters, and homebuyers. Assistance is provided in the form of down payment assistance or housing rehabilitation loans. HOPWA provides funding for housing assistance, social services, program planning and development costs for targeted special needs clients who are diagnosed with HIV/AIDS. SHIP funds are used primarily for single-family housing rehabilitation grants, down payment assistance, and utility hook-up assistance.

Airport Fund

The Airport Fund adopted expenditures are \$10.4 million, which is approximately \$1 million more than the FY 2015 Amended Budget. The Adopted Budget includes \$30,000 for Environmental Sustainability Management Systems (ESMS) and \$99,000 to replace a skid steer sweeper. It is anticipated that by the end of FY 2016, the Airport Fund will have estimated reserves and fund balance of \$13.2 million.

Community Redevelopment Agency (CRA) Fund

Central Beach

The Fort Lauderdale Central Beach area adopted expenditures are \$7.8 million, which is \$876,000 less than the FY 2015 Amended Budget. With the significant funding programmed for capital projects in this fund, staff is focused on developing proposed designs and moving projects into construction. The Central Beach area is expected to receive approximately \$7.5 million in tax increment revenue in FY 2016.

Northwest-Progresso-Flagler Heights

The Northwest-Progresso-Flagler Heights area adopted expenditures are \$9.2 million, which is \$8.1 million less than the FY 2015 Amended Budget primarily due to a one-time payment for the Wave North Loop, which was accomplished through the issuance of debt. There is significant funding programmed in capital projects to stimulate economic development and revitalization of this area. The Northwest-Progresso-Flagler Heights area is expected to receive approximately \$7.6 million in tax increment revenue in FY 2016.

Central City

The Central City area adopted expenditures are \$100,000 for consultant services to develop standards and criteria for a new mixed-use zoning district within the area. Preliminary taxable values project that \$82,300 in total Tax Increment Financing (TIF) revenue is anticipated during FY 2016. This revenue will be coupled with fund balance to adequately fund the consulting services. This is the first year that expenses are planned for this area.

Arts and Science District Garage Fund

The Arts and Science District Garage adopted expenditures for FY 2016 are \$1.6 million, which is \$444,000 more than the FY 2015 Amended Budget. The 950 space parking garage is located in the Arts and Science District and the City has full and exclusive responsibility for operation and maintenance of the garage. There is no anticipated year-end balance in this fund.

Cemetery Perpetual Care Trust Fund

The Cemetery Perpetual Care Trust Fund adopted expenditures are \$873,700, which is \$329,000 less than the FY 2015 Amended Budget. The Cemetery Fund was established to manage the four City owned cemeteries and provide perpetual care for them. The Woodlawn, Evergreen, Sunset Memorial Gardens, and Lauderdale Memorial Park cemeteries are owned by the City, but are operated and maintained by a private contractor. The resources are comprised of property sales, 19% of each burial/cremation, and \$0.20 per square inch of the base of each monument and/or bench purchased. Funds from this trust fund can only be expended for maintenance of the cemeteries, cost of managing the fund, and capital improvements to the cemetery system. It is anticipated that by the end of FY 2016, the Cemetery Perpetual Care Trust Fund will have a reserve fund balance of \$27.7 million.

Community Investment Plan

The Community Investment Plan (CIP) demonstrates the City's commitment to a prosperous future through the strategic investment in infrastructure related projects to enhance and protect our valued quality of life. This focus on capital planning and successes on the horizon will leave a lasting impact on our neighbors. Quality infrastructure leads to neighborhood enhancement, active and safe public places, and serves as an impetus for business development.

At 104 years young, the City of Fort Lauderdale is proud to be one of the oldest cities in Broward County. With age comes aging infrastructure in critical areas such as City facilities, roads, sidewalks, water lines, drainage systems, and wastewater systems. With the additional challenge of sea level rise, many projects become more complex and more expensive. The Adopted Community Investment Plan articulates our five-year strategy to address infrastructure needs and plan our investment strategies to adequately strengthen our community. For FY 2016, the Adopted CIP includes \$65.8 million in appropriations for 134 projects. The total five-year plan includes 275 projects scheduled to be funded for an estimated cost of \$442 million. Additionally, there are 92 identified projects totaling \$220 million in projects that are considered "unfunded" because there is no known funding source in the next five years for those projects. Identifying these projects as part of the five-year plan allows staff to pursue alternative funding opportunities when, and if, they become available. The companion CIP document provides a detailed description of each project and a funding schedule for the next five years.

Highlights of the capital projects funded in the Community Investment Plan are presented below:

- *Central Regional Wastewater System repairs and replacements - \$7.5 million*
- *Northwest Progresso Flagler Heights Community Investments - \$6.2 million*
- *Stormwater Drainage System Improvements and Design - \$5.2 million*
- *Neighborhood and Community Investment Projects - \$500,000*
- *Enterprise Resource Planning System (ERP) – \$4.5 million*
- *Water and Sewer System Improvements - \$18.9 million*
- *Extensive Beach Area Improvements - \$6.1 million*
- *SE/SW 6 Street Corridor Improvements - \$2 million*
- *Executive Airport Improvements - \$1.1 million*
- *Facilities Maintenance Priorities - \$2.1 million*
- *Parking System Improvements - \$1.8 million*
- *Las Olas Boulevard Safety Project - \$800,000*
- *NE/NW 4th Street Improvements - \$220,000*
- *Fire/Police Boat Replacement - \$1.2 million*
- *Downtown Walkability Projects - \$500,000*
- *New Riverwalk Improvements - \$200,000*
- *Marine Facilities Maintenance - \$350,000*
- *Bridge Repair and Restoration - \$280,000*
- *East Las Olas Street Lights – \$500,000*
- *Street Resurfacing - \$710,000*
- *Sidewalk Repairs - \$1.3 million*

One of the most important categories of capital improvements are projects related to the City's water and wastewater facilities. The City continues to be proactive in making infrastructure investments as recommended under the Water Distribution System Master Plan and the Water Integrated Resources Plan. These investments not only protect the City's valuable investment in its utility infrastructure, but also help to improve water quality, supply, and reliability for customers as well as production capacity.

Significant infrastructure improvements are on the horizon and will likely require prioritization and funding within the next three to five years. Stormwater needs are substantial and the current stormwater rate structure does not support the necessary funding to make the improvements. The General Fund is also challenged with considerable capital requirements and does not have a dedicated revenue source to meet the abundant needs. The CIP clearly illustrates the funding deficiencies and capital projects that are awaiting available funding. We will always have more needs than resources to accomplish them. We remain steadfast in our goal of building community.

Conclusion

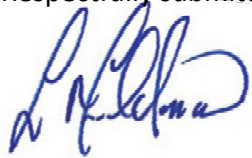

As your City Manager, my objective is to provide high quality services that reflect our community's needs and vision within our fiscal limits. To this end, the FY 2016 Adopted Budget includes funding for a number of programs and infrastructure improvements that will benefit our community long into the future. We must maintain this momentum and continued focus on enhancing long-term fiscal strength and sustainability for the health of our City and for our neighbors. Our strong fiscal policies will allow us to meet the needs of the community today while assuring future generations that they will have the same access to resources and quality of life that we currently enjoy.

Fort Lauderdale is more than just a group of people who happen to live in the same city. We are a strong, proud, and thriving community of neighbors that share both challenges and successes. Moving forward together, our community will continue to be the place that you are proud to call home. I am especially proud of my fellow Community Builders supported by the Mayor and City Commission who remain fully dedicated and unified to unrelenting excellence and life quality in our great City of Fort Lauderdale.

In summary, I have submitted to you a structurally balanced budget that maintains outstanding core services while enhancing service delivery in the areas of public safety, infrastructure, and public places. Collectively, we are investing in our City's future. Moving from good to great requires an army of believers with innovative ideas, passion, and an unyielding commitment to good government. I want to express my appreciation for the diligence of the Mayor and City Commission in engaging with our neighbors, analyzing and understanding the impacts of policy decisions, and identifying priority projects to guide the development of this adopted budget. In addition, I would like to thank the Budget Advisory Board, the Revenue Estimating Conference Committee, the City Auditor's Office, the Community Building Leadership Team, the Budget Coordinators and all of our Community Builders for their efforts to create a comprehensive, strategic, transparent, and meaningful budget. Special thanks to the Budget/CIP and Grants Team; their expertise and dedication to sound fiscal management and careful stewardship of public funds is very much appreciated. The cooperative process undertaken by all of our stakeholders has resulted in a balanced budget that maintains essential City services and an extraordinary quality of life for the neighbors of Fort Lauderdale.

I look forward to working with you, our neighbors, and our community builders to implement the adopted Fiscal Year 2016 Budget.

Respectfully submitted,

Lee R. Feldman, ICMA-CM
City Manager

"I don't believe there's a challenge anywhere in the world that's more important to people everywhere than finding solutions to the problems of our cities." -- Walt Disney

Venice of America

THE CITY OF FORT LAUDERDALE

Incorporated on March 27, 1911, the City of Fort Lauderdale is framed on the east coast of Florida by seven miles of golden sand beaches and bordered on the west by the Everglades. Between the two, the Intracoastal Waterway, the New River, and a canal system reminiscent of Venice wind through the interior.

Encompassing nearly 36 square miles with a population of 176,013, Fort Lauderdale is the largest of Broward County's 31 municipalities and the seventh largest city in Florida.

An advantageous economic climate has helped Fort Lauderdale establish itself as an international business center and one of the most desirable locations for new, expanding or relocating businesses. Once known strictly as a tourism-based economy, today Fort Lauderdale supports a diverse range of industries, including marine, manufacturing, finance, real estate, high technology, avionics, aerospace, and film and television production.

Fort Lauderdale also offers an outstanding quality of life, highlighted by a semi-tropical climate, rich natural beauty, and an array of cultural, entertainment, and educational amenities.

Blessed with over 3,000 hours of sunshine each year and pleasant year-round ocean breezes, world-famous Fort Lauderdale Beach offers premier opportunities for recreation, relaxation, and enjoyment.

The picturesque Riverwalk serves as the cornerstone

of the City's arts, science, cultural, and historic district that features the Broward Center for the Performing Arts, Museum of Discovery and Science, Museum of Art, and Fort Lauderdale History Center.

Las Olas Boulevard has gained international acclaim as Fort Lauderdale's centerpiece of fashion, fine dining, and entertainment.

The City's downtown area is home to many corporate headquarters, government offices, and educational institutions, including Broward College, Florida Atlantic University, and Florida International University.

Through the cooperative efforts of residents, businesses, and local government, Fort Lauderdale has evolved into a City that offers the best of both worlds – an attractive business environment and an outstanding quality of life. Fort Lauderdale is a great place to live, work, and raise a family, and the City looks forward to continuing to build upon its success to meet the challenges of the 21st Century and beyond.

OUR VISION

The City of Fort Lauderdale is committed to improving productivity, streamlining expenses, and developing a stronger, more effective organization. The City has embraced a vision that is based on fiscal responsibility, accountability, high ethical standards, and quality delivery of services. It is a vision that rewards excellence, not mediocrity, and above all, places the people of Fort Lauderdale first.

As the City moves forward, it will continue to work in partnership with its most important asset – its citizens – to develop the strategies necessary to ensure a safe and secure community; provide quality programs and services; enhance quality of life; protect the environment; promote smart growth; and maintain fiscal responsibility.

CITY ADMINISTRATION

The City of Fort Lauderdale has been operating under a Commission-Manager form of government since 1925.

The City Commission is comprised of the Mayor, who is elected at-large, and four Commissioners, who are elected in non-partisan district races. Elections occur every three years and each elected official is eligible to serve three consecutive three-year terms. The next election is March 2018. As the City's legislative body, the City Commission sets policy, passes ordinances, adopts resolutions, and makes appointments to advisory boards and committees.

The City Manager is appointed by and reports directly to the City Commission. As Chief Executive Officer, the City Manager is responsible for directing the City's day-to-day operations and carrying out the policies set forth by the Commission. Lee R. Feldman, Fort Lauderdale's current City Manager, began serving in June 2011.

The City of Fort Lauderdale's reorganized structure is comprised of the offices of the City Commission, City Manager, City Attorney, City Auditor, and City Clerk, along with the following nine departments: Finance, Fire-Rescue, Human Resources, Information Technology Services, Parks and Recreation, Police, Sustainable Development, Public Works, and Transportation and Mobility. The City employs a workforce of approximately 2,338 full-time employees. Five bargaining units represent a substantial number of employees, including: Fraternal Order of Police (FOP), FOP Police Captains, International Association of Fire Fighters (IAFF), International Brotherhood of Teamsters Local 769, and the Federation of Public Employees (Professional and Supervisory).

MARINE INDUSTRY

Marine commerce is the leading industry in Greater Fort Lauderdale and Broward County. It accounts for more than 136,000 jobs and an economic impact of \$11.5 billion.

With more than 300 miles of waterways, state-of-the-art marinas, and leading marine manufacturing and repair facilities, Greater Fort Lauderdale is a world-renowned port of call for the yachting industry.

The City is home to the Fort Lauderdale International Boat Show, the world's largest boat show that generates \$650 million in economic impact each year.

TOURISM INDUSTRY

Tourism is Greater Fort Lauderdale's second largest industry, accounting for more than 168,000 jobs. In 2014, more than 14.3 million visitors selected Greater Fort Lauderdale as their destination of choice and spent in excess of \$11.4 billion. For every 85 visitors to Broward County, it is estimated that one job is created.

TRADE & BUSINESS DEVELOPMENT

Fort Lauderdale has emerged as one of the fastest growing markets for global trade with more than 40% of local businesses engaged in or supporting international commerce. The City remains at the forefront of South Florida's emerging "Internet Coast," a region that is home to more than 6,000 high technology firms.

Ranking Fort Lauderdale as one of the "100 Best Places to Live and Launch a Business," CNN/Money reported:

"...Fort Lauderdale has felt less impact (from the real estate market) than the regions in and around Miami. The hottest businesses here are a reflection of the subtropical climate and locale. Pleasure boat construction and services are a major sector, while the tourism industry, in general, stays strong, thanks in large part to the Canadians and Europeans attracted to the weak dollar. What's more, a 600,000 square-foot convention center plays host to trade shows that bring a variety of industrial leaders from all over the country in contact with local businesses. Besides the usual pleasures to be expected from a city by the sea (sun, surf, sailing and swimming), Fort Lauderdale offers a lively downtown, with museums, galleries, live music, theater and fine restaurants. And for sports-crazed fans, the area is home to professional teams in all five major sports, along with more than 250 sporting events each year.

TRANSPORTATION

The City of Fort Lauderdale offers an extensive transportation network that includes Port Everglades, Fort Lauderdale/Hollywood International Airport (FLL), Fort Lauderdale Executive Airport (FXE), two major railways, highways, a mass transit system, water taxis, and city trolleys.

PORT EVERGLADES

Port Everglades generates \$28 billion worth of business activity and indications show continued growth as the South Florida seaport expands its containerized cargo berths, deepens its navigational channels, and opens an on-port freight rail facility.

Port Everglades generates big economic advantages that flow right into our community, making it an economic powerhouse. Annually, the Port supports 11,700 jobs locally and over 224,000 statewide, and is responsible for producing \$809 million in state and local taxes.

The Port has launched an aggressive 20-year, \$1.6 billion expansion. Major capital projects recently completed or currently underway are creating 7,000 jobs and \$135,000 indirect jobs.

FORT LAUDERDALE/ HOLLYWOOD INTERNATIONAL AIRPORT

Fort Lauderdale/Hollywood International Airport (FLL) is ranked 21st in the United States and serves more than 24.6 million passengers and more U.S. cities than any other airport in South Florida. The Airport offers the lowest domestic fares in South Florida and has more than 300 daily departures to more than 100 destinations in the United States, Latin America, Canada, and the Caribbean.

Passenger traffic at Fort Lauderdale-Hollywood International Airport is estimated to grow between 1 to 3 percent each year over the next several years.

The \$1.4 billion South Runway project was completed in 2014.

Each day, FLL averages 621 commercial flights on 30 airlines with an average of 125 private flights. The total economic impact of the airport is estimated at \$13.2 billion.

FORT LAUDERDALE EXECUTIVE AIRPORT

The Fort Lauderdale Executive Airport (FXE) is centrally located in the heart of the Uptown Business District that provides over 5,000 jobs and contributes more than \$2.1 million in property tax revenue to the City.

Fort Lauderdale Executive Airport boasts a new high-tech control tower that makes monitoring about 500 flights per day even safer. The new control tower, standing at 117 feet tall and costing \$16.4 million, is equipped with the latest radar, communications and weather technology. The 525-square-foot top floor provides controllers with a complete view of the airfield.

The airport serves as the hub to Fort Lauderdale's Foreign Trade Zone 241, which encourages economic development initiatives to promote development of the Industrial Airpark, serves businesses engaged in international commerce in the greater Fort Lauderdale area, and maximizes the City's business retention and attraction of emerging industries.

Located on 1,200 acres of land, the airport is the home of the busiest general aviation US Customs and Border Protection Facility in the nation.

FORT LAUDERDALE DOWNTOWN HELISTOP

The Downtown Fort Lauderdale John Fuhrer Heli-stop is designed to accommodate intermediate category general aviation helicopters with a maximum takeoff weight of 11,900 pounds and a 46-foot rotor diameter. Used extensively by corporate and charter operators, the state-of-the-art facility is situated above the City Park Mall parking garage in the heart of Fort Lauderdale's dynamic downtown.

The Heli-stop features a landing area and one helicopter parking position on a 14,500 square-foot elevated

platform. A fully furnished lobby provides travelers with a comfortable area to converse and conduct business, along with access to plentiful parking and convenient ground transportation. The Heli-stop is an outstanding example of the City of Fort Lauderdale's progressive approach to downtown revitalization and our commitment to providing citizens with efficient transportation options.

SURFACE TRANSPORTATION

The road system in Broward County totals 4,800 miles and includes more than 140 miles of expressways (I-95, I-75, I-595, Florida Turnpike, and Sawgrass Expressway) and approximately 375 miles of divided highways.

The City of Fort Lauderdale is served by three bus lines and two major freight carriers, Florida East Coast Railway and CSX Corporation. The County-operated bus system includes an active fleet of 275 transit vehicles that serve almost 40 million passengers annually.

Tri-Rail, a commuter rail system, provides service along a 72-mile corridor from Miami-Dade County to Palm Beach County. Connecting buses are available at all stations, with designated shuttles at Fort Lauderdale/Hollywood and Miami International Airports, and Palm Tran connections to the Palm Beach International Airport.

The Amtrak Silver Service links Fort Lauderdale to the rest of the nation, including daily trips to New York.

WATER TAXI

Fort Lauderdale features a unique Water Taxi system, which transports passengers daily to and from the downtown area via the City's New River and network of inland waterways.

COMPREHENSIVE HEALTH CARE

A comprehensive network of public and private hospitals serve Fort Lauderdale. Among the area's 24 hospitals are nationally recognized leaders in cardiovascular medicine, childcare, sports medicine, and rehabilitation.

Greater Fort Lauderdale also offers wellness programs, nursing homes, hospices, and mental health facilities, along with over 2,900 physicians and 25,000 nurses.

Broward Health Medical Center is one of the areas leading medical facilities with over 7,000 employees.

EDUCATION

The Broward County Public School District is the largest fully-accredited school district in the country. The school district serves 260,000 students in pre-kindergarten through grade 12. Broward County school leaders are building a state-of-the-art infrastructure that is redefining the scope of education.

Fort Lauderdale offers outstanding opportunities for higher education. Campuses for Florida Atlantic University (FAU), Florida International University (FIU) and Broward College are located in downtown. Both FAU and FIU rank among the nation's top 300 universities according to *U.S. News and World Report's* Annual Survey of America's Best Colleges.

QUALITY OF LIFE

From the blue wave beaches and the exotic Everglades to the winding waterways and chic ease of Las Olas, Fort Lauderdale is a city comfortable with its reputation for being a paradise. The average daily temperature is 77 degrees in the winter and 89 degrees in the summer.

Outdoor activities are endless, with golf courses, parks, playgrounds, miles of coral reefs and plenty of

sunshine. Boating, scuba diving, snorkeling, fishing, and recreational activities are enjoyed by residents, tourists, and business travelers.

The area boasts professional sports teams in football, baseball, basketball, hockey, and soccer. World-class swimming and diving events are hosted at the International Swimming Hall of Fame/Fort Lauderdale Aquatic Complex.

GROWTH AND DEVELOPMENT

The City of Fort Lauderdale has intertwining master plans to help protect neighborhoods by ensuring that new developments adhere to well-balanced guidelines.

The Downtown Master Plan protects residential neighborhoods by directing large-scale, high-rise and high-density developments to the downtown core. The most intensive, commercially oriented development will be concentrated in the mixed-use urban center.

The City aspires to redesign areas so residents may work, shop, learn, worship, and find recreation activities close to home.

The City is encouraging redevelopment that protects history and builds on the unique characteristics and distinct identities of our neighborhoods.

The City aims to encourage redevelopment that is attractive, compatible with neighborhoods, pedestrian-friendly, and transit-oriented.

PROPERTY VALUES

The City of Fort Lauderdale experienced an increase of 9.68% in property values over last year. During the same period, Broward County's property tax base grew 8.08%. According to the Broward County Property Appraiser, the assessed value of taxable property in the City of Fort Lauderdale as of July 1, 2015 is estimated at \$28.5 billion.

DOWNTOWN DEVELOPMENT AUTHORITY(DDA)

The DDA, a special taxing district, was formed to provide for the rehabilitation, redevelopment, and revitalization of downtown. The DDA seeks to provide a critical link between the economic development and physical development objectives of Downtown Fort Lauderdale.

The DDA is overseeing a downtown transportation project, which will include a transit plan that will provide various options for people coming to and traveling within the Downtown Fort Lauderdale. One of the key components of the project is The Wave, a 2.7 mile fixed-rail streetcar system that will link Downtown destinations and points of interest to nearby parking facilities and transit options to connect with adjacent communities. The \$142.6 million project will also include streetscape enhancements, landscaping, wide sidewalks, decorative lighting, and street furniture.

FORT LAUDERDALE COMMUNITY REDEVELOPMENT AGENCY (CRA)

The CRA's Northwest-Progresso-Flagler Heights area directs redevelopment activity in the district by providing targeted infrastructure improvements, assisting the private sector in property development, and providing business assistance and economic incentives to redevelop blighted commercial properties.

As part of the CRA initiatives, the City completed the Sistrunk Boulevard Enhancement and Beautification Project designed to modernize infrastructure, stimulate public and private investment, and create a family-oriented, vibrant retail destination.

The \$15 million project encompasses Sistrunk Boulevard from Federal Highway to N.W. 24 Avenue. The project included reducing portions of the roadway from four lanes to three lanes with on-street parking; placing segments of overhead utility lines under ground; widening sidewalks to enhance pedestrian access and accommodate outdoor dining; incorporating decorative lighting; median and

landscape enhancements; and new bus shelters. The CRA's Fort Lauderdale Beach area oversees capital improvements, redevelopment projects, and business initiatives in a 121-acre area located in the City's central beach district.

The public improvement portion of the Central Beach Master Plan totals \$72 million.

The plans aim to beautify the beach by improving landscape and streetscapes, enhancing pedestrian access, upgrading parks, creating public gathering spaces, adding parking, and developing retail, recreational, and entertainment amenities.

Fort Lauderdale established the Central City CRA in Fiscal Year 2012. Programming and redevelopment for future years, when the tax increment is sufficient, will provide a basis for economic growth and community revitalization in this up-and-coming area of the City.

ECONOMIC DEVELOPMENT

The City maintains proactive, professional economic development programs to address both the attraction of new employers and the expansion and retention needs of existing companies. Working in conjunction with other local, regional, and state organizations, technical assistance and support services are provided to both our current and targeted new businesses and industries.

The City amended its Economic Development Ordinance to promote growth for businesses of all sizes by revising job creation requirements for financial incentives.

The unemployment rate dropped to 4.8% in April 2015, leading the region in new job growth.

Sponsorship and promotion of new, high-visibility events have been pivotal to attracting tourists, City residents, and locals from surrounding cities and communities to downtown Fort Lauderdale and the beach.

Filming in Fort Lauderdale is at an all-time high. Television, film, and entertainment production projects have poured nearly \$40 million into the local economy each year. During the past year, the popular TV show “The Glades” was filmed in Fort Lauderdale along with numerous Telemundo productions. These and other film productions bring hundreds of jobs and stimulate our local economy through direct and indirect spending.

FIRE-RESCUE BOND

Saving lives and property requires vital Fire-Rescue infrastructure. The City of Fort Lauderdale Fire-Rescue Bond Program is providing up to \$40 million to build, renovate, and upgrade 10 Fire-Rescue stations throughout the City to ensure the safety and protection of our citizens today and in the future.

The new stations enhance Fire-Rescue coverage, reduce response time, and help the department maintain outstanding levels of service. The hurricane-resistant facilities provide expanded space and improved security. Residents will benefit from new medical examination and community rooms.

Budget Overview

Budget Overview

The City's structure includes five Charter offices: City Attorney, City Auditor, City Clerk, City Commission, and City Manager. There are also nine (9) operational departments: Finance, Fire-Rescue, Human Resources, Information Technology Services, Parks and Recreation, Police, Public Works, Sustainable Development, and Transportation and Mobility.

The adopted budget is the result of efforts by the Mayor and four City Commissioners, as well as City staff to allocate limited resources to best serve the needs of the City of Fort Lauderdale. The Budget, therefore, reflects the policies adopted by the City Commission in response to the needs and concerns communicated to them by the neighbors of Fort Lauderdale.

The FY 2016 Adopted Budget for the City of Fort Lauderdale, Florida was developed using a modified Program/Performance model. This model enhances the quality of decision-making and provides a vehicle to measure the City's efficacious delivery of services. The budget is intended to serve four primary purposes: a Policy Document, an Operating Guide, a Financial Plan, and a Communications Device.

Policy Document

As a policy document, the adopted budget was developed within the framework of the City's goals, strategic priorities, Community Investment Plan, and financial and budgetary policies. The information contained in this document allows policy makers an opportunity to review recommendations to address long-term goals for sustainability of the City and its services.

Operations Guide

As an operations guide, the adopted budget describes programs, services, and functions performed by each department. Departmental

goals, objectives, and performance indicators are provided for each program. An organizational chart is provided to show the City is structured for collaboration and interdepartmental coordination work. In addition, a two-year comparison and analysis of staffing is included.

Financial Plan

As a financial plan, the adopted budget outlines the City's fiscal resources. This document displays projected revenue and expenditures for all operating funds. A five-year financial analysis is provided for the major revenue and expense categories.

Communications Device

The budget is designed to clearly communicate information by using text, tables and graphs to summarize data for the reader. The document describes the budget process for developing, reviewing, adopting, and amending the budget. The Appendix section provides a glossary and list of acronyms to enhance reader understandability. This document can be accessed through the Internet at <http://www.fortlauderdale.gov>. Should you have any questions about the City's adopted budget, please feel free to call the Budget/CIP and Grants Division at (954) 828-5425.

Budget Development Process

The budget process is a collaborative effort between the City Commission, City Manager, community builders, and neighbors to strive to meet the needs of the community at a reasonable price. Every City Commission meeting involves deliberation about what services the City should provide, at what level, and at what price. The decisions made by the City Commission throughout the year provide a general path for budget deliberations to follow. City employees provide the perspective of professionals as to the most efficient and effective way to implement Commission policy. Neighbors have the opportunity to express their preferences for City services and funding mechanisms through formal budget public hearings as well as at individual City Commission meetings during the year.

The budget process is comprised of five stages: forecast, request, review, adoption, and monitoring. These steps often overlap one another because the City is always operating in one fiscal year while developing the next.

Forecast stage - This is the beginning step in the development of the next year's budget. The City Commission will set initial priorities and provide guidance for the process. Budget staff will prepare payroll projections, revenue and expense worksheets, and additional supplemental data. This stage is overlapped with the development of the Community Investment Plan.

Request stage - This stage commences after departmental staff receive guidance and training. Departmental staff will begin developing their revenue and expenditures budgets based upon City Commission priorities, needs of the community, financial trends, and projections. Staff will input the projected budgetary data into the budget preparation module and complete budget forms that complement the budgetary data. Departments will have an opportunity at this stage to request additional resources or departmental reorganization at this time.

Review stage - This stage provides for the evaluation of departmental budget modification requests. Budget staff will review and conduct an analysis at the most detailed level of a department's revenues and expenses. During this stage, City Management will meet individually with each department to review their budget requests and to better understand their priorities. During the months of May and June, the City Manager will meet with departments frequently to discuss the decisions necessary to prepare a proposed, balanced budget.

Proposed Budget stage - In July, the City Manager presents the proposed budget to the City Commission per City Charter requirements. At this step in the development of the budget, the City Commission must set a maximum millage rate that will be provided to the Broward County Property Appraiser for inclusion as a preliminary millage in the State-required "Truth in Millage" (TRIM) notice sent to all property owners.

Adoption stage - The City Commission holds two public hearings to tentatively adopt the millage and the budget during the month of September.

Monitoring (Review/Preview) stage - This occurs year round. In October, the adopted budget and authorized positions are loaded into the financial system. Throughout the fiscal year, departmental and Budget staff review purchases and personnel requisitions, access financial information on-line, and monitor City Commission agendas for financial impacts. Monthly financial reports are prepared and distributed to the City Commission and departmental staff. The Budget Team meets with departmental Budget Coordinators on a quarterly basis to review what has occurred during the last quarter and discuss the upcoming concerns or issues for the next quarter or upcoming budget process.

Budget Calendar

January

- Prepare training documents used for budget development
- Finalize budget process
- Begin/complete interim reviews with each department and discuss reorganization and temporary positions

February

- Budget kickoff occurs with all forms and spending guidelines distributed
- Community Investment Plan (CIP) kickoff and training

March

- Departments prepare budget and CIP requests

April

- Budget Office provides budget preparation assistance to the departments
- Departments submit budget requests

May

- Budget Office and City Management formal budget review with departments
- Budget Advisory Board review with departments

June

- Broward County Property Appraiser provides preliminary property valuation
- Community Building Leadership Team receives update of budget development

July

- Broward County Property Appraiser certifies the property tax roll on July 1
- Completion of budget balancing
- City Manager presents the proposed budget, Community Investment Plan, and five-year financial forecast to the City Commission
- City Commission adopts a proposed millage to be advertised in the Truth in Millage (TRIM) notice

August

- Certification of Proposed Millage and non-ad valorem fees to the Property Appraiser
- Property Appraiser distributes TRIM notices to all property owners
- Prepare for public hearings

September

- City Commission holds 1st and 2nd public hearings to adopt the millage and budget
- Certification of the Non Ad valorem Assessments to the Property Appraiser
- Certification of the final millage with the Property Appraiser and State of Florida Department of Revenue within 3 days of final adoption

October

- Beginning of new Fiscal Year
- Prepare Truth in Millage (TRIM) compliance packet for Florida Department of Revenue
- Review GFOA requirements for submission for the budget awards program

November

- Prepare Adopted Budget Document

December

- Publish Budget Document

Budgetary Basis

The budget is adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP) with the following exceptions:

- Advances from other funds are presented as revenues.
- Encumbrances, advances to other funds, and principal on long-term debt of proprietary funds are presented as expenditures or expenses.
- Depreciation and compensated absences are not budgeted in any funds.

The basis of accounting for governmental funds is modified accrual. Under the modified accrual basis, revenues are recognized when they become susceptible to accrual, i.e., measurable and available to finance the City's operations. Available refers to collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

Expenditures (decreases in net financial resources) are recognized in the accounting period in which the related fund liabilities are incurred, as long as they are measurable. An exception to this is long-term debt and the long-term portion of accumulated compensated absences and longevity pay, which are recognized when due. Budgetary expenditures include expenditures adjusted for encumbrances at fiscal year-end and principal on long-term debt of the proprietary funds.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as a guide. There are, however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the City; therefore,

revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. The resources are reflected as revenues at the time of receipt or earlier if susceptible to accrual.

The major utility taxes and franchise fees are recorded as revenues when earned. Licenses and permits, fines and forfeitures, charges for services, and other revenues (except investment earnings) are recorded as revenues when received in cash because they are generally not measurable until actually received. Property taxes are recorded as revenues in the fiscal year levied, provided they are collected in the current period or within sixty days thereafter. Those remaining uncollected are recorded as deferred revenues. Investment income is recorded as revenue when earned. Special assessments are recorded as revenues only to the extent that individual installments are considered available.

The accrual basis of accounting is utilized by proprietary funds and pension and nonexpendable trust funds. Under the accrual basis, revenues are recognized in the accounting period in which they are earned, if objectively measurable, whether collected sooner or later. Expenses, not expenditures, are recognized when the benefits of costs incurred are deemed to have been consumed or expired. Long-term liabilities are accounted for through those funds. Depreciation of fixed assets (including capital outlay equipment purchased in the operating budget) is recorded in the accounts of these funds as well on the straight-line basis over the following useful lives: buildings (40-50 years), improvements (20-50 years), and equipment (3-15 years).

Financial Integrity Principles and Policies

As stewards of public funds, the City of Fort Lauderdale must ensure the proper handling of finances, utilize best practices, and deliver high quality services by providing an overarching outlook to guide the City, thereby preserving the integrity of the organization and providing financial sustainability.

The financial integrity of the City of Fort Lauderdale is of utmost importance and adopting a set of principles is a key element to maintaining this integrity. The financial integrity principles outlined in this document set forth the basic framework for the overall fiscal management of the City. This document contains high-level principles that shall govern the City's financial management. Detailed policy direction is set forth in separate policy documents as described herein.

The financial integrity principles will be reviewed and updated as necessary, but will be comprehensively evaluated at least every five years. The adopted City of Fort Lauderdale financial integrity principles and supporting policies are outlined below:

Principle I: Sound Budgeting Practices

Supporting Policies

- A. Revenue Estimating Conference Process
- B. Cost Recovery
- C. Grants/Reimbursement
- D. Inter-Fund Borrowing
- E. Proprietary Funds - Working Capital
- F. General Fund - Fund Balance
- G. Structurally Balanced Budget
- H. Budget Adjustment and Amendment
- I. Allocation of Overhead Cost

Principle II: Prudent Fiscal Management

Supporting Policies

- A. Revenue Collections
- B. Purchasing
- C. Fixed Assets
- D. Procurement Card (P-Card)
- E. Risk Management
- F. Cash Management
- G. Financial Oversight and Reporting

Principle III: Cost Effective Operations

Supporting Policies

- A. Performance Management
- B. Financial Transparency
- C. Business Continuity Preparedness
- D. Travel Policy
- E. Full Cost of Service

Principle IV: Long-term Financial Planning

Supporting Policies

- A. Investments
- B. Multi-year Community Investment Plan
- C. Multi-year Financial Forecast
- D. Debt Management
- E. Capital Maintenance, Renewal, and Replacement

Financial Policies

GENERAL FINANCIAL POLICIES

The purpose is to provide overall financial guidance for the City of Fort Lauderdale, and serve as a basis for future financial decision-making.

General Guidelines

- Current, recurring revenues equal current, on-going expenses (Balanced Budget).
- One-time revenues can be used to build up the un-assigned fund balance or be used for truly one-time expenses without impacting service levels.
- Any year-end surplus should be directed to the un-assigned fund balance and not used to finance recurring expenses in the following fiscal year.
- Capital improvements should be financed from current revenues, but may be financed by prudent use of debt instruments that provide for a pay-back period, which does not exceed the life of the improvement. Once the City has borrowed for such improvements, debt service becomes a current expense to be covered by recurring revenue.
- Internal service funds are used by the City to provide services within the City organization. Examples include fleet, print shop, radio communications, telephones, and insurance. Charges to City departments should be set to cover all costs. They should have sufficient reserves to cover fluctuations or long-term liabilities such as vehicle replacement and insurance claims.

Fund Balance Levels and Appropriation of Fund Balance

- Unrestricted Fund Balance is defined as the total of committed fund balance, assigned fund balance, and unassigned fund balance, which include only resources without a constraint on spending or for which the constraint on spending is imposed by the City.
- Maintaining a prudent level of unrestricted fund balance is necessary to protect the City against reducing service levels, emergencies or natural disasters, unanticipated economic downturns, or unpredicted one-time expenditures.
- The Commission adopted a recommendation from the Budget Advisory Board to maintain the unrestricted fund balance for the General Fund at a level that is equivalent to two (2) months of operating expenditures and required transfers. Should the projected or actual unrestricted fund balance fall below this minimum, a plan will be submitted for consideration to achieve the minimum level within a three-year period. This plan will include a combination of cost reductions, revenue enhancements, and/or service reductions and should be submitted within 30 days of recognition of the fund shortfall. Use of fund balance below the recommended threshold is permitted only in case of an emergency, or in the case of an unanticipated economic downturn, which causes a material loss of revenues. Non-recurring revenues shall not be used to balance the annual budget for recurring expenses.

Financial Policies

Funding of Self Insurance Fund

- City managed, self-insured programs are to be funded through fees recovered through the user departments including administrative costs and reserves. These self-insurance programs include workers' compensation, certain health plans, police and employment practices and general liability.
- It is the policy of the City that the self-insured programs of the City be fully funded. An actuarial study will be performed each year. Any current or future deficits that may occur in the workers' compensation or general liability programs will require a financial plan which will require that the fund deficit be eliminated within the next three years. The plan will include options such as increased department contributions, transfer of available equity reserves from other self-insurance programs or transfers from other funds available as a means to fund the deficit.

Community Investment Plan (CIP)

- The City currently prepares a 5-year Community Investment Plan with each annual budget. The plan serves as a general planning guide for the construction of general purpose and utility facility improvements in the City. This provides the City Commission with an assessment of capital needs. Annual contributions to this program from the General Fund are required to maintain facility and infrastructure requirements.
- It is the policy of the City that annual contributions to this program from the General Fund are at a minimum of 1% of the total General Fund expenses. Additional contributions may be made

during the fiscal year through budget amendments as desired projects and funding sources become available. However, additional funding from the General Fund will not be permitted if the use of fund balance causes the unrestricted fund balance to fall below the minimum requirement. The City Manager may pursue alternate methods of funding these projects through federal, state, or local grants, or other innovative financial options (public/private partnerships).

- The construction of new facilities or buildings and other types of infrastructure or the annexation of property may require additional future operating costs to staff and maintain the facility or property. The costs of staffing and maintaining the facility or property and any associated revenues should be considered prior to construction of the facility or annexation of the property.
- It is the policy of the City that all capital projects or other long-range projects (annexation of property, tax increment areas, etc.) contain economic evaluation providing information on the potential operating impacts of the project. The evaluation should include any savings or incremental revenue resulting from the project, as well as any new costs.
- No capital project should be funded unless an economic evaluation has been completed and the necessary funds can be reasonably assumed to be available when needed.

Financial Policies

Operating Capital Outlay

- Capital outlay needs can also be provided through department line item budgets. This type of capital expenditure includes equipment replacement, hardware and software needs and other minor facility or building improvements.
- It is the policy of the City to fund operating capital needs from current revenues. The City will include in the operating budget those operating capital needs that are considered “critical” to functional operations of City services. Financing the purchase through bonds, notes or an interfund advance is an option only if the debt service required to pay back the debt can be made from current revenues (does not require the use of fund balance in future years).

Enterprise Funds

- The City provides a wide variety of services to the residents and visitors including water and sewer, solid waste, storm water, parking facilities, and an executive airport. The cost of these services approximates 42% of the City’s annual expenditures. The City Commission establishes rates for the use of these services and periodically adjusts the rates based upon user fee rate analyses.
- It is the policy of the City in regards to enterprise funds to establish user fees at an amount sufficient to cover all costs, including indirect costs and any debt service related to investment in these facilities, and to provide for reasonable reserve levels. The City Manager is responsible for conducting periodic reviews of the financial performance of these funds to ensure user fees are adequate, costs are justified, and reserve balances are

sufficient to provide for future operations. The City Commission recently adopted a policy to conduct an analysis and review the user fees on a bi-annual basis.

DEBT POLICIES

The City has established policies regarding the utilization of debt instruments. The principal use of debt by the City has been for making capital expenditures. Because the use of public capital stretches over many years, it is appropriate that those who enjoy the benefits should also pay the costs.

The City Commission has issued debt for recapitalization of existing assets, most of the Water and Sewer Master Plan, the replacement of nine existing fire stations, and the addition of one new fire station.

The solid financial position of the City along with application of the most current financial management practices has permitted the City to obtain very favorable bond ratings and consequently, lower interest rates.

The City has adopted the following policy statements as guidelines for the use of debt:

- No borrowing of short-term debt for support of routine operations is to be used unless borrowing can be obtained at a lower rate of interest than invested funds and funds are not available for the routine operations.
- Debt payment shall not exceed the anticipated useful life of an improvement and in no case exceed 30 years.
- Bond issues shall be scheduled to level annual debt service requirements so that borrowing costs are minimized. This may

Financial Policies

be modified based on the express purpose of spreading improvement costs equally over a long period of time so that future citizens become responsible for portions of the cost.

- With each bond offering and at least annually, the City shall fully disclose its financial position and fiscal management practices.

BOND RATINGS

A summary of the City's bond ratings for outstanding long-term debt is as follows:

General Obligation

Moody's: Aa1

Standard & Poor's: AA+

Special Obligation

Moody's: A1

Standard & Poor's: AA

Water & Sewer Bonds

Moody's: Aa1

Standard & Poor's: AA+

General Obligation Bonds are secured by the full faith and credit of the City. The outstanding General Obligation Bonds will be repaid from ad valorem taxes.

Special Obligation Bonds are secured by pledged funds consisting of non-ad valorem revenues.

AMENDMENT/TRANSFER POLICIES

The City's annual operating budget is approved by the City Commission at the fund and department level. Any change in the budget, change between departments, or a change between funds is considered an amendment and must be approved by the City Commission. The City Commission also approves all allocations from General Fund Contingencies.

Budget Transfers are changes to the budget within a department and fund. This process provides for ongoing adjustments to the operating budget and enhance reporting and control over expenditure/revenue items but does not impact the bottom line adopted budget for that department. The City Manager has the delegated authority to approve Budget Transfers.

Fund Descriptions

Governmental Fund Types

Governmental Funds are those through which most governmental functions of the City are financed. The funds are fiscal and accounting entities with a self-balancing set of accounts recording cash and other financial resources along with all related liabilities and residual equities or balances and related changes. The acquisition, use, and balances of the City's expendable financial resources and the related liabilities (except those accounted for in proprietary funds) are accounted for through governmental funds. The measurement focus is on determination of changes in financial position, rather than net income. The following are the City's governmental fund types:

General Fund - The General Fund is the general operating fund of the City. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. The general operating expenditures, fixed charges, and capital improvement costs that are not paid through other funds are paid from the General Fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) requiring separate accounting because of legal and/or regulatory provisions or administrative action. Funds of this type are:

- Beach Business Improvement District (BID)
- Building Certification Maintenance
- Building Permits
- Building Technology Funds
- Community Redevelopment Agencies (CRA)
- Housing & Community Development (HCD)
- Police Confiscation Funds

- School Crossing Guard Fund
- State Housing Initiative Program (SHIP)
- Sunrise Key Neighborhood Improvement District

Debt Service Funds - Debt Service Funds are used to account for the annual payment of principal, interest, and other expenditures on general long-term debt, other than bonds payable from the operations of the enterprise funds. Funds of this type are:

- General Obligation Bonds
- Special Obligation Loans
- Tax Increment Revenue Bonds

Capital Projects Funds - Capital Projects Funds are used to account for financial resources segregated for the acquisition or construction of major capital facilities other than those financed by enterprise operations. Specific appropriations for these funds are summarized in the Community Investment Plan.

Fund Descriptions

Proprietary Fund Types

Proprietary Funds are used to account for the City's ongoing organizations and activities which are similar to those often found in the private sector. Following are the City's proprietary fund types.

Enterprise Funds - Enterprise Funds are used to account for operations that provide a service to citizens, financed primarily by a user charge, and where the periodic measurement of net income is deemed appropriate for capital maintenance, public policy, management control, accountability or other purposes. Funds of this type are:

- Central Regional Wastewater
- Executive Airport
- Parking
- Sanitation
- Stormwater Management
- Water and Sewer

Internal Service Funds - Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments of the City or to other governmental units. Funds of this type are:

- Central Services (Information Technology Services)
- City Insurance
- Health Benefit Insurance
- Vehicle Rental (Fleet Management)

Other Fund Types

In the City's accounting system, there are other fund types. These funds are fiduciary funds and account groups.

Fiduciary Funds - Fiduciary Funds are used to account for assets held by the City in a trustee capacity for individuals, private organizations, other governmental units, and/or other funds. Funds of this type are:

- Arts and Science District Garage
- Cemetery Perpetual Care
- General Employees Pension
- Police & Fire Pension

Contributions to the pension plans and deferred compensation are reflected in the adopted budget. The City does not contribute funds to the Cemetery Perpetual Care Fund because the function is privatized and the revenue is shared. The Arts and Science District Garage, while managed by the Transportation and Mobility staff, is handled as a separate function on behalf of the Performing Arts Center Authority and the Downtown Development Authority.

Fund Highlights

Airport System Fund

The Executive Airport Division of the Transportation and Mobility Department (FXE) develops, operates, and promotes Fort Lauderdale Executive Airport and Industrial Airpark, the John Fuhrer Downtown Helistop, and Foreign-Trade Zone #241. The Airport's mission is to attract businesses to the area and help those businesses prosper while being a benefit to the community.

Executive Airport is unique in the Southeast in that it offers a 24-hour Federal Aviation Administration (FAA) Air Traffic Control Tower, an Instrument Landing System, a 6,000-foot runway, Aircraft Rescue and Fire Fighting services, U.S. Customs and Border Protection, 24-hour security, and a Police substation on property. The development of the facility reflects trends in business and leisure activity in the surrounding community and parallels the history and growth of the City of Fort Lauderdale.

This award-winning facility is home to over 800 based aircraft, including 286 jets and 25 helicopters; which is more than any other airport in the Southeastern United States. Five fixed-base operators provide a full spectrum of services, including fueling, avionics, maintenance, charters, aircraft sales and leasing, and air ambulance. It is important to note that each based aircraft

represents significant capital and operating investments by a local business or individual that has chosen Fort Lauderdale as their home.

The Airport is a major job center, employing over 5,000 people in its aviation and non-aviation properties and provides an estimated \$839 million annual economic impact to the area.

The Airport is self-sustaining, with revenue generated by land leases and fuel flowage fees. The Division administers 45 land leases for both aviation-related and Industrial Airpark parcels on the 1,100-acre property.

A number of Community Investment Projects are currently under development that will continue to enhance the Airport's infrastructure. Some of these projects include:

- Taxiway enhancement projects
- Construction of Inner Perimeter Loop Road
- Airfield Lighting Rehabilitation

The FY 2016 adopted budget and transfers is \$10,433,453.

Arts and Science District Garage Fund

The Performing Arts Center Authority (PACA) is a 950-space parking garage located in the Arts and Science District of the City, the City has full and exclusive responsibility for operations and maintenance of the garage. This is a joint venture with the City, the PACA, and the Downtown Development Authority (DDA). The City has 16% interest, the DDA 42% interest, and PACA 42% interest. The Transportation and Mobility Department, Parking Services Division collects the revenue

Fund Highlights

and manages the garage, and the Finance Department distributes the funds to the DDA and PACA. The City's net income from the garage has historically been zero. At the end of each fiscal year, shares of the net revenue are paid to PACA as a social contribution, not to exceed \$300,000 for the fiscal year. Any revenue collected over the \$300,000 is revenue to the City. The FY 2016 adopted operating budget for the Arts and Science District Garage is \$1,604,622.

Cemetery Perpetual Care Fund

The Cemetery Perpetual Care Fund is established for purposes of managing the City's four cemeteries: Woodlawn, Evergreen, Sunset Memorial Gardens, and Lauderdale Memorial Park. The cemeteries have been owned by the City since 1917, and are operated and maintained by a private contractor. The FY 2016 adopted operating budget for the Cemetery Perpetual Care Fund is \$873,671.

Central Services Fund

The Central Services Fund is established to provide citywide technical resources, deliver customer care, and provide computers, telephones, radios, website, intranet, internet, electronic mail, wireless and mobile communications, business software applications, desktop software applications, training, and supports citywide hardware and software security. This fund supports 375 physical and virtual servers, 75 databases,

and 2,700 email accounts. Core services include the management of integrated applications to effectively deliver City services, such as on-line bill pay for utility services, parking tickets, and recreation registration fees.

In addition, the Central Services Fund is responsible for the around-the-clock applications and security systems, such as voicemail, call center, digital signage, firewall, remote access, and web filtering. The FY 2016 adopted budget and transfers for the Central Service Fund is \$23,052,441.

Community Redevelopment Agency (CRA) Fund

The City has one Community Redevelopment Agency (CRA) with three redevelopment areas: Central Beach, Northwest Progresso Flagler Heights (NWPFH), and the Central City, formerly the Middle River-South Middle River-Sunrise Boulevard district. The purpose of the CRA is to spur redevelopment in areas that would not move forward economically without public investment.

The primary source of revenue for the CRA is the tax increment, which is the millage rates of the City, Broward County, the Hospital District, and the Children's Services Council applied to the increase in the taxable value of property within the CRA since the creation of

Fund Highlights

the agency. However, the revenue sources for the Central City CRA are limited to the tax increment portion from the City of Fort Lauderdale. The Property Appraiser has provided the following final net taxable value amounts as compared to last year:

Area	FY 2015	FY 2016	% Change
Central Beach	\$744.2 M	\$791.1 M	6.3%
Northwest Progresso	\$719.0 M	\$891.2 M	23.9%
Central City	\$169.2 M	\$183.0 M	8.2%

Lauderdale Isles Water Management District Fund

Following the annexation of the Riverland Road area in September 2002, the Lauderdale Isles Water Management District is a special district authorized by Section 197.3632, Florida Statutes to address water quality issues. This district, currently composed of 551 properties adjoining the waterways that run through the Riverland area, continues to levy an assessment of \$15 per parcel for properties within the district for enhancement of their aquatic weed control efforts in their canals. The district proposed their budget in the amount of \$97,852, based upon an assessment of \$15 per property and other revenue sources. The district's budget was proposed at its June 8, 2015 meeting. The TRIM (Truth-in-Millage) notice advises the property owners of this assessment.

Parking Fund

The Parking Fund is a self-sustaining fund, using no tax dollars to fund the parking operation. It includes garages; lots; enforcement; and managerial, administrative, and field personnel. All salaries, benefits, and expenses are paid exclusively from user-based revenues collected from meters, the sales of permits, and citations. Excess revenues are accumulated in the fund balance to finance major reconstruction and rehabilitation projects of the City's garages and parking lots, implementing sustainable features "greening" these facilities without tax dollars or outside financing. The City's parking system includes over 11,000 parking spaces in 4 parking garages and 38 parking lots, as well as on-street parking.

The FY 2016 adopted operating budget and transfers is \$18,115,618. The budget includes a Return on Investment (ROI) of approximately \$2,008,569 to the general fund.

Fund Highlights

Sanitation Fund

The Sanitation Fund supports a full complement of modern solid waste services by providing residential household garbage, recycling, yard waste, and bulk trash collection. The fund also supports household hazardous waste collection events, canal cleaning, lot cleaning and rights-of-way maintenance, public trash receptacles, and street sweeping services. The City's Clean Team is funded through the Sanitation Fund, working to preserve the unique beauty of our City streets and high-traffic areas.

The licensing of private collectors and the collection of franchise fees are included along with large-scale Emergency Debris Management services. The remediation and closure of the Wingate Landfill and Incinerator site has been finalized; however, the City has an obligation to perform ongoing environmental monitoring of the property until 2032. The Sanitation Fund also supports remediation of the closed Lincoln Park incinerator site. The total FY 2016 adopted operating budget and transfers for the Sanitation Fund is \$25,436,624. The budget includes funding for Wingate monitoring costs and site maintenance, sanitation carts, Green Your Routine programs, and expanded bulk collection services.

Stormwater Management Fund

The revenues collected for the City's Stormwater Management Program are used for operating expenses and capital improvements directly related to the management of stormwater, including improvements designed to improve water quality in the City's waterways. The FY 2016 adopted operating budget and transfers for the Stormwater Fund is \$12,405,461.

Stormwater billing will be based on the following:

- Residential property with three units or less will be billed \$6.00 per unit per month.
- Commercial and industrial properties, as well as multi-family residential with four units or more, will be billed \$60.48 per acre, per month.
- Properties with low runoff characteristics, such as vacant land, parks, and well fields, will be billed \$19.17 per acre per month.

Fund Highlights

Sunrise Key Neighborhood Improvement District Fund

In accordance with the State Statute regarding safe neighborhood districts, the Sunrise Key Neighborhood Improvement District Board met on May 7, 2015 and approved a millage rate of 1 mill. This revenue supports an FY 2016 adopted budget of \$76,400.

Vehicle Rental (Fleet) Fund

The City's fleet consists of approximately 1,460 vehicles and rolling stock currently valued at nearly \$78,674,000. The Public Works Sustainability Fleet Services Division oversees four fueling facilities. The FY 2016 adopted budget and transfers is \$18,036,489.

The City of Fort Lauderdale was ranked in the 100 Best Fleets in the Americas as the 36th Best Fleet in 2015. The program identifies peak performing fleet operations reviewing 12 areas of competency. First Vehicle Services (FVS), the department's vehicle maintenance contractor is ISO 9001 Certified and was awarded the "Blue Seal Certification" from Automotive Services Excellent (ASE). For the twelfth (12th) straight year, the FVS Fort Lauderdale operation received this national recognition as an ASE Blue Seal of Excellence repair facility.

In an effort to reduce the City's environmental impact, lower cost and make the workplace healthier and safer for everyone, the Fleet Services Facility known as the Fleet Fenceline is in the process of attaining ISO14001 Certification. The City's Environmental & Sustainability Management System (ESMS) is the framework used to achieve the City's commitment to:

- Pollution Prevention
- Waste Reduction
- Resource Conservation
- Continual Improvement
- Integrating Sustainable Practices into Daily Operations

In an effort to reduce our carbon footprint and modernize the fleet a total of 32.1% of the vehicles scheduled for replacement during FY 2016 are scheduled to be replaced with Ultra Low Emission Vehicles (ULEV).

Water and Sewer Fund

The City supplies water and sewer services on a regional basis for approximately 250,000 residents of central Broward County. Areas serviced by the City's water treatment and distribution system include Fort Lauderdale, Port Everglades, Sea Ranch Lakes, Lauderdale-by-the-Sea, Oakland Park, Wilton Manors,

Fund Highlights

and portions of Davie, Tamarac, and unincorporated Broward County.

The total FY 2016 adopted operating budget and transfers for the Water and Sewer Fund is \$112,386,672. The budget includes additional positions for construction and maintenance of City infrastructure and outsourcing of Geographic Information Systems (GIS).

Effective October 1, 2015, the rates will be increased by 5% based on City ordinance. The impact of the approved rate increase on a residential customer using 5,000 gallons of water monthly amounts to \$2.74, as illustrated below:

Effect of Increase on Base Monthly Water & Sewer Rates (5,000 gallons/month)

5/8 inch meter	Old Rate	New Rate	\$ Change
Water Charge	\$ 20.35	\$ 21.39	\$ 1.04
Sewer Charge	\$ 34.13	\$ 35.83	\$ 1.70
Total	\$ 54.48	\$ 57.22	\$ 2.74

Central Regional Wastewater Fund

The City, through Large User Agreements, operates the Central Regional Wastewater System to provide treatment services for Fort Lauderdale, Oakland Park, Wilton Manors, Port Everglades, Lauderdale by-the Sea, Sea Ranch Lakes, portions of unincorporated Broward County, Tamarac, and Davie. These agreements, necessitated by federal funding requirements, establish the methodology for setting rates to large users. The City Commission establishes a billing rate based upon estimated expenses for the coming fiscal year. At the close of each fiscal year, the fund is audited and the actual rate is determined. If necessary, lump sum rebates or charges are made to adjust the amounts paid during the year.

The Wastewater Large User Regional Advisory Board, as established by City Code, serves in an advisory capacity to the City Commission and the Central Wastewater Region for the purpose of making recommendations regarding rates and modifications to wastewater facilities. The approved rate is \$1.80 per 1,000 gallons.

The FY 2016 adopted operating budget and transfers for the Central Regional Wastewater System are \$26,531,158.

Department Highlights – Funding Enhancements

Highlights of new funding for programs, one-time expenses, or other operational increases for the FY 2016 Adopted Budget are outlined below.

City Attorney – The adopted budget includes \$50,000 for rent litigation office space, \$175,000 for legal services, \$63,500 for a Legal Fellowship Program, and \$30,000 for case management software.

City Manager – The adopted budget includes \$17,000 for ISO 9001 surveillance audit and training, \$96,000 for a citywide communications, \$10,000 for Neighbor Support volunteer office initiatives, \$7,000 for Neighbor Support conferences, \$5,000 for Adopt-A-Neighbor and Neighbor Academy initiatives, \$30,000 for a Zombie Disaster Program, and \$123,500 for two (2) new positions: Senior Performance Analyst and Administrative Aide.

Finance – The adopted budget includes \$75,000 for consulting services to modernize the procurement process, \$50,000 for actuarial audits of General Employees, Police, and Fire Pension Plans, \$25,000 for temporary positions, \$50,000 for a new Customer Service Representative, and \$117,000 for a new Administrative Aide and Customer Service Representative. It also

includes and a new Senior Customer Service Representative position which will be offset with new revenues.

Fire-Rescue – The adopted budget includes \$297,000 for a Peak Hour Rescue Unit and \$11,500 for dive rescue medical evaluations.

Human Resources – The adopted budget includes \$50,000 for a health plan audit, \$61,000 for a new insurance benefits specialist position, \$46,000 to reclassify a Clerk I from Part-time to Full-time, \$66,374 for three (3) new position: Assistant Employee Relations Manager, Training Specialist, and Service Clerk with a portion of the cost offset with a reduction in Actuarial Services, and \$298,000 for four (4) new positions: employment manager, Personnel Analyst, Personnel Assistant and a Service Clerk for recruitment and selection assistance.

Information Technology Services (ITS) – The adopted budget includes \$20,000 for ISO 9000 certification software, \$250,000 for infrastructure upgrades, \$135,000 to expand computer infrastructure at the Emergency Operations Center, \$90,000 for Police system interfaces and data access, \$47,000 for 300 Kronos licenses and maintenance, \$91,000 to replace a client management module, \$92,000 for a new payroll server, \$180,000

Department Highlights – Funding Enhancements

for Criminal Justice Information Services remote site encryption network, \$80,000 to address horizontal threats, \$35,000 to reclassify a Part-time Senior Accounting Clerk to Full-time, and \$470,757 for six (6) new positions: Contract Administrator, two (2) Administrative Aides, a Data Warehouse Analyst, a Network Support Technician and a Technical Support Analyst.

Parks and Recreation – The adopted budget includes \$25,000 for the American Tennis Education Foundation Community Partnership, \$25,000 for security system maintenance upgrades, \$30,000 for the Club 55 Senior Program, \$18,320 to reclassify a Part-time position to a Full-time Production Coordinator at the War Memorial Auditorium, and \$635,800 for four (4) new positions: Parks Foreman, A/C Technician, Municipal Maintenance Worker III, Construction Worker II and funding for contractual workers and supplies for facilities preventative maintenance. It also includes \$17,000 for four (4) new positions: three (3) Municipal Maintenance Worker II's, and a Foreman, to add Bulk Trash Services to Annexed Areas, and \$300,000 to enhance the tree trimming program.

Police – The adopted budget includes \$760,000 for eight (8) additional Police Motorcycle Officers and the elimination of three (3) Public Safety Aides, \$237,000 for

two (2) additional Police horses, supplies, and two (2) additional Part-time Barn Aides. It also includes \$41,000 for four (4) new marine patrol boat engines, \$46,200 for ten (10) new sets of dive gear, and \$72,000 for a new Performance Analyst position.

Public Works – The adopted budget includes \$20,000 for ArcGIS foundational courses, \$10,000 for sustainability marketing campaign, \$31,000 for Environmental & Sustainability Management System (ESMS) initiatives, \$146,000 to replace a Construction Manager Position with three (3) administrative support staff, and \$50,000 to exchange a Clerk I and Administrative Assistant for two (2) Administrative Assistant II positions between the Water & Sewer Fund and the General Fund. It also includes \$75,000 for a Sanitation Fund rate study, \$5,000 for an automated cart cleaning system, \$9,500 for equipment repair and replacements, \$120,000 for new water meters and components, \$180,000 for a closed circuit TV (CCTV) truck, \$84,000 for a portable CCTV, \$200,000 for new vehicles for the large meter replacement crew, \$246,000 for a vacuum and jet truck, \$60,000 for a compact excavator, \$15,000 to replace the existing roof of Stormwater Station I, \$44,000 for the renewal of a five (5) year National Pollutant Discharge Elimination System Permit, \$225,000 for Phase II of the

Department Highlights – Funding Enhancements

Automatic Vehicle Location (AVL) Program, \$365,000 to replace expired Kevlar ballistic door panels on Police vehicles, and \$824,000 for nine (9) new positions: Process Control Engineer, two (2) Service Workers for the Fire Hydrant Program, Utilities Section Plumber, Surveying Operations Supervisor, Clerk I for Waste Water Treatment Plant, Utilities Service Worker III, Utilities Service Worker, Automotive Equipment Engineer, and the equipment and supplies needed for these positions. In addition the adopted budget includes a savings of \$45,000 by reclassifying two (2) Full-time Meter Reader positions into Part-time positions and an Energy Analyst whose position expense will be offset with equivalent savings in energy expense.

Sustainable Development – The adopted budget includes \$150,000 for consulting services to complete the Comprehensive Plan Phase III/Volume I, \$22,600 to purchase a vehicle for the Building Official, \$68,330 for a Senior Code Officer, \$60,000 for Radio Frequency Identification Device (RFID) document and equipment tags, \$100,000 for consulting services for the Central City Community Redevelopment Agency (CRA), \$160,000 for an Urban Land Institute Study, \$55,000 for parcel improvement tracking software, and \$866,300 for eleven (11) new positions: Landscape Plans Examiner, Zoning Associate, Senior Urban Engineer, Technology

Integration Project Manager, Customer Service Representative II, Senior Structural Plans Examiner, two (2) Structural Plans Examiners, Building Inspector II, Electrical Inspector II, and Floodplain Management Inspector. Also adopted is \$7,800 to convert a Part-time Clerk III to Full-time, \$95,500 for an Engineering Inspector II, \$81,000 to fund a Human Resource Personnel Analyst, \$489,600 for six (6) new positions: two (2) Service Clerks, Plumbing Inspector, Plumbing Examiner, Customer Service Representative, and a Senior Accounting Clerk, and \$11,800 to convert one (1) Part-time Service Clerk Position to Full-time

Transportation and Mobility – The adopted budget includes \$50,000 for speed hump striping, \$55,000 to paint handrails at City Park Garage, \$154,500 to replace single space with multi space parking meters, \$25,000 to citation management system, and \$382,000 for four (4) new positions: Assistant Parking Service Manager, Mobility Project Manager, Neighborhood Mobility Planner, and Traffic Calming Coordinator. It also includes \$99,000 to replace a skid steer sweeper, \$26,000 to convert a Part-time Customer Service Clerk to a Full-time Administrative Aide, \$30,000 for ESMS marketing, \$5,500 to reclassify a Parking Enforcement Specialist into an Accounting Clerk, and \$21,000 to convert two (2) Part-time Meter Mechanic Trainee Positions to Full-time.

General Fund – Five Year Financial Forecast

Revenue

Major sources that make up the General Fund total revenue include Ad Valorem/Property Taxes (36.2%), Sales and Use Tax (2.0%), Franchise Fees (7.4%), Utility Taxes (11.9%), Intergovernmental (6.5%), Charges for Services (7.1%), Licenses & Permits (1.0%), Fines & Forfeitures (0.8%), and Miscellaneous (27.1%). The five-year estimates for both revenues and expenditures in this section were taken from the financial forecasting model provided by Burton and Associates during the FY 2016 budget cycle. A description of each revenue source as well as a discussion and outlook for next year follows.

Ad Valorem Taxes

The adopted ad valorem or property tax millage for operating purposes is 4.1193 and generates \$112,747,966 or 36.2% of the General Fund revenue. The tax rate is made up of two components: operating millage rate and voted debt millage rate. A separate debt levy is used to pay debt service costs (principal and interest payments)

associated with the City's outstanding General Obligation Bonds (GOB). Since FY 2012, the revenue collected from the debt millage levy is directly deposited into the Debt Service Fund.

Over the last few years, property taxable values have experienced a slight increase in values as demonstrated in the table above. The City anticipates steady growth over the next few years. For the FY 2016 certified tax roll, taxable property values have increased by 9.68%.

The current outstanding General Obligation debt issues include the General Obligation Fire Bond 2015 (refunded 2005 Fire Bond), and the General Obligation Refunding Bonds 2011A and 2011B. The adopted debt service payment for the 2015 Fire Bond Issue (refunded 2005 Fire Bond) \$1,078,178, which requires a levy of \$1,080,604 and a millage of 0.0399. The adopted debt service payment for the General Obligation Refunding Bonds 2011A is \$1,149,200, which requires a levy of \$1,151,786 and adopted millage of 0.0425. The adopted debt service payment for the General Obligation Refunding Bonds 2011B is \$2,526,500, which requires a levy of \$2,532,185 and adopted millage of 0.0935. The Debt Service levy totals \$4,753,878. The City's combined Debt Service including Special Obligation debt for Pension Obligation Bonds for FY 2016 is \$35,116,667. The adopted combined millage for operating and debt service for FY 2016 is 4.2952, which represents a .46% decrease from the 4.3151 FY 2015 combined millage.

General Fund – Five Year Financial Forecast Revenue

Franchise Fees

This revenue source consists of payments made by Florida Power and Light (FPL), Peoples Gas, and various sanitation contracts for the privilege of constructing upon, and operating within, the rights-of-way owned by the City. The basis for the fees is provided for in long-term agreements for payment to the City

based upon their gross revenue derived from accounts within the City limits, less property tax and minor fees previously paid to the City. Projected FPL and Peoples Gas, and sanitation franchise fees for FY 2016 are \$23,100,000, which represents an increase of 4.1% from the FY 2015 Amended Budget. Beginning in FY 2014, sanitation franchise fees are also being deposited into the General Fund. The FY 2015 estimate for Franchise Fees was \$6,162,019. Due to contractual changes, it is estimated that the sanitation related franchise collector fees will generate \$5,950,000 in FY 2016.

Sales & Use Taxes

Florida Statutes provide for the levy of excise taxes of 1.85% on fire insurance premiums and 0.85% on casualty insurance premiums. These funds are passed through the General Fund as revenue and an expense. Proceeds of these taxes are distributed to eligible municipalities to supplement the Pension and

Retirement Trust funds for firefighters and police officers. The adopted revenue for FY 2016 is \$6,167,319.

General Fund – Five Year Financial Forecast

Revenue

Utility Taxes

This category is comprised of three major components. The largest component is the City utility tax on electricity, charged by FPL to its customers. FPL utility tax is projected to be 52.2% of the adopted FY 2016 utility tax revenues. The second-largest

source for this revenue category is the State Communications Services Tax. This tax represents 32.2% of the adopted FY 2016 utility tax revenue, based upon estimates from the Florida Department of Revenue. The third component of utility tax revenue consists of the combination of the City's utility tax on gas and water utility bills for customers within the City. Water utility taxes increase as water rates and consumption increase. The revenue for FY 2016 adopted budget is \$37,062,850, which represents a 0.8% increase from the FY 2015 Amended Budget.

Charges for Services

This category of revenue is associated with funds received from users of specific services, including fees for fire related inspections, planning, and docks, as well as parks and recreation. The revenue for FY 2016 adopted budget is \$22,230,226, which represents a 3.3% increase from the FY 2015 Amended Budget.

General Fund – Five Year Financial Forecast Revenue

Licenses & Permit Fees

This revenue category includes local business tax receipts issued to authorize businesses to operate within the City limits and development permits issued to authorize building and construction within

the City limits. The revenue for FY 2016 adopted budget is \$3,078,300, which represents a 13.8% increase from the FY 2015 Amended Budget. Fees are projected to remain constant over the next few years.

Intergovernmental Revenue

This revenue source is recurring State shared and County shared revenue. The State of Florida shares

motor fuel, alcoholic beverage license, and sales tax revenue with local governments based on population.

Broward County provides gasoline tax and local business tax receipt revenue. The revenue for FY 2016 adopted budget is

\$20,105,461, which represents a 3.4% increase from the FY 2015 Amended Budget. A slight increase is projected over the next few years for the shared revenue portions.

General Fund – Five Year Financial Forecast

Revenue

Fines & Forfeitures

This revenue category includes fines for traffic and other violations collected by the County on our behalf through the judicial process. This category represents 0.8% of all General Fund resources. The revenue for the FY 2016 adopted budget is \$2,494,713, which represents a 32.9% decrease from the FY 2015 Amended Budget, primarily due to the citywide reduction in red light camera citations through the Red Light Camera Enforcement Program.

Miscellaneous Revenue

This revenue source includes interest earnings, rents, fire assessment fee, return on investments, cost allocation charges, and other direct interfund charges. The fire assessment fee, which appears as a non-ad valorem charge on the tax bill was increased to \$225 per residential dwelling in FY 2014. The miscellaneous

revenue for FY 2016 adopted budget including the Fire Assessment is \$84,619,395, which represents an increase of 2.9% from the FY 2015 Amended Budget.

General Fund – Five Year Financial Forecast

Expenditures

Major categories that make up the General Fund expenditures include: Salaries & Wages (45.0%), Fringe Benefits (17.0%), Services & Materials (10.1%), Other Operating (12.4%), and Capital Outlay (0.2%). The remaining expenditures consist of transfers out of the General Fund to fund debt service and other direct charges from other funds (15.3%). The five year forecast was prepared as part of a long-term financial sustainability analysis during the FY 2016 Budget cycle. A description of each expenditure category as well as a discussion and outlook over the next five years follows.

Salaries & Wages

This is the largest expenditure category and represents 45.0% of all General Fund expenditures, excluding balances and reserves. The major expenses in this category include the following: salaries, other wages, overtime, and longevity. The adopted expenditure for FY 2016 is \$140,098,426, which represents a 4.3% increase from the FY 2015 Amended Budget and includes all contractually obligated wage increases. The projection includes a 2.5% annual increase over the next five years.

Fringe Benefits

This expenditure category includes pension, social security, health care, and retiree health care. The adopted budget for FY 2016 is \$53,101,499, which represents a 1.1% decrease from the FY 2015 Amended Budget. The projection includes a 2.5% annual increase over the next five years. The steep decline from FY 2012 to FY 2013 is due to the issuance of Pension Obligation Bonds in FY 2012 to fund the unfunded liability portion of our annual

contribution to our General Employees Retirement System (GERS) and Police and Fire pensions.

General Fund – Five Year Financial Forecast Expenditures

Services & Materials

This expenditure category includes electricity, gasoline, supplies, equipment, other services, and other utilities. The adopted budget for FY 2016 is \$31,407,306, which represents a 8.6% decrease from the FY 2015 Amended Budget. Over the next five years, the projection is a stable inflationary factor of 1.2% for the cost of supplies and services. The FY 2015 Amended Budget includes

some one time purchases such as professional services, training, and expenses related to the election. The City has embarked on a continuous process improvement program in an effort to streamline and enhance service levels wherever possible.

Other Operating Expenditures

This expenditure includes staff training and certifications, liability and property insurance premiums, information technology inter-fund service charges, fleet related operating charges. The adopted budget for FY 2016 is \$38,634,145, which represents a 3.6% decrease from the FY 2015 Amended Budget. The FY 2015 Amended Budget is higher than the FY 2016 Adopted Budget due to a payment for the Wave Streetcar and insurance premium funds that serve as a pass-through from the State.

General Fund – Five Year Financial Forecast Expenditures

Capital Outlay

This expenditure category includes fixed assets that are durable in nature and cost at least \$5,000 and are typically one-time expenditures. The adopted budget for FY 2016 is \$599,289, which is 0.2% of the General Fund expenditures. Capital outlay is not for capital projects. The Community Investment Plan is a separate budget that is funded through a transfer to

the General Capital Projects Fund. The General Fund Community Investment Plan transfer for FY 2016 is \$8.8 million.

Fund Balance Projections

Ending fund balances are shown for the General Fund and all other funds. The Proprietary Fund balances are a calculated amount since the accounting is different for proprietary funds as compared to governmental funds such as the General Fund. The FY 2015 General Fund adopted fund balance is \$60.7 million, which includes \$889,000 committed to other uses, and a \$4.5 million budget stabilization reserve set up in FY 2013.

The FY 2016 General Fund Adopted Budget is structurally balanced and does *not* include the use of fund balance. At the time of adoption, it was anticipated that by the end of FY 2016, the General Fund would have an available fund balance of \$56.8 million, which included \$870,000 committed to other uses, and a \$4.5 million budget stabilization reserve set up in FY 2013. The total of all combined balances represents approximately 20.2% of the General Fund budgeted expenditures plus required transfers. The FY 2016 All Funds Adopted Budget anticipated that the FY 2016 year-end fund balance would have \$98.1 million. This does not include required reserves, projected at \$112.1 million for FY 2016.

Since the adoption of the FY 2016 budget, the City was notified that it prevailed on an appeal in the amount of \$8.9 million with the Federal Emergency Management Agency (FEMA) over debris removal charges associated with hurricane Wilma in 2006. This action increased the estimated General Fund FY 2016 year-end fund balance to \$67.5 million and the All Funds FY 2016 year-end balance to \$119.8 million.

Integration of the Vision Plan, the Strategic Plan, and the Budget

Fast Forward Fort Lauderdale, Our City Our Vision 2035 is a Vision Plan, the heart of which is our Vision Statement. Our Vision Statement is an inspirational view of the future and what our community wants to become. It is a fusion of the collective values and aspirations that have been expressed by a diverse cross-section of our neighbors over a multi-year citywide initiative. Six themes make up the community vision.

» VISION STATEMENT

WE ARE CONNECTED.

We move seamlessly and easily through a safe transportation system where the pedestrian is first.

WE ARE READY.

We are a resilient and safe coastal community.

WE ARE COMMUNITY.

We are a neighborhood of neighborhoods.

WE ARE HERE.

We are an urban center and a vacationland in the heart of South Florida.

WE ARE PROSPEROUS.

We are a subtropical City, an urban laboratory for education and business.

WE ARE UNITED.

We are a strong and vibrant kaleidoscope of multi-generational cultures, ethnicities, and community partners.

**We are Fort Lauderdale, a community of choice.
We are the City you never want to leave.**

Integration of the Vision Plan, the Strategic Plan, and the Budget

As much as big ideas are the inspiration of *Fast Forward Fort Lauderdale 2035*, action is essential. The City of Fort Lauderdale is making great strides implementing an innovative, results-focused government culture. We use a robust strategy management system to connect planning, budgeting, measuring and improving. *Press Play Fort Lauderdale 2018* connects the dots between the community's long-term vision to its day-to-day operations. A notable 42% of the 1,562 Vision ideas are incorporated in *Press Play Fort Lauderdale 2018*, through 12 goals, 38 objectives, 191 initiatives and 142 performance indicators.

PLANNING

Fort Lauderdale celebrated its Centennial in 2011. As the City reflected on its first century, leaders recognized a need for a unified vision for the next 100 years. The City Commission

embarked on a journey to engage the entire City in the development of a vision that reflected the viewpoints of all stakeholders and could guide future policy and decision making. Led by a City Commission appointed Visioning Committee, the City Manager's Office was charged with carrying out diverse engagement mechanisms that included: Stakeholder Interviews, Open House Meetings, Telephone Town Hall Meetings, neighbor-led Meetings-in-a-Box, a dynamic web based social ideation site ourvisionftl.com, a subject-matter expert Big Ideas event, and a Neighbor Summit. The Vision to be "The City You Never Want to Leave" was unanimously recommended by the Visioning Committee and adopted by the City Commission on April 16, 2013. The Strategic Plan, *Press Play Fort Lauderdale 2018*, is the main vehicle for accomplishing the goals set forth in *Fast Forward Fort Lauderdale 2035*. While the Vision establishes the shared direction of the City, the Strategic Plan establishes how we get there. It is organized through five Cylinders of Excellence:

VISION AND STRATEGIC PLAN: CONNECTING THE DOTS

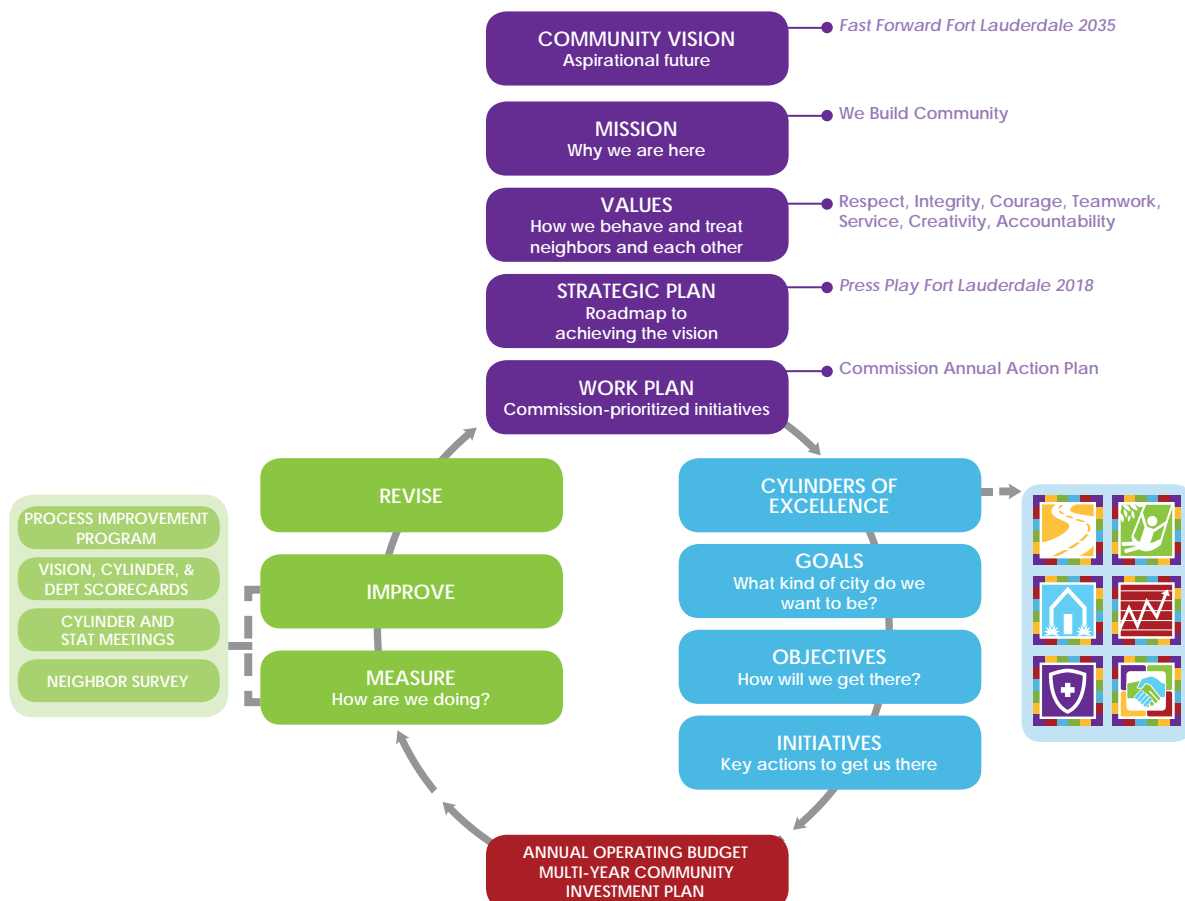

Integration of the Vision Plan, the Strategic Plan, and the Budget

Infrastructure, Public Places, Neighborhood Enhancement, Business Development, and Public Safety; along with the Internal Support Platform. Strategic interdepartmental teams work to further our City's mission: We Build Community. Each Cylinder of Excellence contains two aspirational goals, objectives, initiatives, and performance indicators with five-year targets. These items comprise each team's five-year plan to move the City closer to achieving the Vision: "The City You Never Want to Leave." The Cylinder teams also reference existing and new City plans that are critical to accomplishing our strategic goals. Partners for the Strategic Plan include: City departments, Advisory Boards and Committees, civic groups, and local, regional and national agencies. In the shorter term, Cylinder teams focus on the Commission Annual Action Plan (CAAP), a one-year work plan with specific actions and objectives that reflect City Commission priorities in alignment with the Vision, the Strategic Plan, and the Neighbor Survey.

The CAAP is a product of collaboration and prioritization by the City Commission, the City Manager's Office, and Department Directors. It highlights initiatives of significant importance to the City Commission for the upcoming fiscal year, ensuring that the organization is agile and prompt in its response to an ever-changing environment.

BUDGETING

The Annual Operating Budget is our opportunity to prioritize City resources. Funding should be allocated in alignment with the Vision, Strategic Plan, and Commission Annual Action Plan. While we may not be able to fund all priorities in the upcoming fiscal year, we can make strategic investments in our future. Leveraging community partnerships and seizing grant opportunities will help our dollars stretch and maximize results. The budget process also integrates the strategic alignment of departments. Each department identifies major initiatives and performance

Integration of the Vision Plan, the Strategic Plan, and the Budget

targets; helping decision makers allocate resources for specific service level results. The five-year Community Investment Plan (CIP) includes ongoing projects, new projects, and projects in progress that require additional funding. The CIP also includes a plan for future projects based on expected revenues, bond issuance, and other financing mechanisms. CIP projects are carefully assessed and prioritized by objective criteria and weighting established by the City Commission to ensure the most pressing needs of the community, stakeholders, and neighbors are addressed. Additionally, CIP projects support both the Cylinders of Excellence and the 2035 Community Vision. To remain a vibrant community, we must continually invest in our public infrastructure, which in-turn, creates “place” unique and well-planned improvements that enhance quality of life. This is possible through the proper management and strategic funding of the CIP.

MEASURING AND IMPROVING

At a staff level, Fort Lauderdale uses FL²STAT (FL² - for Fort Lauderdale, Florida) to measure, analyze, improve, and most importantly, make

progress. A connected system of scorecards links the initiatives and performance indicators defined in the Vision Plan, Strategic Plan, Commission Annual Action Plan, Department Budgets, and Process Improvements. Progress is examined and challenges are addressed through routine Cylinder meetings and a monthly ‘all hands on deck’ FL²STAT meeting. The Community Investment Plan and Grants Management are similarly addressed through a monthly CIP-STAT meeting. A Process Improvement Plan (PIP) based in Lean/Six Sigma methodology is a step-by-step approach to systematically assessing, improving, and managing key processes. Feedback is crucial for continuous improvement, both from a listening and sharing perspective. An annual Neighbor Survey provides information about perceptions ranging from City service delivery to quality of life. In addition, feedback is gathered throughout the year, through direct employee interaction with neighbors. As we continue to administer the annual survey, results will alert us where to focus our attention and resources, while also validating targeted improvements. Benchmarking with other cities provides perspective to our performance results, survey results, and national trends. In the same way that the community was engaged in developing *Fast Forward Fort Lauderdale 2035*, the City looks forward to sharing progress and results, while building transparency, accountability, and trust as we work together to implement *Press Play Fort Lauderdale 2018*.

Integration of the Vision Plan, the Strategic Plan, and the Budget

Throughout the FY 2015 Adopted Budget, the reader will find references to the goals and objectives of the strategic plan. This cascading of the strategic plan demonstrates each department's commitment to achieving results that matter to our neighbors.

INFRASTRUCTURE

GOAL 1: Be a pedestrian friendly, multi-modal City.

- IN 1.1 Improve transportation options and reduce congestion by working with agency partners
- IN 1.2 Integrate transportation land use and planning to create a walkable and bikeable community
- IN 1.3 Improve pedestrian, bicyclist and vehicular safety

GOAL 2 Be a sustainable and resilient community.

- IN 2.1 Proactively maintain our water, wastewater, road and bridge infrastructure
- IN 2.2 Reduce flooding and adapt to sea level rise
- IN 2.3 Improve climate change resiliency by incorporating local, regional and mega-regional plans
- IN 2.4 Reduce solid waste disposal and increase recycling
- IN 2.5 Improve air and water quality and our natural environment
- IN 2.6 Secure our community's water supply

PUBLIC PLACES

GOAL 3 Be a community that finds opportunities and leverages partnerships to create unique, inviting, and connected gathering places that highlight our beaches, waterways, urban areas, and parks.

- PP 3.1 Improve access to and enjoyment of our beach, Riverwalk, waterways, parks, and open spaces for everyone
- PP 3.2 Enhance the City's identity and appearance through well-maintained green space, parks, major corridors, gateways, and medians
- PP 3.3 Integrate arts and cultural elements into public places
- PP 3.4 Cultivate our urban forest
- PP 3.5 Work with partners to reduce homelessness by promoting independence and selfworth through advocacy, housing, and comprehensive services

GOAL 4 Be a healthy community with fun and stimulating recreational activities for our neighbors.

- PP 4.1 Offer a diverse range of youth, adult, and senior recreational programming
- PP 4.2 Celebrate our community through special events and sports

Integration of the Vision Plan, the Strategic Plan, and the Budget

NEIGHBORHOOD ENHANCEMENT

GOAL 5 Be a community of strong, beautiful, and healthy neighborhoods.

NE 5.1 Increase neighbor engagement and improve communication networks within and among neighborhoods

NE 5.2 Enhance the beauty, aesthetics, and environmental quality of neighborhoods

NE 5.3 Increase healthy living through locally grown and fresh foods

GOAL 6 Be an inclusive community made up of distinct, complementary and diverse neighborhoods.

NE 6.1 Evolve and update the land development code to balance neighborhood quality, character, and livability through sustainable development

NE 6.2 Ensure a range of housing options for current and future neighbors

BUSINESS DEVELOPMENT

GOAL 7 Be a well-positioned City within the global economic and tourism markets of the South Florida region, leveraging our airports, port, and rail connections.

BD 7.1 Define, cultivate, and attract targeted and emerging industries

BD 7.2 Facilitate a responsive and proactive business climate

BD 7.3 Advance beach resiliency and renourishment

BD 7.4 Deliver best-in-class regional general aviation airport amenities and services to domestic and international stakeholders

GOAL 8 Be known for educational excellence.

BD 8.1 Create a call to action with our partners to elevate our focus on excellent Pre-K through 12th grade quality public and private education

BD 8.2 Develop strategic alliances with business associations, colleges, and universities to connect skills development with jobs

PUBLIC SAFETY

GOAL 9 Be the safest urban coastal city in South Florida through preventative and responsive police and fire protection.

PS 9.1 Prevent and solve crime in all neighborhoods

PS 9.2 Provide quick and exceptional fire, medical, and emergency response

Integration of the Vision Plan, the Strategic Plan, and the Budget

GOAL 10 Be a City well-prepared for and responsive to all hazards.

PS 10.1 Provide and effectively communicate comprehensive emergency management planning and disaster recovery

PS 10.2 Involve our neighbors with prevention efforts and emergency preparedness

INTERNAL SUPPORT

GOAL 11 Be a well-trained, innovative, and neighbor-centric workforce that builds community.

IS 11.1 Foster professional and rewarding careers

IS 11.2 Improve employee safety and wellness

IS 11.3 Continuously improve and innovate communication and service delivery

IS 11.4 Provide reliable and progressive technology infrastructure

GOAL 12 Be a leading government organization, managing our resources wisely and sustainably.

IS 12.1 Ensure sound fiscal management

IS 12.2 Achieve excellent procurement services through technological advancements, improved procedures, and outreach programs

IS 12.3 Provide safe, efficient, and well-maintained vehicles, equipment, and facilities and integrate sustainability into daily operation

³ Pompano Beach has an Emergency Medical Response (EMS) Millage rate of .50 that is not included in this rate.

Financials

Financials

For FY 2016, the all funds Adopted Budget including transfers and reserves is \$899,673,534. The following pages reflect this budget information in tables and graphic format. The General Fund summary for FY 2016 is presented showing revenues by source, expenditures by department, transfers, reserves, and balances. In addition, a similar table is included for FY 2015 for comparative purposes. These are followed by detailed information, as listed below, regarding resources, expenditures, transfers, reserves, and balances. Where applicable, information includes actual expenditures and revenues for FY 2014 Actual, FY 2015 Amended Budget, FY 2015 Estimate, and then the FY 2016 Adopted Budget. The final column in the tables compares the FY 2016 Adopted Budget to the FY 2015 Amended Budget.

The detailed information provided in this section includes:

All Funds

- ☐ FY 2016 comprehensive schedule of all fund revenues, expenditures, and balances.
- ☐ FY 2015 comprehensive schedule of all fund revenues, expenditures, and balances.
- ☐ Comparative schedule including FY 2014 Actual, FY 2015 Amended Budget, FY 2015 Estimate, and FY 2016 Adopted Budget for all funds revenues and expenditures rolled up.
- ☐ Financial Fund Summaries.
- ☐ Schedule of Debt Service Requirements.

The FY 2016 Adopted Budget, including balances and reserves for the General Fund is \$368,372,194. This amount includes an \$8.8 million transfer to the General Capital Projects Fund.

General Fund

- ☐ Schedule of General Fund Revenues by Object.
- ☐ Schedule of General Fund Expenditures by Object.
- ☐ Comparative schedule including FY 2014 Actual, FY 2015 Amended, FY 2015 Estimate, and FY 2016 Adopted Budget for the General Fund revenues and expenditures rolled up.

The debt levied is attributable to the City's investment in capital assets, which are used to provide services to the City of Fort Lauderdale neighbors, such as land, buildings, improvements, infrastructure and equipment. In addition to infrastructure improvements, the City issued Pension Obligation Bonds to cover a significant portion of the City's unfunded pension liabilities. The balance of the City's long-term debt beginning October 1, 2014 is \$802.4 million. The resources needed to pay the debt service will come from future revenues. The City's maximum debt service policy was previously \$750 per capita (population 170,000); however, staff is currently reviewing this policy to determine the appropriate maximum level of debt for the City. In FY 2015, a partial refinancing of the 2006 and 2008 Water & Sewer Revenue Bonds was issued without increasing the City's total debt. The Community Redevelopment Agency (CRA) issued Tax Increment Financing Revenue Notes through bank financing of \$7,603,000. The Central Services Fund includes a Lease Purchase Agreement with Motorola Solutions, Inc. to replace the City's twenty-two (22) year old 26-channel 800 MHz trunked radio system with a 12-channel 800 MHz trunked radio system.

Department Budgets

Charter Office and Department Descriptions

This section details the offices and departments that make up the City of Fort Lauderdale governmental structure. The City government is organized into five (5) charter offices and nine (9) operating departments along functional lines. Each department has an overview of each of the component units including the departmental organizational chart, division descriptions, FY 2015 major accomplishments, FY 2016 initiatives, select performance measures, and departmental financial summaries. Below is a brief description of the Charter Offices and each department highlighted in the Department Budget section.

Charter Offices

The Charter Offices are comprised of the City Commission, City Attorney, City Auditor, City Clerk, and City Manager. The City Commission operates under the Commission-Manager form of government. The Commission set the policies for the effective operation of the city. The City Attorney's Office provides high quality, professional, timely, and cost-effective legal and risk management services. The main focuses of the office are to protect the interests of the city, minimize future legal problems, and ensure compliance with city, State, and Federal laws. The City Auditor provides an independent, objective, and comprehensive auditing program of city operations. The City Clerk's Office serves as custodian of all records of an official character pertaining to the affairs of the city including documentation filed for compliance with state and county ethics laws and ensures public accessibility; supports the City Commission in administrative matters; supervises municipal elections; and directs the City's records management program.

The City Manager's Office is a team of professional and diverse public administrators. Operating under the traditional Commission-Manager form of government, the City Manager is appointed by the five-member City Commission, and is responsible for the day-to-day operations of the City. The City Manager's Office leadership team includes two Assistant City Managers, and the divisions of Budget/CIP and Grants, Neighbor Support, Public Affairs, and Structural Innovation. Collectively, the office provides strategic direction to departments through all Cylinders of Excellence and the Platform of Excellence. The team of professionals guides the implementation of Press Play Fort Lauderdale, the City's five-year Strategic Plan, and monitors the progress being made toward achieving the goals and objectives encompassed in Fast Forward Fort Lauderdale, the City's 2035 Vision Plan. The City Manager's Office is committed to developing a culture of innovation by integrating strategic management and best practices into government operations. By doing so, the organization continually improves performance, maximizes efficiencies, and creates value for the tax dollar. Through ongoing professional development and strategic partnerships both locally and internationally, the City is on the leading edge in addressing worldwide issues such as climate change and sustainability. The City Manager's Office oversees a Management Fellows program through a partnership with the International City/County Management Association (ICMA); benefitting from preeminent academic education of recent Masters in Public Administration graduates. The Office's inclusive leadership philosophy is reflective of the City's mission to build community and create a sense of place by ensuring fiscally responsible, neighbor-centric, and innovative delivery of services to our neighbors, guests, and community stakeholders.

Charter Office and Department Descriptions

Finance Department

The mission of the Finance Department is to safeguard the City's assets and financial affairs, provide for the long-term financial stability, integrity, and accountability of the City's financial resources, and ensure expenditure of City funds are conducted in a manner that will instill our neighbors' trust and provide best value to the City. The department is a valuable internal financial resource to all City departments, and strives to provide excellent service to investors and other entities conducting financial and purchasing transactions in accordance with accounting and procurement standards for state and local governments. To achieve its mission, the Finance Department provides services through the functions of financial administration, utility billing and collection, accounting and financial reporting, revenue and debt, and procurement services. As an integral part of the Internal Support Platform, Finance ensures all City departments follow sound fiscal management procedures, and the fair, open, and transparent procurement of goods and services, thereby allowing the City to obtain fiscal efficiencies, while maximizing resources and lessening financial burdens.

Fire-Rescue Department

The Fort Lauderdale Fire Rescue Department, established in 1912, provides fire rescue and emergency management services to our neighbors and visitors to the City of Fort Lauderdale, the City of Wilton Manors, and the Town of Lazy Lake. The department operates eleven fire stations, and is the busiest city in Broward County, responding to over 48,000 calls for service annually. The department utilizes highly trained special operations teams, including Hazardous Materials, Technical Response, Dive Rescue, Marine Rescue, Special Weapons and Tactics (SWAT) Medical, and Aircraft Rescue Firefighting (ARFF). The department utilizes its own advanced medical protocols, such as induced hypothermia (ICE alert) and a STEMI program. The department also conducts fire prevention inspections on new and existing commercial properties and multi-family occupancies, reviews commercial building plans for fire code compliance, and investigates fire origin and cause. The department's Ocean Rescue division staffs 20 lifeguard towers seven days a week protecting over 3.5 million neighbors annually. The department leads emergency management planning, the Emergency Operations Center (EOC), and the Community Emergency Response Teams.

Human Resources Department

The Human Resources Department partners with City departments to hire, train, and retain a qualified and diverse professional workforce for the delivery of excellent services to the community. The department maintains all citywide personnel policies, rules, regulations, and workplace safety standards, and administers employment benefits to all City staff. During collective bargaining discussions and union grievance hearings, Human Resources represent the City. The department also protects the City's physical and financial assets against loss by maintaining effective insurance programs and minimizing the City's exposure to risk. It fosters the development of future workers by administering the Kids and the Power of Work (KAPOW) Program and the Summer Youth Employment Program (SYEP) with Workforce One, and also partners with local institutions of higher education for continual employee development. As part of the Internal Support Platform strategic area, Human Resources supports departments to ensure a qualified and well-trained workforce.

Charter Office and Department Descriptions

Information Technology Services Department

The Information Technology Services (ITS) Department is a centralized service department that provides technical resources (support, software, hardware, services, direction, and leadership) to the various departments of the City of Fort Lauderdale. The ITS Department delivers customer care, and provides computers, telephones, radios, Intranet, Internet, electronic mail, wireless communications, website, business software applications, desktop software applications, and training. The ITS group is responsible for all system implementations, security, and the tactical and strategic planning for technology solutions and services to support City functions and service delivery to our neighbors.

Administration provides overall management services to the divisions, including budget and commission agenda coordination, contract administration, purchasing, accounts payable, and payroll/personnel. Application Services provides planning, project management, process review, implementation, and support for all computer applications, in addition to supporting all personal computers and laptops operated by City staff. Infrastructure & Operations manages all aspects of the City's (non-police) computer servers, email, spam filtering, user accounts, citywide database administration and management of three of the City's four Data Centers. Geographic Information Systems (GIS) provides geospatial services to City staff, neighbors, businesses, and visitors. The division creates and maintains data, maps, and software applications. Radio Communications plans, manages and provides technical support for the City's mission-critical communications networks, including assisting national and regional law enforcement to help identify homeland security target capabilities. Print Shop/Copy Center provides the production and logistics of revenue materials including water bills, business tax licenses and renewals, police alarm notices, fire inspection fees, and red light camera hearing notices, etc. Mail Services collects and distributes incoming and outgoing US mail, City interoffice correspondence, and FedEx and UPS courier packages. The division administers citywide contracts for copiers/printers, presort and first class mail fulfillment and vending, maintains the department scorecard and budget narratives. Police ITS supports the mission of the Fort Lauderdale Police Department. The diverse groups of end users include officers on patrol, command staff, detectives, crime analysts, teletype operators, records staff, and support staff at multiple locations and in the field. Security builds and maintains an information privacy and security-conscious culture and infrastructure for the City, including developing and administering the Information Privacy and Security Policy, strategy and vision, assessing privacy and security risks, and coordinating information privacy and security efforts across the City. Unified Communications Services is responsible for the planning, design, implementation, maintenance and 24/7 support of the City-wide (80+ buildings) wired and wireless Telephone, Computer, Internet, Video, Cable TV and Collaboration communications networks and systems. Mobile is responsible for laptops and in-car laptop mounting solutions, mobile data connectivity, automatic vehicle location, license plate readers, in-car cameras, security camera systems, and door access control systems.

Charter Office and Department Descriptions

Parks and Recreation Department

The City of Fort Lauderdale Parks and Recreation Department (department) offers a wide range of programs and activities to meet the health, recreation, and leisure needs of neighbors. The department promotes health and fitness, stimulates social interaction, and fosters community engagement to enhance quality of life. Outstanding facilities provide an array of programming for patrons of all ages, including bingo, ballroom dance, soccer, football, and swimming. There are new parks and expanded green space that contribute to the City's aesthetic enhancement and livability. The department is one of 136 agencies in the country with national accreditation from the Commission for Accreditation of Park and Recreation Agencies (CAPRA). This prestigious designation confirms our City's commitment to providing neighbors with quality parks and recreation programming and services, along with efficient and effective operations. The department aided the City in achieving Playful City USA recognition due to efforts in increasing children's play opportunities. The department's divisions include administration, cemeteries, facilities maintenance, marine facilities, parks, real estate, recreation, and sanitation services. Parks and Recreation produces award winning special events that build community, enrich lives, and showcase the City's best attributes. Sponsorship and promotion of new, high visibility events have been pivotal in attracting tourists, residents of surrounding cities, and neighbors to downtown Fort Lauderdale and the beach. The department leads the Public Places Cylinder of Excellence, which addresses citywide initiatives that improve public areas and compliment private development, creating a sense of place that builds community.

Police Department

The Police Department invokes a strong partnership with the community to reduce crime and improve the quality of life in our community. The Office of the Chief is responsible for the overall management of the Police Department, which is divided into three main bureaus. The Operations Bureau is responsible for the physical 24-hour delivery of police services throughout the City. The Investigative Bureau is comprised of the Criminal Investigations Division, responsible for the investigations of the persons' and property crimes, and the Special Investigations Division, which primarily conducts proactive investigations into ongoing criminal activity. The Support Services Bureau is responsible for addressing the administrative, financial and equipment needs of the Department. The department employs the CompStat philosophy, along with the application of the Intelligence Led Policing model, and works with neighboring law enforcement agencies to identify criminal trends and solve crime. The Department listens to community concerns and shares pertinent information through regular attendance at neighborhood association meetings and makes timely crime data available through Raidsonline.com. The Department is also entering into innovative partnerships with the business community (IBM and Smart-Water, CSI) designed to create programs that will reduce crime and the fear of crime. The Department supports the Public Safety Cylinder of Excellence and is fully accredited by the Commission for Florida Law Enforcement Accreditation.

Charter Office and Department Descriptions

Public Works Department

The Public Works department is made up of four divisions: Engineering, Sustainability, Utilities, and Administrative/Strategic Support. The divisions comprised of more than 400 full-time community builders, work collaboratively to deliver key services to our neighbors in the City of Fort Lauderdale. Services provided include water and wastewater treatment, maintenance of the City's distribution and collection system, maintenance of the City's stormwater operations, project management (directly responsible for over 150 projects totaling more than 120 million dollars for fiscal year 2015), operation and management of the City's 24-hour customer service center, fleet management, management of the City's contract for solid waste and recycling, and ensuring environmental and regulatory affairs compliance. While providing all of these critical services, the department strives to operate sustainably, with a key focus on climate resiliency, not just for today, but for future generations as well.

In addition, the Public Works department management philosophy and approach is U-IMPACT as envisioned and established by the director of Public Works. It is under this leadership philosophy that the department works to provide services efficiently and effectively, building community, and aiding with the City's Strategic Plan: *Press Play 2018*, as well as the City's Vision Plan: *Fast Forward 2035* initiatives.

Sustainable Development Department

Sustainable Development provides programs and administers plans and policies to enhance the quality of life for our neighbors and visitors by guiding quality development, promoting economic prosperity and environmental and social equity, and protecting the health, safety, and welfare of the community. The department encourages and directs orderly growth, and promotes well-designed development through sound planning principles that focus on livability, urban revitalization, growth management, and historic preservation. It provides business liaison functions to the community by focusing on job growth and business attraction, retention and expansion activities, and implements Community Redevelopment Agency (CRA) plans and initiatives.

To improve overall welfare and community appearance, the department conducts code compliance, encouraging voluntary compliance and prompt corrections. The department issues building permits and conducts inspections to ensure safe and quality construction through the Florida Building Code.

The Sustainable Development department also assists in providing housing and community service needs through the effective administration of federal and state grant programs. Sustainable Development supports the Neighborhood Enhancement and Business Development Cylinders of Excellence, helping to beautify neighborhoods and be a catalyst for economic development, attracting and retaining targeted businesses for a diverse economy.

Charter Office and Department Descriptions

Transportation and Mobility Department

The Transportation and Mobility Department was formed in 2011 to strategically elevate transportation planning and policy; to combine all modes of transportation within the City under one umbrella: Parking Services, Executive Airport and Transportation; as well as support of the Transportation Management Association's (TMA) Sun Trolley community bus system. Since the completion of "Fast Forward Fort Lauderdale 2035" vision plan in 2013, we have focused on transforming the City into a vibrant multimodal community. The Strategic Plan, Press Play, Fort Lauderdale is a five year roadmap that has guided the department and will continue to provide structure to meet the goals of becoming a live, work, and play community.

The strategic plan and the vision plan are not plans that sit on a shelf. They are performance-based and they track progress. Each division within the department manages, reports, and regularly shares their progress. Community Investment Plan (CIP) funding is determined based on the items in the strategic plan. Last year, Transportation and Mobility received \$12,104,503 in CIP funding to create a connected community. Sustainable parking lots, painted intersections, and a LEED Customs and Border Patrol building are some of the projects from our CIP. All of this is a true recipe for success in the implementation of a community's vision.

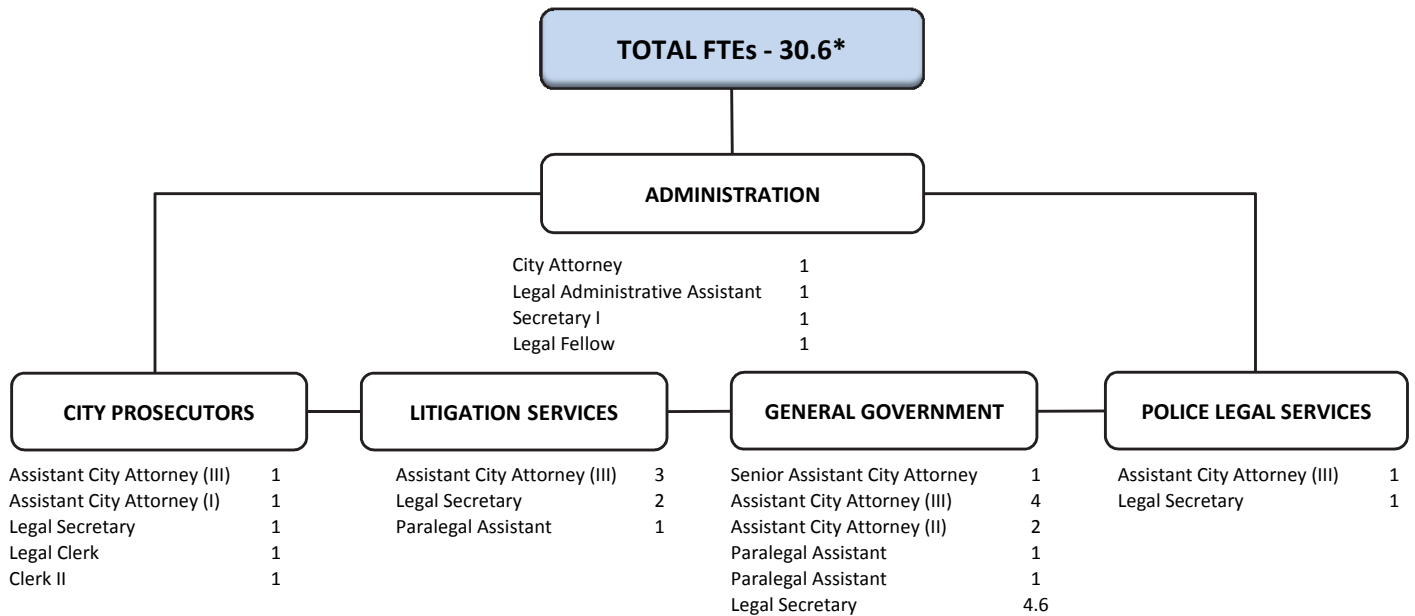

The "Complete Street" policy and "Connecting the Blocks" program are the start of building a safe city-wide network for pedestrians, cyclists, vehicles, trains, and transit. Since the City of Fort Lauderdale has the second highest pedestrian fatality rate in the country, when looked at per capita, we strive to create a City that is more walkable and accessible by increasing multi-modal transportation options. There is pride in improving the quality of daily life for our neighbors and visitors.

City Attorney's Office

Division Description

The City Attorney's Office responds to the City Commission, all city departments, municipal officials, and city advisory boards on legal questions, issues, and requests for information that arise during the course of each business day. In doing so, the City Attorney's Office provides high quality, professional, timely, and cost-effective legal and risk management services. The main focuses of the office are to protect the interests of the city, minimize future legal problems, and ensure compliance with city, State, and Federal laws.

Core Services

- Advises and assists city staff and the City Commission on various legal issues.
- Prosecutes violations of city ordinances.
- Prosecute forfeiture actions and generate revenues for the Forfeiture Confiscation Trust Fund.
- Represents the city as trial and appellate counsel in litigation matters.
- Advises and responds to questions and issues pertaining to the standards of conduct for public officers and employees.
- Reviews and responds to requests and questions relating to Florida's Sunshine Law and Public Records Law.
- Advises the police department on legal matters relating to enforcement of City, State, and Federal laws.

City Auditor's Office

Division Description

The City Auditor's Office provides an independent, objective, and comprehensive auditing program of city operations. As an appointed office, it is charged with supporting the city commission by providing an independent review of business practices, procedures, internal controls, and procurement practices that are used, employed, and communicated by city government. This is accomplished through comprehensive, professional audits, reviews, and in-depth evaluations performed in accordance with generally accepted government auditing standards.

Core Services

- Conducts financial, compliance, economic, efficiency, and performance audits of the city government and city officials.
- Performs Legislative Review to provide assurance to the City Commission and assist in the decision making process.
- Advises the city commission on a variety of financial issues.
- Serves as an additional technical resource to city staff and committees for guidance related to accounting, financial reporting, budgeting, and other fiscal activities.
- Provides written audit reports to both the City Commission and City Manager.

City Commission's Office

Division Description

The City Commission operates under the Commission-Manager form of government. The Mayor is elected at-large, and the four commissioners are elected by districts. Together, the Mayor and Commissioners set the policies for the effective operation of the City. The administrative responsibility of the City rests with the City Manager, who is appointed by the City Commission.

Core Services

- Establishes city policies and enacts ordinances, rules and regulations.
- Appoints the City Manager, City Attorney, City Auditor, City Clerk, Advisory Board Members, and commission staff.
- Provides leadership and direction for the city's future.
- Assures the present and future fiscal integrity of the city.
- Provides prompt and courteous responses to neighbor concerns.
- Adopts the Annual Budget.

Budget/CIP and Grants

Division Description

The Budget/CIP and Grants Division provides budgetary support services to all City departments in the development and management of the City's Annual Budget, Multi-Year Community Investment Plan (CIP), centralized grants coordination and oversight, audit compliance tracking and reporting, and legislative affairs. The division prepares revenue and expenditure projections and is responsible for fiscal oversight and control activities associated with the City's operating and capital budgets, including a monthly financial analysis and report of the City's revenues and expenses. In addition, this division is tasked with targeted financial analysis and special projects.

The Budget/CIP and Grants Division is also comprised of the Housing and Community Development (HCD) Division. HUD's responsibilities include the administration, management, and implementation of Federal Department of Housing and Urban Development (HUD) and state grant funded programs, such as Florida Housing Finance Corporation (FHFC). These programs include Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), Emergency Solutions Grant (ESG), Housing Opportunities for Persons with HIV/AIDS (HOPWA), and the State Housing Initiatives Partnership (SHIP). These programs are used to enhance the quality of life for low- and moderate-income households within the City of Fort Lauderdale.

FY 2015 Major Accomplishments

- Advanced the FY 2014 Commission Annual Action Plan priorities: Structurally Balanced Budget and Development of Financial Integrity Principles, including supporting policies.
- The FY 2015 Budget was adopted on a 5-0 vote; the first time that the budget was adopted unanimously since 2005.
- Developed Financial Integrity Principles and Policies which were adopted by the City Commission to use as a guide to ensure fiscal integrity and long term financial sustainability.
- Awarded Government Finance Officers Association (GFOA) Distinguished Budget Award for the FY 2015 Budget.
- Held monthly FL²STAT meetings to discuss the status of Community Investment Plan projects and grants.
- Implemented a financial transparency portal on the City's website to communicate budgetary information to our neighbors in a comprehensive and user friendly manner.
- Effectively streamlined the budget process, resulting in 91% of the surveyed Budget process participants stating that they are satisfied with the FY 2015 budget development process.
- Led a workflow mapping team including the Finance Department and Human Resources Department to map all the current workflows that will be impacted by the implementation of an Enterprise Resource Planning (ERP) system.
- Served on a comprehensive ERP Request for Proposal (RFP) evaluation committee to review and evaluate proposals.
- Successfully facilitated the Revenue Estimating Conference Committee, a robust, third-party examination of General Fund revenue sources to provide insight and credibility for long-term financial planning.
- The 2014 Neighbor Survey Results reported that neighbors perception of the City have increased by 8% since 2013, for satisfaction with the "overall value received for City tax dollars and fees".

City Manager's Office

Budget/CIP and Grants, continued

FY 2015 Major Accomplishments

- Implemented a robust monthly training program, offered to all City employees, for grants management and compliance, budgeting, audit compliance, community investment planning, and Federal Emergency Management Administration (FEMA) disaster requirements.
- The City's audit risk level within the Department of Housing and Urban Development (HUD) has been reduced; as such HUD did not need to monitor the City this year. The City met its three (3) main indicators of success: HUD funds were spent on eligible activities; HUD funds were spent timely; and continued improvement was made in audit quality (no new findings from the Single Audit in the past two years).
- Led Team Building efforts for the Executive Leadership Team including opportunities to identify our leadership styles, build relationships, and improve communication, collaboration, and cooperation.
- Developed the City's first annual Grants Plan of Action and first annual Grants Year in Review Memo.
- Served as a liaison between City departments and the City Auditor to resolve and close 96 Commission Auditor Findings.
- Served on the City's team of staff in negotiations with five (5) collective bargaining units.
- Completed a historical review and analysis of the collection and use of Tourist Development Taxes (TDT) in Broward County.
- Initiate a contract with a Federal Lobbyist to ensure that the City is adequately represented in all facets of federal legislation and appropriations.

FY 2016 Major Projects & Initiatives

- Utilize continuous improvement systems and techniques, such as Lean Six Sigma process improvement methodology and process mapping, to document and improve organization policies and procedures.
- Continue the Leadership Team Building effort with the City's Executive Community Building Team.
- Continue development of fiscal policies to support the Financial Integrity Principles.
- Implement the citywide ERP system to improve effectiveness, efficiency and fiscal transparency.
- Streamline the management of grants in the City.
- Focus additional staff efforts to conduct detailed reviews of grants compliance and indirect costs throughout the City.
- Enhance budget, CIP, audit compliance, grants and FEMA training for staff citywide based on feedback provided during FY 2015.
- Work with the development community and housing advocates to complete and implement a Housing and Economic Analysis.
- Develop and implement an Affordable Housing Policy.
- Finalize and implement the Department of Housing and Urban Development (HUD) Five-Year Consolidated Plan.

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Ensure a range of housing options for current and future neighbors (NE 6-2)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Provide decent, safe, sustainable, sanitary, affordable housing and economic opportunities for low and moderate income households (NE 6-2)	Total number of rehabilitated units completed	18	19	20	16	20
	Private investment from lending institutions leveraged through homebuyer and developer assisted programs	\$1,629,414	\$1,259,232	\$1,300,000	\$1,956,176	\$1,500,000
	Total number of clients served through the Community Development Block Grant (CDBG) Public Service Programs	1,638	747 ¹	1,300	1,200 ²	1,200
	Number of HOPWA households who obtained self-sufficiency in the reported fiscal year	42	52	53	51 ³	28
	Number of Housing and Urban Development (HUD) eligible first-time homebuyers who purchased a home using program incentives	14	12	13	17	13
	Number of households who received HOPWA subsidy assistance in the reported fiscal year	951 ⁴	846 ⁴	1,066	896	1,000

¹CDBG client volumes fluctuate based upon which agencies submit applications for funding and receive City Commission approval. Projects are typically approved by the Commission in July.

²Data not available at time of reporting. Figure provided is an estimate.

³The move to self-sufficiency is fluid and is dependent upon either the client's ability to increase income to move off of HOPWA subsidies or the client being selected for Section 8 housing through a lottery process. To date, the lottery has not taken place.

⁴Data correction.

City Manager's Office

Neighbor Support

Division Description

The Neighbor Support Division is a central resource to address neighbor and City Commission requests for information and services. The Division proactively works to build an approachable government across all segments of the community by actively listening and responding to the community. To further strengthen the partnership between our neighbors and the City, the Neighbor Support Division was created in 2011 under the leadership of the City Manager. The Neighbor Support Division is responsible for coordinating City services, responding to Commission and neighbor-initiated requests while reaching out to our business and neighborhood associations. Neighbor Support administers the grants and projects under both the Neighborhood and Business Capital Improvement Programs (NCIP/BCIP). In addition, the division also oversees the Neighbor Volunteer Office which provides meaningful volunteer opportunities and the Homeless Strategy Initiative which administers the *Chronic Homeless Housing Collaborative grant (CHHC)*. The office serves as a central resource providing additional outreach and enhanced services to our neighbors, while fostering transparency in government.

FY 2015 Major Accomplishments

- Processed over 2,700 neighbor or City Commission inquiries and concerns.
- Acknowledged our neighbor's inquiries within 24 hours and provided expedited response.
- Processed and reviewed 25 applications for the NCIP/BCIP matching grant program.
- Served on the Board of Directors for the Florida Neighborhoods Conference.
- Elected to serve on the Neighborhoods, USA (NUSA) Board of Directors.
- Adopt-A-Neighbor program garnered top honors in the United States for the Best Neighborhood Program in the Physical Revitalization category at the Neighborhoods, USA Conference.
- Successfully coordinated Neighbor Support Night 2015 with over 500 neighbors and staff in attendance.
- Attended over 500 neighbor and business community meetings.
- Increased Nextdoor enrollment with 60 neighborhoods and over 7,400 neighbors participating.
- Worked with non-recognized neighborhoods to get them officially recognized through the City Commission Office, thereby making them eligible for NCIP grants.
- Over 1,700 volunteers worked on 57 event locations on community service projects including: painting, landscaping, street and neighborhood cleaning as part of; Fort Lauderdale Makes A Difference Day - October 25th, Fort Lauderdale United Day- January 19th, Fort Lauderdale Cares Day, April 25th and Fort Lauderdale Ready Day - August 29, 2015.
- In cooperation with Community Emergency Response Team and Fort Lauderdale Fire Department; Coordinated Hands Only CPR training for over 7,600 Fort Lauderdale high school students, City employees, civic association, church and business group members.
- In partnership with Department of Sustainable Development, over ninety volunteers painted cleaned and landscaped five blighted properties as part of the Adopt-a-Neighbor program.
- Participated in Operation Lift Hope supporting housing initiatives for homeless Veterans and families.
- Successfully housed 22 chronically homeless individuals and families and provided intensive support services to ensure housing stability.

City Manager's Office

Neighbor Support, continued

FY 2015 Major Accomplishments

- Worked with Kids Ecology Corps to create four entertaining and educational Family Beach Clean-up and Scavenger Hunts. Over 600 volunteers in cooperation with local business and school organizations completed a total of twenty six beach clean ups.
- Developed the Change A Life Over Lunch literacy campaign.
- Created and implemented the Show Up, Step Up, Stand Out Inter-Generational Youth Leadership program with fifteen student/mentor teams to do community service programs in the City of Fort Lauderdale.
- Developed the pilot Rio Vista Neighbor Ambassador program.
- Held four find the Passion within workshops.
- The Neighbor Volunteer Office supported Mission United with their Thanksgiving Meals for Veterans and their Families event.
- Promoted City volunteer opportunities and initiatives at various events such as Jazz Brunches and Starlight Musical Festivals.
- Commission adopted a resolution supporting usage of the Broward Sheriff's Office Stockade as a community center that provides access to services and crisis housing options for persons experiencing homelessness in Fort Lauderdale.
- Formed a Volunteer Leadership Council.
- Implemented the Riverwalk Ambassador program.
- Expanded the current United Way Reading Pals literacy to Northside Elementary School.
- Implemented and completed the Volunteer Services Network Project, which was a "Re-Engage for Good" made possible by a grant from the Community Foundation of Broward.

FY 2016 Major Projects & Initiatives

- Develop an online Neighbor Academy.
- Expand the Neighbor Ambassador and mentor programs to include the Show Up, Step Up, Stand out Inter-Generational Youth leadership program to 25 students.
- Administer the NCIP and BCIP grant programs.
- Expand the interactions with Neighborhood Associations.
- Increase participation in the Adopt a Street program.
- Implement four major, citywide Community Service days and twelve monthly beach cleanups.
- Continue to implement the Comprehensive Homeless Strategy through supporting A Way Home, Broward County, Florida's Ten Year Plan to End Homelessness.
- Using awarded funds, continue to implement the Chronic Homeless Housing Collaborative Housing and Urban Development (HUD) grant, food service operations, and the Rapid Re-Housing program that provides for a Common Goal, Common Effort, and a Collective Impact for ending homelessness in Fort Lauderdale.
- Initiate 14 Neighborhood Community Investment Programs and four Business Investment Programs.

Improve neighborhood aesthetics (NE 5-2)	Number of Neighborhood Community Investment Program (NCIP) grants awarded	0	17	17	14	14 ⁶
	Number of Business Community Investment Program (BCIP) grants awarded	0	4	4	4	4
	Number of volunteer hours	*	82,581	83,250	90,574	84,160 ⁷
Works to reduce homelessness in the City of Fort Lauderdale (PP 3-5)	Percentage of Chronic Homeless Housing Program participants in stable housing ⁸	*	100%	100%	100%	100%

* This is a newly identified performance indicator. Data collection for prior years was not feasible.

¹ Neighbor Support is actively working with the Mayor's Office in contacting each association to encourage them to become a recognized association. We will continue our efforts to increase the recognized associations and streamline the process.

² An increase was expected in FY 2015 as a result of the volunteer initiatives and the Homeless Strategy initiative underway, however the actual performance was lower than anticipated and the FY 2016 target was amended.

³ The positive decline in requests can be attributed to the success of LauderServ, the 24 Hour Neighbor Support Hotline, and our community builders providing excellent service to our neighbors. These numbers are anticipated to be lower in the future years as a result of streamlining the neighbor inquiries process and by having increased Neighbor Support visibility at neighborhood association meetings and community events.

⁴ Data correction was made.

⁵ This performance measure is reported by the annual Neighbor Survey. The 2014 state and national benchmark for this is 40%.

⁶ The FY 2016 target was amended as three projects were not recommended to receive grants due to lack of funding available.

City Manager's Office

Structural Innovation

Division Description

The Structural Innovation Division directs FL²STAT, which is a community-focused approach to strategic planning, performance management, and process improvement for all City departments. The division works to build a foundation of innovation through inclusive leadership, creativity, internal collaboration, external partnerships, and community connections. Structural Innovation is a dedicated resource to departments to achieve this through training and support.

FY 2015 Major Accomplishments

- Researched, procured, and managed the citywide effort to certify the City's strategic management system, FL²STAT, to the ISO 9001:2008 standard. ISO 9001 is an international set of quality standards developed by the International Organization for Standardization. Achieving the certification demonstrates that the City can consistently meet our neighbors' requirements and that quality is consistently improved. All departments are part of this effort, which includes the creation and implementation of the Citywide Quality Policy, Manual, and Procedures. Supported the work of the ISO 14001 Environmental Sustainability Management Systems teams through performance metrics and internal auditing.
- Continued to work with all departments to implement *Fast Forward Fort Lauderdale*, the 2035 Vision Plan unanimously approved by City Commission in April of 2013, through *Press Play Fort Lauderdale*, the City's 2018 Strategic Plan unanimously approved in September of 2013.
- Issued the first Press Play 2018 strategic plan progress report that highlights progress and performance results for the first full year of plan implementation.
- Facilitated the development and implementation of the FY 2016 Commission Annual Action Plan (CAAP) and continued quarterly progress reporting to the City Commission.
- Lead monthly FL²STAT management review meetings and Cylinder of Excellence meetings to monitor, analyze, and improve citywide performance and progress with strategic initiatives from a cross-departmental, collaborative perspective.
- Provided expertise and support to ensure the connection of the Vision and Strategic Plan to new plans, such as the Sustainability Action Plan, the Comprehensive Plan, and the Parks Master Plan.
- Managed the completion of the 2014 Neighbor Survey, providing statistically valid neighbor satisfaction and perception of the City and various services for departments to focus on when prioritizing services and funding.
- Trained 26 employees as Lean Yellow Belts and 21 Lean Green Belts, bringing the number of employees that have received process improvement training to 117. Additionally the Senior Performance Analyst obtained Lean Six Sigma Black Belt certification. The project focused on Utility's inventory with \$50K in expected savings.
- Provided process mapping training to the Budget, Finance, and Human Resources departments.
- Launched the Juvenile Justice initiative with the Department of Justice - Office of Justice Programs Diagnostic Center and local member agencies.

City Manager's Office

Public Affairs

Division Description

The Public Affairs Division oversees the City's communication initiatives. The division educates and informs residents, visitors, businesses, and employees about City programs, services and events. Using targeted communication strategies, Public Affairs engages the community in the governmental process, facilitates transparency, enhances tourism, supports local industries, stimulates redevelopment, promotes business attraction and retention, and increases participation in City programs and activities to generate additional revenue and to strengthen quality of life. Public Affairs builds community through special events and activities that promote a positive image, generate media attention, heighten awareness and visibility, stimulate business activity and tourism, foster economic vitality, and encourage healthy, active lifestyles.

FY 2015 Major Accomplishments

- Coordinated design, content development, implementation and launch of new City website and Green Your Routine portal.
- Trained more than 150 employees citywide on the website's new Content Management System and continue to host monthly follow-up training sessions.
- Launched Lauderserv, the citywide online and Smartphone Customer Service application.
- Increased subscribers to social media tools from FY 2014 to date: YouTube (396% increase); Twitter (700% increase); and Google + (340% increase). Additionally, since launching, the following grew from zero followers: Facebook increased to 1,375 followers; Instagram increased to 644 followers; and Nextdoor increased to 6,000 users.
- Conducted five Telephone Town Hall Meetings with elected officials reaching 53,801 neighbors.
- Promoted economic development and generated international media exposure by issuing 295 film permits with production budgets totaling \$37.6 million and employment of cast and crew totaling 10,066.
- Produced or supported major events and initiatives including: Fort Lauderdale Cares Day, Light Up Sistrunk, Neighbor Support Night, Light Up the Beach, Downtown Countdown, St. Patrick's Parade & Festival, Transportation Summit, Great American Beach Party, 4th of July Spectacular, Family Fun Ride, Holiday Toy Drive, Hurricane Expo, Customer Service Week, National Public Works Week, and CPR Training.
- Significantly expanded programming for Channel 78 by producing more than 20 new videos, commercials, and promotional pieces, which aired on television, as well as online via a new on-demand video library.
- Supported sustainability initiatives including: Environmental and Sustainability Management System (ESMS); Adaptation Action Areas (AAA); Community Rating System of the National Flood Insurance Program (NFIP); Climate Training; Sustainability Action Plan (SAP) Progress Report; along with energy and water conservation programs, tree-giveaways and hazardous waste, electronics, clothing, and medication drop-off events.
- Coordinated public outreach and supported numerous capital improvement and infrastructure projects including: stormwater improvements, sewer system upgrades, bridge maintenance, dredging and waterway maintenance, backflow prevention, used tire disposal, and street resurfacing.

City Manager's Office

Public Affairs, continued

FY 2016 Major Projects & Initiatives

- Coordinate design, content development, implementation, training and launch of new Digital Signage program to promote employee collaboration and enhance internal and external communications.
- Coordinate content development, implementation, launch and maintenance of new website for the Fort Lauderdale Executive Airport.
- Develop a citywide fundraising program.
- Produce, promote and support citywide events, initiatives, programs and meetings.
- Increase outdoor advertising by leveraging bus bench advertising contract.
- Continue to support ongoing citywide initiatives including the Vision Plan, Strategic Plan, Sustainability Action Plan, ISO 14001 Environmental and Sustainability Management System (ESMS), and ISO 9001 Strategic Management System (SMS).

Administration

Division Description

The Administration Division safeguards the City's assets, executes its financial affairs, and provides for the long-term financial stability, integrity, and accountability of resources. This is achieved through sharing information as well as promoting and adopting sound fiscal and operational practices. In addition, the division oversees the City's investment portfolio, which is currently estimated at \$500 million.

FY 2015 Major Accomplishments

- Successfully recruited a highly qualified and experienced Treasurer to create and implement sound fiscal policies and ensure highest and best valued use of City funds.
- Successfully transitioned Payroll from Human Resources to Finance in an effort to centralize payroll functions under the Finance Department.
- Completed the Business Tax move to the first floor of City Hall and created an electronic routing system to reduce customer travel time between departments in order to receive a business tax license.
- Successfully renegotiated a new banking services agreement yielding 40 basis points (BPS) in Earning Credit Rating to offset the City's banking fees. This is an increase of 33.33% above the prior contract.

FY 2016 Major Projects & Initiatives

- Procure and advance implementation of an Enterprise Resource Planning (ERP) system.
- Transition merchant services to a new service provider requiring changes to current operating procedures, including the new chip technology.
- Conduct Deferred Compensation Plan (457) Audit to ensure that retirement plans are aligned with regulatory best practices.
- Conduct Actuarial Audits to monitor the quality of actuarial services performed on behalf of the pension plans.
- Develop a policy for sustainable product purchasing.

³The percentage is an estimate; actual percentage will not be available until after external audit completion in March 2016.

⁴This measure is benchmarked by the Florida Auditor General. The FY 2013 reported average is 280.74% for municipalities with population >150,000.

Finance Department

Accounting and Financial Reporting

Division Description

The Accounting and Financial Reporting Division ensures that financial transactions are properly recorded in accordance with Generally Accepted Accounting Principles (GAAP) and the Governmental Accounting Standards Board (GASB). The division is responsible for providing departments and the public with timely financial information to assure accuracy, accountability, and transparency. The division processes payroll in-house bi-weekly for employees, monthly retirement payments for retirees, and weekly vendor payments. The division is responsible for monitoring capital and non-capital project expenditures along with maintaining fixed assets records. The division also reconciles bank and trust accounts. Financial data is generated for a number of audiences using a variety of reporting mechanisms. The City Manager's Office monthly financial reports, quarterly payroll tax reports for the federal government, the State of Florida Annual Financial Report, the Annual Single Audit Report, the Popular Annual Financial Report (PAFR), and the Comprehensive Annual Financial Report (CAFR) are developed by the division.

FY 2015 Major Accomplishments

- Completed the Comprehensive Annual Financial Report (CAFR) which resulted in the City receiving its 38th consecutive annual Government Financial Officers Association (GFOA) Certificate of Achievement Award.
- Received the City's second Popular Annual Financial Report (PAFR) Award in conjunction with the CAFR Award.
- Implemented electronic payments for non-payroll related transactions such as travel advances, employee reimbursements and Other Post-Employment Benefits (OPEB) payments, which supports the City's Green Our Routine initiative and decreased printing costs.
- Implemented Accounts Payable control card to increase the number of electronic payments processed.
- Automated the calculation of sick payout and compensated absences to ensure prompt and accurate financial reporting, which will clear a long standing audit finding.

FY 2016 Major Projects & Initiatives

- Implement electronic W-2 forms.
- Implement timekeeper training and certification.
- Conduct quarterly P-card transactions audits.
- Implementation of GASB Statement No. 68, "Accounting and Financial Reporting for Pensions."
- Train Community Builders in the Kronos time and attendance system.

Finance Department

Accounting and Financial Reporting, continued

<div style="display: flex; align-items: center;">  <div style="margin-left: 10px;"> STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES -Ensure sound fiscal management (IS 12-1) </div> </div>						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Ensure accurate and prompt financial reporting (IS 12-1)	Total number of open audit findings (financial)	3	3	0	1 ¹	1
	Number of accounts payable checks issued	22,428	19,237	12,500	12,811 ²	12,500 ³
	Previous month closed by the sixth working day of the following month	58.3%	91.7%	92%	83.3%	83.3% ⁴
	Monthly financial data submitted to the City Manager's Office by the 15 th each month	*	*	83%	75%	83.3% ⁴
	Percentage of total payments that are electronic	2.5%	13.6%	*	42.0%	45.5%

* This is a newly identified performance measure. Prior year data was not available.

¹ This is an estimate; the actual number will not be available until external audit completion in March 2016.

² Additional payments made for non-payroll transactions via electronic vendor payment process for travel advances, employee reimbursements and OPEB, therefore the number of A/P checks issued further decreased as compared to last fiscal year.

³ FY 2016 target was amended based on FY 2015 actual performance and anticipated check payments for FY2016 municipal election workers.

⁴ Given that September's and October's closings are always delayed due to the year-end closeout process, 83.3% (or 10 months) is the maximum of on-time closings and financial data submissions the department can achieve.

Finance Department

Utility Billing and Collection

Division Description

The Utility Billing and Collection Division is responsible for the accurate and timely billing and collection of utility bills, special assessments, and miscellaneous account receivables on a monthly basis, as well as the annual billing and collection of the business tax renewable forms. Additional responsibilities include lien searches and applying liens to delinquent utility accounts. The division also provides the accurate posting of the City's cash collection and the timely upload to the City's Financial Accounting Management Information System (FAMIS). Utility Billing and Collection strives to deliver excellent customer support to neighbors paying for utility services and business taxes.

FY 2015 Major Accomplishments

- Continued the "Save a Tree" campaign which allows customers to sign up for Automated Clearing House (ACH) and E-billing, thus decreasing the number of bills to be mailed and increasing the number of payments received before the due dates.
- Increased customer use of payment methods via ACH (direct draft), interactive voice response (IVR) (pay by phone) and City's website which provides multiple payment options for customers to pay bills, which results in more timely receipt of revenues by the City.
- Implemented customer self-service online utility billing service – Phase 1 which allows neighbors to sign up for e-billing and update account information.
- Implemented an electronic queuing system for servicing customers more efficiently in the Utility Billing and Collections lobby. Allows customers to sign in and receive a number then be seated until number is called; this has eliminated long waiting lines.

FY 2016 Major Projects & Initiatives

- Implement Self Service Programs - Phase 2 (starts in FY 2016) to allow neighbors to submit online requests for leak and pool adjustments.
- Implement citywide, automated payment kiosks to offer a more convenient self-service payment option to customers who pay with cash, check, or credit cards.
- Upgrade to the latest version of the utility billing system to allow the use of new functionality to increase billing efficiency and better serve neighbors.
- Implement an electronic invoice presentation process which makes it easier for neighbors to view and pay utility bills.

Utility Billing and Collection, continued

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

-Ensure sound fiscal management (IS 12-1)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Increase utility billing revenue collection (IS 12-1)	Percentage of uncollectible utility bills	4.16%	4.00%	3.9%	3.9% ¹	3.0%
Increase customer service and user friendly payment options (IS 12-1)	Number of methods for communicating payment options offered to our customers	7	8	8	10	11
	Average number of utility customers that use Automated Clearing House (ACH), Web pay, and IVR (pay by phone) ²	15,324	17,519	18,000	19,534	20,000
	Total number of customer service calls	*	85,432	83,000	85,753	83,000 ³
	Percentage of abandoned calls ⁴	*	23.8% ⁵	20%	19.3%	18%
	Average speed to answer customer service calls (in minutes) ⁶	*	3.57	3.00	2.35	2.00

* This is a newly identified performance measure. Prior year data was not available.

¹ The collection percentage met the target due to continued additional collection efforts performed before delinquent accounts are sent to the collection agency.

² The performance measure's name was updated to clarify the information presented. This is an average of the monthly utility customers that use easy pay options.

³ FY 2016 target was amended based on FY 2015 actual performance.

⁴ This measure is benchmarked by the International Finance Corporation (IFC). The global metric is 5 - 8% for abandoned call rate.

⁵ Data correction.

⁶ This measure is benchmarked by the International Finance Corporation (IFC). The global metric is 28 seconds for average speed to answer.

Finance Department

Treasury

Division Description

The Treasury Division manages the City's estimated \$500 million investment portfolio, which includes \$140 million in cash equity. The division also oversees the debt management and revenue tracking functions. The division facilitates the City's debt issuances and assists in obtaining credit ratings. It works with external advisors, investment managers, bond counsel, and financial advisors to ensure compliance with securities regulations. The division is also responsible for recording and reporting revenue properly, accurately, and timely in the City's accounting system. Reporting mechanisms include the quarterly Investment Report to the City Commission and annual Bondholders Report.

FY 2015 Major Accomplishments

- Received the Investment Policy Certification Award from the Association of Public Treasurers of the United States and Canada.
- Created and implemented an Investment Policy for the Other Post-Employment Benefits (OPEB) Trust.
- Issued Water and Sewer Revenue Refunding Bonds, Series 2014 to refund a portion of the Water and Sewer Revenue Bonds, Series 2006 and Series 2008. The transaction resulted in a net present value savings of \$11.5 million to the City.
- Engaged an investment advisor to oversee investment of the OPEB Trust's assets.
- Transacted a \$7.62 million bank loan for the Community Redevelopment Agency to finance the North Loop extension of the WAVE Streetcar Project.
- Issued General Obligation Bonds, 2015 to refund the General Obligation Bonds, Series 2005, which yielded a 10.8% net present value savings to the City.

FY 2016 Major Projects & Initiatives

- Review Treasury Division processes to streamline operations and eliminate duplication of services.
- Conduct an in depth review of the Fuel Hedge Program to determine if the City is receiving the full benefit of the program.
- Evaluate the investment advisor to determine if the City is receiving full value for its cost.
- Create and implement a citywide cash management policy to ensure that the City maintains adequate levels of cash to meet operational requirements and to obtain maximum yields on short-term investments of pooled, idle cash.
- Create a comprehensive debt management policy to establish guidelines and a framework for the issuance and management of the City's debt.
- Conduct departmental petty cash audits to assure accuracy of cash on hand and maintain record-keeping up to date and transparent.

¹ Percentage corrected based on Investment Report for FY 2014.

² This measure is benchmarked by the Florida Auditor General. The FY 2013 reported average is 10.63% for municipalities with population >150,000.

³ FY 2014 results were updated with the actual percentage received after March 2015 audit completion.

⁴ This is an estimated percentage. The actual percentage will not be available until external audit completion in March 2016.

Finance Department

Procurement Services

Division Description

The Procurement Services Division assists all City departments with the purchase of goods and services. Per Sec. 2-171–2-191, in the City’s Code of Ordinances, it is necessary that commodities and contractual services of suitable standards and in sufficient quantities be available as needed and that such items be purchased at the best prices available, consistent with City standards of service and quality.

FY 2015 Major Accomplishments

- Increased usage on the City’s Purchasing Card (P-Card) from \$30,237,160 for FY 2014 to \$41,762,155 (38% increase) for FY 2015, which decreases vendor transactional costs and provides increased rebates revenues to the City .
- P-Card usage resulted in the City’s net rebate revenues increase from \$330,762 for FY 2014 to \$571,123 for FY 2015.
- Received the National Purchasing Institute’s Achievement of Excellence in Procurement Award for the 17th year.
- Implemented electronic construction bidding that provides automation and efficiencies for both bidders and the City, as well as supports sustainable procurement practices.
- Expanded the requirement for vendor acceptance of P-Card payment for goods and services contracts.

FY 2016 Major Projects & Initiatives

- Implement an internal procurement training program to increase efficiencies, ensure consistency and minimize vulnerabilities in the process.
- Revise the City’s Procurement Code.
- Conduct vendor survey to quantify the competitiveness, fairness, and straightforwardness of the solicitation process.
- Implement spend analysis citywide to achieve procurement efficiencies.
- Explore third party reverse auction service providers and re-examine the use of reverse auctioning for purchase of certain goods and services.
- Migrate to a strategic, professional and best value-based sourcing organization.

Finance Department

Procurement Services, continued

 STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES - Achieve excellent procurement services through technological advancements, improved procedures and outreach programs (IS 12-2)						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Increase usage of the City's Purchasing (P)-cards (IS 12-2)	Net P-card rebates	\$388,793 ¹	\$330,762 ²	\$425,000	\$571,123 ³	\$450,000
	P-card purchase dollar amount (includes E-payable payments)	\$24,636,387 ⁴	\$30,237,160 ⁴	\$30,000,000	\$41,762,155 ⁵	\$43,000,000 ⁷
	P-card volume as a percentage of all goods and services	23.79% ⁶	20.83% ⁶	26%	29.31%	31% ⁷
Achieve excellent procurement services (IS 12-2)	Number of solicitations issued	189	200	210	185	190 ⁷
	Percent central purchasing division FTEs of total organization FTEs	.36%	.40%	.37%	.48%	.50% ⁸
	Percent increase in departmental informal electronic quotes	*	-18.46% ⁹	10%	-5.66%	10%

*This is a newly identified performance measure. Prior year data was not available.

¹P-card rebates for calendar year 2013 has been adjusted to reflect the CPS P-card rebates received net of FPL processing fees for January 2013 through December 2013.

²Net P-card rebates reporting period changed from calendar year to fiscal year commencing October 2014. Therefore, P-card rebates were adjusted to reflect the net rebates for nine months from January 2014 through September 2014. Net P-card rebates for October 2013 to December 2013 were reported for calendar year 2013. See footnote 1.

³Net P-card rebates for FY 2015 is high due to the reporting period change from calendar year to fiscal year. See footnote 2.

⁴P-card purchase dollar amounts have been corrected to include MasterCard purchases.

⁵Additional vendors accepted the P-Card for City purchases; also City made additional invoice payments via E-payables vs. generating/issuing checks, and the A/P credit card.

⁶P-card volume percentage of all goods and services has been adjusted due to P-card purchases not reflected in the total purchases amount. See footnote 4.

⁷FY 2016 target was amended based on FY 2015 actual performance.

⁸FY 2016 target was amended based on FY 2016 approved budget.

⁹FY 2014 Actual data added.

Fire Rescue Department

Administration

Division Description

The Administration Division provides leadership for the Fire Rescue Department. The division sets policies and standard operating procedures, establishes protocols, and works closely with other City departments and stakeholders to provide the highest possible levels of service to the citizens of Fort Lauderdale. Administration also manages the efforts and delivery of services for Ocean Rescue, Domestic Preparedness and Emergency Management, Financial Management, Emergency Medical Services (EMS) Administration, the Fire Rescue Training Bureau, Fire Prevention Bureau, Support Services Bureau, and Communications and Dispatch services.

FY 2015 Major Accomplishments

- Fort Lauderdale Fire Rescue obtained Accredited Agency Status through the Center for Public Safety Excellence. This is a comprehensive examination of all services provided by the department and requires a significant investment in staff time to accomplish. The accreditation criteria required the department to track and monitor 253 performance measures, develop a five year strategic plan, and draft the department's first standard of cover document, by which a thorough risk assessment of the community was completed to ensure we have the staff in place to adequately respond.
- Fort Lauderdale Fire Rescue was rated by the Insurance Services Offices (ISO) as a Class 1 Fire Department. The current rating will result in a decrease in overall fire insurance premiums.
- Fort Lauderdale Fire Rescue was awarded an \$874,312 Port Security Grant via FEMA: US Department of Homeland Security/Port Security Grant Program with a \$291,437 (25% local cash match). The grant will be used for the purchase of a 40' fire rescue rapid response watercraft.
- The Continuity of Operations Plans (COOP) was updated to ensure performance of essential functions, such as the ability to operate stations and respond to incidents while under a broad range of circumstances including natural and manmade disasters, CBRNE (chemical, biological, radiological, nuclear, and explosive), and many other disaster situations.
- Continued to implement the department's succession plan to ensure personnel are prepared for all dimensions of appropriate leadership and operational functionality.
- Conducted an Employee and Community Hurricane Preparedness Fair to increase education on emergency preparedness and mitigation.
- Fort Lauderdale Fire Rescue completed inspections on three new fire engines and eleven medical rescue transport vehicles which will be in service in FY 2016. These apparatus were sought to increase the availability and reliability of our fleet for effective incident response.
- The Emergency Management Bureau researched, hosted and facilitated a Weather Spotter training course instructed by the National Hurricane Center.
- The Emergency Management Bureau received the National Storm Ready designation by the National Weather Service Center. National Storm Ready helps community leader and emergency managers strengthen local safety programs.

Fire Rescue Department

Administration, continued

FY 2015 Major Accomplishments

- Finalized transition of 911 regional communications coordinated through the Broward Office of Communications and Technology.
- Increased educational opportunities for the community and enhancing fire safety public education by relocating the Fire Safety Trailer to the Fire Safety Museum.
- Fort Lauderdale Fire Rescue renewed a Fire and Medical Services contract with the City of Wilton Manors. This service indirectly improves the services to neighbors and visitors of Fort Lauderdale because it provides an additional engine and medical rescue unit at the Wilton Manors station. These apparatus fill a response gap created in the central portion of the City that provides additional units to the northern borders of the City and backs up the heavily utilized downtown units.
- Extended Ocean Rescue hours two additional hours per day.
- Purchased digital signage televisions in all fire stations to enhance internal communications.

FY 2016 Major Projects & Initiatives

- Maintain Commission Fire Accreditation International (CFAI) accredited agency status.
- Maintain an Insurance Services Office (ISO) 1 rating status.
- Achieve Commission on Accreditation of Ambulance Services (CAAS) Accreditation for Emergency Medical Services (EMS).
- Achieve Emergency Management Accreditation Program (EMAP) accreditation.
- Procure a Public Safety Chemical, Biological, Radiological, Nuclear and Explosive (CBRNE) Marine Vessel.
- Continue Emergency Preparedness initiatives including, City department COOP Training, Hurricane Expo for the community, and a Hurricane Preparedness Fair for city employees (FY 2015 Commission Annual Action Plan priority).
- Pre-construction planning of Fire Station 8 to better serve the southeast quadrant of the City.
- Place into service an additional Advanced Life Support Medical Rescue Unit at Fire Station 2.
- Develop a replacement program for administration fleet and purchase an additional engine and two medical rescue units.
- Improve response and turnout times by implementing the recommendations made during the Commission on Fire Accreditation International (CFAI) Accreditation Process found in the Standards of Cover (SOC).
- Increase facility training hours and multi-company drills by utilizing contracts with agencies that have a training facility (Hollywood Fire Rescue).
- Conduct EMS baseline Tuberculosis screening, Hepatitis B vaccination, and Post vaccination Hepatitis screening for all employees.
- Institute mandatory annual physicals for employees as part of the Life Scan Wellness Program.
- Conduct Dive Rescue Team medical evaluations.

Fire Rescue Department

Administration, continued

FY 2016 Major Projects & Initiatives

- Install an exhaust system at Fire Station 2 in an effort to reduce and mitigate the potential for carbon monoxide exposure.
- Purchase of additional equipment for the Technical Rescue Team (TRT) is needed to enhance the rescue capabilities.
- Continue to implement the agencies first Community Driven Strategic Plan 2014-2018.
- Implement Digital Billboards to standardize quality communications across the Fire/Rescue system; creating increased quality management awareness.
- Install the Storm Ready Signs on the City main entrances.

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Provide quick and exceptional fire, medical, and emergency response (PS 9-2)
- Involve neighbors with prevention efforts and emergency preparedness (PS 10-2)

Fire Rescue Department

Fire Rescue Operations

Division Description

The Operations Division is responsible for providing emergency services to over 48,000 calls each year for emergencies. Calls for service include, but are not limited to: fire suppression; Ocean Rescue; emergency medical responses; and transportation accident responses involving automobiles, trains, aircraft, and marine emergencies. Emergency Medical Service (EMS) response includes medical treatment and transport; hazardous condition mitigation; and/or various other classified emergencies to the neighbors of the City of Fort Lauderdale, as well as the City of Wilton Manors and the Town of Lazy Lake through inter-local service agreements.

In addition to fire suppression and emergency medical services, the Operations Division provides special operations response to the community, including Technical Rescue Team (TRT); Hazardous Materials (HazMat); Marine and aquatic emergencies; Tactical EMS (medical response) for the Police Department's Special Weapons and Tactics (SWAT) incidents; K-9 Search and Rescue; and Aircraft Rescue Fire Fighting (ARFF) service to the Fort Lauderdale Executive Airport. Fire-Rescue Operations also assists with fire prevention activities supporting the Prevention Bureau personnel with annual fixed fire system testing and fire flow inspections for structures in the City. Additionally, operations personnel are charged with the delivery of public education, community outreach, and injury prevention lectures and demonstrations in schools, businesses, hospitals, special events, and homeowner groups. Operations firefighters are responsible for the daily maintenance, serviceability, and condition of all fire-rescue facilities, apparatus fleet, and ancillary equipment.

FY 2015 Major Accomplishments

- Continued to provide excellent response times while at the same time being challenged by a steadily increasing population which has increased calls for service by 12% over the prior year.
- Trained personnel and placed into service 155 Self-Contained Breathing Apparatus (SCBA).
- Relocated Battalion 35 from Fire Station 53 to Fire Station 16; providing better response times to all risk levels.
- Conducted a full-scale active shooter emergency response exercise with the Fort Lauderdale Police Department to identify preparedness capabilities and deficiencies, the first of its kind in South Florida.
- Conducted Incident Safety Officer Training through the National Fire Academy for all Chief Officers and Lieutenants on the current Battalion Chief promotional list.
- Trained tri-county area fire departments and law enforcement agencies in the treatment and transport of Ebola patients.
- Conducted Advanced Cardiac Life Support Classes during the months of February and August.
- Conducted Pediatric Advanced Life Support Classes during the months of March and September.
- Technical Rescue Teams (TRT) and Hazardous Materials Team (Hazmat) hosted and participated in numerous county wide specialty training exercises.
- Added an additional rescue apparatus to be stationed at Fire Station 2/8. The unit will improve the overall system performance.

Fire Rescue Department

Fire Rescue Operations, continued

FY 2016 Major Projects & Initiatives

- Reduce the response baseline performance for the first unit arrival for incidents in all risk levels in regards to the 90th Percentile Benchmarks required by accreditation.
- Install timers in the stations to keep responding personnel aware of their turnout times with the ultimate goal of reducing response times.
- The Operations Division will increase communications to be made aware of times in regards to benchmark performance measures and install digital signage televisions in all fire stations to enhance internal communications.
- Evaluate and improve areas of performance identified within the Standards of Cover (SOC) in regards to the Effective Response Force (ERF) in all risk classifications.
- Increase facility training hours to meet the minimum annual requirement as outlined by National Fire and Protection Association (NFPA) and Insurance Services Office (ISO).
- To increase the efficiency of tactical surveys of facilities, continue to convert all paper tactical surveys to electronic documents.
- Continue to support the completion of the remaining fire stations of the approved 2004 fire bond.

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

-Provide quick and exceptional fire, medical, and emergency response (PS 9-2)

Department Objective	Performance Measures	CY 2013 Actual	CY 2014 Actual	CY 2015 Target	CY 2015 Actual ²	CY 2016 Target

Provide superior quality and multi-functional emergency response (PS 9-2)	Total number of fire and EMS incidents	43,919	46,994	47,000	49,952	52,000
	Percentage of fires confined to structure of origin	100%	100%	100%	99.28%	100%
	Number of EMS responses per 1,000 residents ²	177.44 ³	171.79 ³	172	191.95	193
	Number of "Lives Saved" – Ocean Rescue	244	117	100	211	150

*This is a newly identified performance measure. Prior year data was not available.

¹This measure is benchmarked by the International City/County Managers Association (ICMA). The FY 2013 reported average is 30%.

²This measure is benchmarked by ICMA. The FY 2013 reported average is 72 for populations between 100,000 and 249,999.

³Previous calculations did not include the population of Lazy Lakes nor did it account for the changes in population estimates. Figures now are based on annual Bureau of Economic and Business Research (BEBR) estimates for Fort Lauderdale, Lazy Lakes, and Wilton Manors.

Human Resources Department

Talent Management

Division Description

The Talent Management Division provides professional and responsive human resource services, including the recruiting, hiring, classification, compensation, orientation, and training of a diversified workforce. Outreach extends to the leaders of tomorrow through career expos and mentoring programs, such as Kids and the Power of Work (KAPOW) and the annual Summer Youth Employment Program (SYEP). Talent Management fosters organizational excellence by providing employees with personal growth and professional development opportunities. The division includes the Employee Relations and Professional Standards sections. Employee Relations negotiates, administers, and interprets collective bargaining agreements, and ensures compliance with employment labor laws and City policies and procedures. The Professional Standards section enforces workplace standards to ensure that all City employees are treated fairly and in accordance with equal employment opportunity laws.

FY 2015 Major Accomplishments

- Processed over 19,000 employment applications, conducted 127 job recruitments and processed 386 new hires and 91 promotions.
- Hosted Annual Employee Service Awards Luncheons and quarterly receptions to recognize the continuous and dedicated years of service of 275 eligible employees.
- Completed negotiations with Teamsters and Federation for successor collective bargaining agreements.
- Created strategic partnerships with local educational institutions (Broward College, Florida Atlantic University and Nova Southeastern University) to develop additional educational opportunities for our employees.
- Participated in the evaluation and selection of the Enterprise Resources Planning system.

FY 2016 Major Projects & Initiatives

- Update the Human Resources website to better communicate with our employees.
- Implement meaningful evaluation processes as well as goals and objectives setting for all employees.
- Implement new ERP technology, including Applicant Tracking (AT), Human Resource Information System (HRIS) Position Control, Payroll, Learning Management System (LMS), and Personnel Records components.
- Continue a classification study to ensure employees are properly classified compared to local and regional competitors.
- Implement remaining initiatives resulting from the Recruitment and Selection Lean Process Improvement; including modernizing the personnel rules and a review of all rules, policies, and forms.
- Develop a succession planning program to ensure knowledge transfer and development of employees for critical positions.

¹ Data correction and FY 2016 Target amended based on average of FY 2013 - FY 2015 actual performance.

² The FY 2016 Target recalculated using the average of the FY 2013 - FY 2015 actual performance.

³ The FY 2016 Target amended based on the average of the FY 2012- FY 2015 actuals.

⁴ Performance cannot be calculated due to lack of data for the period.

⁵ Data correction

⁶ The FY2016 Target based on budgeted positions for the fiscal year.

⁷ The FY 2016 Target amended based on increased staff training.

Human Resources Department

Risk Management

Division Description

The Risk Management Division manages programs in the areas of employee safety, loss prevention, property, casualty, and employee benefits. Risk Management attempts to protect the City's physical and financial assets against loss by maintaining effective insurance programs, minimizing the City's exposure to risk, providing for appropriate reserve levels, funding incurred liabilities, and providing for the proper cost allocation of incurred losses. The division provides internal investigative services on claims arising out of automobile, general, police professional, and employment practices liability exposures. Risk Management also monitors workers' compensation and related legal expenditures being handled by third party administrators.

FY 2015 Major Accomplishments

- Began implementation of a Driver Enhancement Program to reduce vehicle accidents and City costs.
- Created a Citywide Safety Program to improve employee work practices and work environments to eliminate preventable accidents and reduce City expenditures. Implemented additional strategic training opportunities at the Technical Training Site to decrease preventable accidents and reduce City expenditures. Risk Management trained 900 employees at the Technical Training Site (TTS). Designed and implemented a Light Duty/Return to Work Program to expedite the return of injured employees to the workplace and restore efficiency of the workforce.

FY 2016 Major Projects & Initiatives

- Maximize participation with the employee health and wellness center.
- Begin improved Safety Training to make sure employees are using safe work practices and maintaining safe work environments.
- Implement a more robust employee health and wellness program.
- Purchase and rollout a new Benefit Enrollment System.
- Implement and improve accident reporting to transition from a paper-based process to a computer-driven system.

Human Resources Department

Risk Management, continued

 STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES - Improve employee safety and wellness (IS 11-2)						
Department Objectives	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Improve employee safety and reduce claims (IS 11-2)	Number of new on-the-job injuries (Workers' compensation claims filed)	318	276	275	291 ¹	275
	Percentage of employee driver caused accidents	49%	47%	40%	51%	45%
	Number of open casualty claims	643	678	650	729 ²	750 ²
	Percentage of casualty claims closed to open inventory	102%	95%	100%	93% ³	100%
Improve employee wellness and productivity (IS 11-2)	Number of employee wellness events (Walk & Jog with Mayor, Lunch & Learn sessions, cancer screenings, biometric screenings, etc.)	23	95	60	92 ⁴	84
	Utilization rate of the employee health and wellness center	97%	84%	90%	92% ⁵	90%
	Absenteeism rate for sick and workers compensation leave time	2.32%	2.79%	2%	1.43%	2%

¹ Increase in claims is due to the unexpected nature of on-the-job injuries and a leveling out after declining 15.6% over the past three (3) years.

² Increase in claims inventory is due to the longer life cycle of defensive litigation. FY 2016 Target amended based on FY 2015 Actual performance.

³ New claims setup outpaced closed claims, mainly due to the longer life cycle of defensive litigation.

⁴ Increase in employee wellness events was due to implementation of a health and wellness center and increased emphasis on wellness by the City's health plan to control healthcare costs.

⁵ Usage temporarily increased in FY 2015 due to biometric testing for open enrollment.

Information Technology Services Department

Administration

Division Description

The Administration Division provides overall management services and coordination for the Information Technology Services (ITS) Department. The division also oversees budget and commission agenda coordination, contract administration, purchasing, accounts payable, and payroll for the ITS department. Additionally, the division has begun to build and maintain an information privacy and security-conscious culture and infrastructure for the City. This effort includes developing and administering the City's information privacy and security policy, strategy and vision, assessing privacy and security risks, and coordinating information privacy and security efforts across the City.

FY 2015 Major Accomplishments

- Created a technology governance panel to facilitate information technology decisions citywide.
- Assisted with the new dynamic City website instruction manual development.
- Completed a Customer Satisfaction survey administered citywide through Survey Monkey.
- Implemented quality practices in association with citywide implementation of ISO-9001 standard.
- Developed and began implementation of citywide cybersecurity training.

FY 2016 Major Projects & Initiatives

- Continue addressing security issues and developing security policies identified by the Network Vulnerability Assessment.
- Reorganize administrative personnel to leverage talents and relieve managers of recurring administrative duties.
- Conduct annual citywide cybersecurity training.

Information Technology Services Department

Administration, continued

 STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES - Continuously improve and innovate communication and service delivery (IS 11-3)						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Increase strategic and community desired information technology services (IS 11-3)	Number of departmental cross-sectional performance meetings	15	12	12	5 ¹	12
	Number of Employee Recognition Events	11	11	4 ²	4	4
	Quality of General IT Services: Overall Satisfaction ³	89%	91%	91%	90%	95%

¹Staff shortages, scheduling and project priorities reduced the number of available cross-sectional date opportunities.

²Due to project workload, Director and Managers adjusted employee recognition events to one per quarter.

³Annual citywide ITS survey generated through Survey Monkey. Previously named "Quality of General IT Services: Rated as Excellent" but included excellent and good responses.

Information Technology Services Department

Application Services

Division Description

The Application Services Division provides project management, business analysis, software implementation, reporting, and technical support to the City's critical enterprise, departmental, and desktop applications. The division also provides support via a Help Desk for information technology services used throughout the City, including the support and replacement of personal computers, printers, and peripheral devices.

FY 2015 Major Accomplishments

- Completed Phase I - Enterprise Resource Planning (ERP) shortlisted to three vendors. Concluded comprehensive vendor demonstrations with City staff. Final vendor selected.
- Prepared the specifications and released the Request for Proposal (RFP) for an Electronic Content Management System (ECMS) to enhance internal operating efficiencies, reduce boxing documents for third party storage and the associated costs for document storage, retrieval, and destruction.
- Expanded the NemoQ system, for customer wait time management, to the City Hall lobby for use in the Utility Billing walk up customer service area.
- Upgraded the payroll system; required annually for end of year tax tables.
- Implemented Granicus Boards Management cloud-based module for City advisory board member management.
- Replaced all Windows XP computers at City Hall, Police and Public Works locations to eliminate the security exploits inherent in an operating system which no longer receives security patches.
- Configured T2 eTicketbook software to manage citation writing activities for Transportation and Mobility's Parking Division.
- Installed a second License Plate Reader (LPR) system in a Parking Enforcement vehicle.
- Upgraded noise monitor stations from dial up modems to broadband connections at Fort Lauderdale Executive (FXE).

FY 2016 Major Projects & Initiatives

- Develop specifications, release a Request for Proposal (RFP), evaluate, award, and implement chosen modules for automation of FXE Airport operations.
- Upgrade Cayenta utility billing hardware. Refresh of the hardware supporting the utility billing application is required to maintain system reliability and support newer versions of the software.
- Replace Hansen with Cayenta Workorder Module. The Hansen work order system is used by Public Works to handle utility billing work orders, but does not interface with the Cayenta Utility Billing system, making it cumbersome to use and expensive to maintain. Installing the module will allow it to seamlessly interface with utility billing, and will interface with the QAlert Customer Relationship Management (CRM) system.
- Develop specifications for an RFP, evaluate and select a system Kiosk payment device intended to replace drive through service for customers at City Hall.
- Upgrade Lawbase software and server hardware that support the City Attorney's Office including server and network connection to remote office.
- Develop Enterprise Resource Planning system Project Plan (Phase II) to replace selected core applications such as accounting, procurement, human resources, and payroll. Additional systems will be evaluated and considered depending on their level of functionality and integration with the core systems.

Information Technology Services Department

Application Services, continued

FY 2016 Major Projects & Initiatives

- Develop specifications, evaluate, and select a Case Management system for the City Attorney's Office.

 STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES - To provide a reliable and progressive technology infrastructure (IS 11-4)						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Provide excellent technical support and training to internal customers (IS 11-4)	Percentage of help desk repair calls resolved at time of call ¹	51% ²	52%	65%	50%	65%
	Percentage of help desk repair calls resolved within 24 hours	69% ²	77%	83%	73	83%
	Number of training classes on various subjects	76	61	60	34	60
	Number of "Tech tips" provided to all employees	4	4	4	8	4

¹This measure is benchmarked by the International City/County Management Association (ICMA). The FY 2013 reported average is 35% for reporting jurisdictions with populations between 100,000 – 249,999.

²Data correction

Information Technology Services Department

Geographic Information Systems (GIS)

Division Description

The Geographic Information Systems (GIS) Division provides geospatial services to City staff, neighbors, businesses, and visitors. The division creates and maintains data, maps, and software applications, including web applications used by staff, neighbors, and visitors. Additionally, the GIS Division creates software programs to share information with other systems, such as utility billing and the CommunityPLUS permitting and land record management system.

FY 2015 Major Accomplishments

- Upgraded the Property Information Reporter web GIS application built using Esri's obsolete ArcIMS technology to its current ArcGIS technology. The new application is more stable and provides many more features and functionality. The implementation of Google Street View and the inclusion of tax appraiser sales history for properties are two examples of the added functionality.
- Completed the GIS obligations for the IBM Integrated Crime Analytics project by creating map services to provide GIS data to the IBM application.
- Developed a new web GIS application for identifying areas in the City where Sex Offenders and Sexual Predators are permitted to take up residence. It is also used by probations officers and the courts.
- Replaced the Rapid Impact Assessment Viewer GIS application formerly used in the Emergency Operations Center (EOC) with Esri's Operations Dashboard. The dashboard shows the real-time status of Rapid Impact Assessment grids to EOC staff as the City's Fire Department conduct its post-storm assessments.
- Created an Operations Dashboard to present Public Works Utilities and EOC staff the operating status of sewer pump stations during and after a storm event.
- Facilitated the City and County's reconciliation of corporate limits discrepancies to improve 911 dispatching and emergency personnel deployment. The final reconciled boundaries were forwarded to the County's 911 Administrator.
- Created a GIS application that allows the City's Zoning County and Zoning Administrator to confidently retrieve zoning information for properties. This activity is necessary as part of the development review process. The new application replaces a 16-year old application built using antiquated technology that often failed and created computer security risks.

FY 2016 Major Projects & Initiatives

- Upgrade the City's GIS infrastructure to migrate away from Esri's ArcGIS 10.0 server products and also to replace the City's physical GIS servers with virtual servers.
- Develop a web-based GIS application that will allow the City's neighbors and staff to view and query real-time road closures and traffic flow.
- Upgrade the GIS components of the Cayenta Utility Billing System to work with the pending Cayenta upgrade. The GIS components allow for a number of things. For example, they provide tax appraiser updates to Cayenta, mapping utility billing customer locations, allow the City and neighborhoods to provide focused mailing lists to utility customers, and allow for water consumption analysis.

Information Technology Services Department

Geographic Information Systems (GIS), continued

FY 2016 Major Projects & Initiatives

- Provide real-time data depicting the City's stormwater network to field crews who maintain the system. The ability to access interactive maps and all data associated with stormwater assets on an iPad will allow crews to respond quicker, and eliminate inefficiencies caused by reliance on paper maps. It will also allow foster staff efficiencies since the crews can now directly enter their observations into the system instead of writing them on paper for office to later enter them.
- Rebuild the Federal Emergency Management Agency (FEMA) Flood Zone web GIS application to make it easier for staff and neighbors to access flood zone information. Although it will be tailored for the City and its neighbors, the proposed application will display flood zone related information directly from FEMA.
- Rebuild the Parking Customer Service GIS application to stop using Esri's obsolete ArcIMS GIS technology in favor of the Esri's ArcGIS for Server technology. The rebuild should also include a database redesign to allow access from the proposed cloud-based version of the POM meter inventory software. The Parking Customer Service GIS application allows the Parking Division staff to efficiently respond to customer queries, respond to parking citation disputes, and identify public parking locations.

 STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES - Continuously improve and innovate communication and service delivery (IS 11-3)						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Increase accessibility of City services and information via web and mobile devices (IS 11-3)	Number of GIS web applications introduced, rebuilt, or enhanced	2	3	5	8	5
	Average monthly visits to GIS applications & website	7,132	9,038 ¹	8,700 ²	10,615	8,700 ³

¹ Data correction

² FY 2015 target projected less than FY 2014 actual as two current website applications were to be replaced by vendor hosted applications. An application hosted by a vendor offsite on their servers is not counted by the GIS division.

³ Vendor applications hosting in FY 2015 (see footnote ²) behind schedule, vendor hosting expected in FY 2016.

Information Technology Services Department

Infrastructure and Operations

Division Description

The Infrastructure and Operations Division is responsible for implementing and supporting all aspects of the City's (non-Police) computer servers, e-mail, spam filtering, databases (including Police), and the City's web site. Currently this consists of approximately 180 physical and virtual servers, 75 databases, and 2,000 email accounts. The Operations area manages three of the City's four Data Centers, which house computer systems and associated hardware for the entire computing infrastructure and process a multitude of computer tasks for applications such as payroll, budget, utility billing, and CommunityPLUS. This division manages the City's internet sites that provide online payment and services to neighbors, including water bills, business taxes, parking tickets, and registration fees for Parks and Recreation. Other online services include plan reviews, building permits, community inspection information, and resident parking permits.

FY 2015 Major Accomplishments

- Enhanced the Launderserv app to include bill pay by smartphone.
- Upgraded the City website to a modern content management system, providing for a better neighbor experience and allowing for faster updates of content.
- Upgraded the operating system and tape backup drive for the City's financial and budget software (FAMIS/BPREP). This resulted in backup time reduction from 2.25 hours to 24 minutes and a significant improvement in data restore time.
- Completed the Migration of employee M:, S:, and T: drives to a new file share server to allow for increased use of graphics, photos, maps, and video embedded into City documents.
- Implemented the iSigner Software which is a tool for people who prefer American Sign Language instead of written English. Website visitors will be able to click on any paragraph and iSigner will instantly translate it into Sign Language. The City has been given an opportunity to run a six (6) month trial.
- Developed the Fort Lauderdale Executive Airport (FXE) website portal.
- Established a demilitarized zone (DMZ) or server subnetwork to add an additional layer of network security. This provides outside access only to equipment within the DMZ and not the internal network.
- Completed the non-emergency call center utilizing the Customer Relationship Management tool QAlert to track and address non-emergency calls and questions from neighbors for City services.
- Implemented Data Backup Hardware & Licensing Compliance.
- Built an interface between the QAlert Citizen Request Management System and the Cayenta Utilities System to provide work order integration for the two systems.
- Received the 2015 Top 10 Digital Cities Award. We scored 8th, a great ranking for our first time entering.
- Received the 2015 Best of the Web Award, we ranked 3rd in the nation.

FY 2016 Major Projects & Initiatives

- Develop the Helistop Online Reservation Application for Executive Airport.
- Continue the expansion of the Emergency Operations Data Center for disaster recovery, data backup and redundancy.

Information Technology Services Department

Infrastructure and Operations, continued

FY 2016 Major Projects & Initiatives

- Continue implementing “blade” server technology to save costs and become more efficient. This technology reduces space requirements, power and cooling costs, and allows for more rapid recovery from system problems. This technology is also referred to as “virtualization” where one server acts as a “virtual” server for many others.
- Pilot Sharepoint at the Department of Sustainable Development (DSD).
- Implement Cloud Servers.
- Implement Server and Database Technology at DSD for LaserFische Document Management.
- Upgrade the financial management reporting hardware system.

 STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES <ul style="list-style-type: none"> - Provide a reliable and progressive technology infrastructure (IS 11-4) - Continuously improve and innovate communication and service delivery (IS 11-3) 						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Ensure infrastructure and operations are reliable and optimized to meet current and emerging technologies (IS 11-4)	Percentage of servers virtualized (citywide)	59% ¹	68% ¹	72%	65%	68%
	Number of major server outages	*	1	0	0	0
	Total number of active users of the City's mobile applications ²	137	253 ¹	350	357	500
Increase strategic community desired information technology services (IS 11-3)	Satisfaction with the quality of the City's website ³	62%	57%	59%	60%	62%

*This is a newly identified performance data collection and/or establishing targets for prior years was not feasible.

¹Data correction.

²Methodology changed from number of downloaded applications to number of active users.

³This measure is reported in the annual Neighbor Survey. The 2014 state average was 69% and 58% nationally for populations 100,000-250,000.

Information Technology Services Department

Police Information Technology Services

Division Description

The Police Information Technology Services Division uses technology resources to support the mission of the City of Fort Lauderdale Police Department. This requires research, planning, project management, process review, and implementation and support of software applications and technology systems used by Police Department personnel. The supported diverse groups of end users include officers on patrol, command staff, detectives, crime analysts, teletype operators, records staff, and support staff at multiple locations and in the field.

FY 2015 Major Accomplishments

- Provided technical and collaborative support to move the IBM First of a Kind (FOAK) City Resource Optimization pilot from development into production environment.
- Migrated physical servers to virtual servers, optimizing space, energy, and supportability.
- Migrated additional physical equipment into the modular Uninterruptible Power Supply (UPS) racks.
- Completed the transition to the county regional Records Management System (RMS) and Field Reporting.
- Began installation of technology at the Emergency Operations Center (EOC) for basic off-site IT services.
- Implemented reliable and efficient disk-to-disk offsite backup solution.
- Replaced existing unsupported Report server and migrated to Crystal Reports for custom reporting.

FY 2016 Major Projects & Initiatives

- Continue migrating physical servers to virtual servers, optimizing space, energy, and supportability.
- Implement additional modules with the regional Records Management System (RMS) such as Police2Citizen website for resident online submission of basic incident reports.
- Implement additional interfaces with the regional Records Management System (RMS).
- Upgrade Police website to a new platform with data hosted within the City SQLServer database.
- Continue installation of technology and implementation of basic off-site IT services at the (EOC).
- Begin replacement of legacy applications running on Linux server such as management of Trespass Affidavits.

Information Technology Services Department

Police Information Technology Services, continued

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Prevent and solve crime in all neighborhoods (PS 9-1)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Provide excellent IT systems to facilitate 911 communications, and crime tracking and analysis (PS 9-1)	Percent of on-time and accurate Uniform Crime Report (UCR) accepted by FDLE	100%	100%	100%	100%	100%
	Number of items identified as being out of compliance with state and FBI IT security, data, and accreditation audits	0	2	2	2	2

Information Technology Services Department

Publishing and Mail Services

Division Description

The Publishing and Mail Services Divisions are responsible for the production and logistics of revenue-generating printed materials, such as water bills, business tax licenses and renewals, police alarm notices, fire inspection fees and more. The Publishing Division supplies City letterhead, envelopes, business cards, brochures, postcards, and other printed materials for all City departments. Mail Services manages the collection and distribution network of incoming and outgoing US Mail, City interoffice correspondence, and FedEx and UPS packages. Mail Services also administers the SendSuite e-certified software, updates employee education materials for postage savings, manages the citywide copier program, citywide vending machines and performance scorecards for the department.

FY 2015 Major Accomplishments

- Achieved certified letter postage savings of \$90,675 over a five year period utilizing the SendSuite Software.
- Upgraded SendSuite Shipping to SendSuite Live (Open Architecture) due to end of life announcement resulting from the unsupported Windows XP platform.
- Increased external revenue with additional print requests from Daughters of the American Revolution, Broward County Retired Educators Association, Broward Sheriff's Office (BSO) of Pompano, Cooper City and Downtown Fort Lauderdale, Plantation Police Department and Cigna, the City's health provider.
- Achieved a 100% customer service satisfaction rating from departments utilizing the Print Shop and Copy Center for their printing needs.

FY 2016 Major Projects & Initiatives

- Continue to promote publishing services to Homeowner's and Civic Associations for increased revenue.
- Complete the external customer service surveys to measure quality and improve customer service.

Information Technology Services Department

Publishing and Mail Services, continued

 STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES - Ensure sound fiscal management (IS 12-1)						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Reduce operational costs for mail and published materials (IS 12-1)	Percentage of mail processed at pre-sort rate	86% ¹	86% ¹	85%	89%	85%
	Savings from utilizing electronic certified mail in place of traditional certified mail	\$17,181	\$18,666 ¹	\$18,000	\$17,361	\$18,000
	City and external customer savings from the full color digital press	\$7,753 ²	\$13,020	\$12,500	\$14,9270	\$13,500

¹ Data correction

² The figure represents partial year savings due to acquisition of the new digital press in April of FY 2013.

Information Technology Services Department

Radio Communications Services

Division Description

The Radio Communications Services Division is responsible for the planning, management, and technical support of the City's mission-critical communications networks. In addition, staff plays an integral role with the Florida Regional Domestic Security Task Force (RDSTF) and the Miami-Fort Lauderdale Urban Areas Security Initiative (UASI) through the facilitation of Department of Homeland Security target capabilities, including strengthening interoperable communications for emergency first responders. The division continues its commitment to providing cost effective, efficient, and professional technical support.

FY 2015 Major Accomplishments

- Upgraded the Fire-Rescue Preemption System Firmware (traffic light control system).
- Complied with the Federal Communications Commission (FCC) Part 90 Class B Signal Booster Registration mandate.
- Implemented temporary Zetron Fire Alerting System technology in the temporary Fire Station 54 building.
- Completed In-building and Drive Coverage Testing for Coverage Comparison of Fort Lauderdale and Broward County System.
- Implemented the signal Preemption Devices at Broward Boulevard and Andrews Avenue intersections to enable Fire-Rescue apparatus with response times due to the road closure of NW 2nd Street.
- Replaced the Community Emergency Response Team (CERT) Antenna system at Fire Station 2.
- Replaced Fire-Rescue Beach Public Address System infrastructure due to the harsh conditions.
- Implemented the Fire-Rescue Fire Alerting at the Central Dispatch Facility in Sunrise, Florida.
- Established a control station backup at the Central Dispatch Facility in Sunrise for Public Safety Departments.
- Implemented MIP 5000 console for the Police and Utility Call Centers.
- Implemented a Digital Recording System for Police radio talk groups for the Teletype Division.
- Facilitated the redesign and repair of Public Safety Communications Network with building owners and contractor to ensure communications in buildings that present communications issues.

FY 2016 Major Projects & Initiatives

- Relocate the Highway Advisory Radio System (HARS) System Antenna experiencing interference due to nearby new building construction.
- Increase capacity for ACU 5000 Interoperability. The Mobile Emergency Radio System, ACU 5000 is an interoperability network which ensures the quick interface of radios, phones, satellite phones or Voice Over Internet Protocol (VoIP) devices of first responders from different agencies all using their own equipment.
- Upgrade 800 MHz Public Safety Radio System to APCO P 25 12 channel technology. This will provide reliable communications for the City's Public Safety Departments.
- Program Fire-Rescue radios to meet Broward County Fire Chief Association standardization.
- Upgrade Provisional Manager System to meet the current service level needs and have tools needed for management of the radio system infrastructure and subscriber radios.

Information Technology Services Department

Radio Communications Services, continued

FY 2016 Major Projects & Initiatives

- Implement the VHF System at Fire Station 49 to enable Fire-Rescue to have direct communications with the Coast Guard during an operation.

 STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES - Provide a reliable and progressive technology infrastructure (IS 11-4)						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Ensure reliable and interoperable communications using current industry standards (IS 11-4)	Number of radios receiving preventative maintenance annually	*	*	200	111	200 ¹
	Percentage of Radio Repair Service Tickets completed within 24-hours ²	52% ³	45% ⁴	70%	78%	80% ⁵

*This is a newly identified performance measure. Data collection for prior years was not feasible.

¹FY 2016 Target amended based on FY 2015 Actual results.

² This measure is benchmarked by the International City/County Management Association (ICMA). The FY 2013 reported average is 87% for reporting jurisdictions with populations between 100,000 and 249,999.

³Due to staffing shortages in FY 2014, actual percentage was lower than anticipated. The previously reported FY 2013 Actual of 61.73% was incorrect due to data calculation error.

⁴Data correction

⁵Target projected higher due to augmented staffing which will increase the ability to attend to radio repair tickets.

Information Technology Services Department

Unified Communications Services

Division Description

The Unified Communications Services Division is responsible for providing collaboration and communication services, with the goal of improving staff productivity and communications between City staff, neighbors, and visitors. To achieve this goal, the Division plans, designs, implements, maintains, and provides around-the-clock monitoring and support of the City's evolving unified wired and wireless voice, video, data, Internet, cable TV, and collaboration networks and systems, spanning over eighty buildings.

FY 2015 Major Accomplishments

- Completed the final phase of the three-year citywide migration from the decentralized and unsupported legacy Nortel telephone, voicemail, and call center systems to a new, centralized and supported solution based on next-generation Voice Over IP standards.
- Equipped four conference rooms with interactive video conferencing and collaboration capabilities to reduce employee travel time, cost, and environmental impact while increasing the efficiency of attending meetings and providing citywide training.
- Continued to expand the internal wireless (Wi-Fi) network to other City buildings to provide free Wi-Fi services to visitors as well as secured Wi-Fi access for City staff.
- Completed the migration of the citywide computer network to a unified IP network capable of supporting the increasing demand for voice, video, data, and Internet communications.
- Conducted a test pilot of Wi-Fi in a public park.
- Migrated 20 remote sites from the State of Florida low bandwidth wide area network (WAN) to the Comcast high-speed WAN.
- Expand the digital signage system to stream information to display boards at ten Fire Stations and two Parks and Recreation locations.

FY 2016 Major Projects & Initiatives

- Upgrade the City's core network to provide increased bandwidth capacity between the four data centers (Police, City Hall, Public Works and Emergency Operations Center [EOC]) and create a platform to support near real-time failover of mission critical applications to the EOC during times of emergency.
- Implement an online web-based collaboration system that provides an integrated on-demand meeting, web-conferencing and videoconferencing solution from any computer, tablet or smartphone. This solution is aimed at improving staff collaboration and productivity.
- Upgrade the City's Wi-Fi network to improve the security, performance and reliability required to support the increasing usage by City staff and visitors.
- Upgrade the City's Internet network to provide the bandwidth, scalability, quality of service and disaster recover capabilities required to support the increasing demands of Internet applications and services such as Public Safety vehicle communications, Legistar, ClearPoint, BidSync, NeoGov, Granicus, WestLaw, WebStaff, ONESolution, QAlert, Primavera, online credit card payments and FLTV AT&T broadcast.

Information Technology Services Department

Unified Communications Services, continued

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Provide a reliable and progressive technology infrastructure (IS 11-4)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Increase the reliability and efficiency of workforce and community communications (IS 11-4)	Percent of telephone repair calls resolved within 24-hours ¹	72%	63% ²	80%	59%	80%
	Percent of network repair calls resolved within 24-hours ³	43% ²	65%	80%	55% ⁴	80%
	Number of major network outages	*	1	0	0	0

*This is a newly identified performance measure. Data collection for prior years was not feasible.

¹This measure is benchmarked by the International City/County Management Association (ICMA). The FY 2013 is 80% for reporting jurisdictions with a population between 100,000 and 249,999.

²Data correction

³This measure is benchmarked by (ICMA). The FY 2013 reported average is 81% for reporting jurisdictions with a population between 100,000 and 249,999.

⁴The performance of the division was impacted by vacancies. Performance is expected to improve in FY 2016 as the positions have been filled and the division has been restructured.

Information Technology Services Department

Mobile

Division Description

The Mobile division's major responsibility is the City's in-car technology for the Police Department, Automatic Vehicle Location (AVL), License Plate Readers (LPR), video, fingerprint readers, facial recognition and body cameras technology. The Mobile Division also implements citywide door cards, cameras, etc. Mobile computing has changed how work is accomplished; mission critical applications are no longer accessed only from within the City's network. Wi-Fi and cellular data networks have become an integral part of the computer and data networks the City relies on. Advancement in the functionality of laptops, cameras, and smartphones along with the cost effective high speed connections offered by wireless telecommunications vendors, now provide a mobile communications platform that can be leveraged to improve the efficiency and productivity of the City's mobile workforce.

FY 2015 Major Accomplishments

- Installed new laptops, printers and mounts for assigned marked patrol vehicles required for the Mobile Field Reporting Project.
- Installed additional mobile license plate readers for the K-9 vehicles.
- Installed equipment for Traffic Homicide Investigation Unit (THI) to comply with e-warrants at the scene in a timely manner.
- Installed the standard patrol technology package for Public Service Aides (PSA) vehicles in order to provide same functionality as officers in the field.
- Upgraded citywide identification card printers used by departments for employee ids and fuel payment.
- Implemented alarm and access control for new Special Investigations Division (SID) site.

FY 2016 Major Projects & Initiatives

- Implement automatic vehicle locator (AVL) in citywide vehicles.
- Begin Phase I of citywide security camera and fixed license plate readers along the beach and Sistrunk Boulevard.
- Upgrade security cameras at Police Department Headquarters and the Greg Brewton Sustainable Development Center.
- Purchase and Implement a mobile Wi-Fi Truck for City special events enhancing communication and security.
- Continue to refurbish the Mobile Command Vehicle.

Information Technology Services Department

Mobile, continued

 STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES - Continuously improve and innovate communication and service delivery (IS 11-3)						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Enhance and ensure accessibility and reliability of information via mobile devices (IS 11-3)	Percentage of work order requests for new technology completed ¹	*	91%	85%	90%	85%
	Percentage of mobile problem work orders completed	*	41% ²	40%	86%	80% ³

*These are newly identified performance measures. Data collection for prior years was not feasible.

¹Performance measure name changed from "Percentage of mobile work orders completed" to "work order requests for new technology" for clarification of methodology.

²Data correction

³The FY 2016 Target was amended from 40% to 80% based on FY 2015 Actual performance.

Information Technology Services (ITS) Department

Parks and Recreation Department

Administration

Division Description

The Administration Division provides safe parks and recreation facilities along with quality programming. The division aims to satisfy the parks and recreation needs of the entire community while enhancing the quality of life in the City of Fort Lauderdale. The department has opened new parks and expanded green space, contributing to the aesthetic enhancement and livability of the City. The division provides the leadership and framework to acquire, operate, and maintain the City's system of public places, including its beach, parks, open spaces, and medians for neighbors and visitors. Core services include the administration of grants and special projects, special event coordination, and management of the City's recreation programs, marine facilities, sanitation, cemetery, facilities maintenance, and park rangers.

FY 2015 Major Accomplishments

- Received a KaBOOM Community Playground Grant which allowed the department to complete the installation of a new playground at Bryant Peney Park. The department applied the community build model, utilizing neighbors to assist with building the playground that was awarded through the grant.
- Awarded a KaBOOM Community Playground Grant. The playground is being built at Poinciana Park. The project will be complete by May, 2015.
- Received a \$200,000 Florida Department of Environmental Protection Recreational Trail Grant to develop a recreational bike trail at Snyder Park. The trail will be completed during FY 2016.

FY 2016 Major Projects & Initiatives

- Work to advance the FY 2016 Commission Annual Action Plan priority to increase Soccer and Lacrosse Fields and the City Manager's priority to develop a the Public-Private Boathouse for Crew.
- In 2016, the department will pursue re-accreditation through the Commission for Accreditation of Parks and Recreation Agencies (CAPRA). CAPRA accreditation is a quality assurance and quality improvement process demonstrating the department's commitment to delivering a high level of quality for all neighbors and visitors.
- The department is updating its Strategic Plan. AECOM, a world-wide industry leader will be developing the Department's master plan for the next 10 years. Expected delivery date is April 2016.

Parks and Recreation Department

Administration, continued

<div style="display: flex; align-items: center;">   <div style="margin-left: 10px;"> STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES - Foster professional and rewarding careers (IS 11-1) - Offer a diverse range of youth, adult, and senior recreational programming (PP 4-1) </div> </div>						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Support professional development (IS 11-1)	Average number of training hours per parks and recreation employees	23.56	30.64	30	18.08	15 ¹
Improve enjoyment of parks, programs, and facilities (PP 4-1)	Satisfaction with the quality of parks and recreation programs and facilities ²	75%	73%	74%	75%	76%

¹This measure is an average of the training hours completed by employees. The department now requires 15 hours of training per each full-time employee annually and will use 15 hours as the baseline. The target has been amended based on this new approach.

²This measure is reported in the annual citywide Neighbor Survey. The 2014 state comparison is 71%, and 2014 national comparison is 70%.

Parks and Recreation Department

Facilities Maintenance

Division Description

The Facilities Maintenance Division maintains over 140 buildings, covering approximately 1.5 million square feet. The division maintains playgrounds, air conditioning units, and more than 5,000 streetlights, including parking lot lighting for all City facilities. Staff responds to a variety of maintenance and repair service requests and performs preventive maintenance tasks. A few examples are carpentry, electrical and plumbing service repairs, and painting services. The division supports sports fields, courts, and the Public Works Department Engineering Division as it pertains to construction-related activities particularly, implementing small construction projects such as neighborhood entrance features. The Facilities Maintenance division manages several maintenance service contracts and provides support for the City's special events.

FY 2015 Major Accomplishment

- Completed re-roofing at City Hall, War Memorial Auditorium, Osswald Activity Center, and the Police Department.
- Redeveloped landscaping for the department of sustainable development's building.
- Began implementing findings of the facilities condition assessment report.

FY 2016 Major Projects & Initiatives

- Continue implementing findings of the Facilities Condition Assessment Report which identified \$20 million in general fund deficiencies over 10 years. Staff has prioritized the deficiencies that will be addressed in FY 2016-2019 with current funding levels. These projects include repair and replacement of roofs; heating, ventilation, and air conditioning (HVACs); electrical systems; plumbing; and exterior enclosures. Additionally, the assessment identified preventive maintenance projects including items such as roof inspections and HVAC coil cleaning which enhance the lifespan of existing equipment while allowing for more efficient operations of the equipment. As facilities and equipment are modernized, the facility maintenance team will seek energy efficient products and sustainable methods in order to reduce energy and water consumption and operate more sustainably.

<div style="display: flex; align-items: center;">   <div style="margin-left: 10px;"> STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES - Enhance the City's identity and appearance through well-maintained green space, parks, major corridors, gateways, and medians (PP 3-2) - Provide safe, efficient, and well-maintained vehicles, equipment and facilities and integrate sustainability into daily operations (IS 12-3) </div> </div>						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Proactively maintain our parks, amenities, and facilities to provide a safe and desirable place for all patrons (PP 3-2)	Percent of work orders addressed in comparison to requests received	86.10%	77.19%	90%	76.27%	80%
	Percent of completed preventative maintenance tasks	69.14%	64.31%	75%	84.75%	80% ¹
Employ sustainable practices (IS 12-3)	Percent of electricity use reduced in City operations ²	-1.55% ²	-3.44% ²	-10% ²	N/A ²	-13% ²

¹ FY 2016 Target updated based on FY 2015 Actual performance.

² In order to meet the goal in the Sustainability Action Plan (SAP), the performance measure and target corresponds with meeting 20% reduction below the 2010 baseline by 2020. Data derived from all City Florida Power & Light (FPL) accounts. It is based on calendar year and compiled by the Public Works Department. The metric reported has changed to reflect the percent change from the 2010 baseline and was previously demonstrated as a change year to year. Targets were amended to reflect the baseline and SAP goal. 2015 Actual data will be available after the end of the calendar year.

Parks and Recreation Department

Marine Facilities

Division Description

The Marine Facilities Division strives to provide excellent marine dockage facilities for vessels of diverse sizes whether visitors or local yachtsmen and boaters. The division provides public access to local waterways and maintains the City's public boat ramps. It is also responsible for dockage facilities and services, commercial leases, launching facilities, and capital projects.

FY 2015 Major Accomplishments

- Awarded Sailing Program Participant Scholarships from the Lauderdale Yacht Club Sailing Foundation. The amount totaled \$2,600, which covered \$200 of individual program fees for 13 children.

FY 2016 Major Projects & Initiatives

- Assist with installing a floating dock at Coontie Hatchee Park. By adding more floating docks on the New River, neighbors and visitors will have additional opportunities to utilize small watercraft when accessing parks.

 STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES - Improve access to and enjoyment of our beach, Riverwalk, waterways, parks, and open spaces for everyone (PP 3-1)						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Improve access to and enjoyment of our public places (PP 3-1)	Percent of marina surveys overall rated "good" or "excellent"	100%	100%	100%	96.15%	96%
	Percent occupancy of New River, Cooley's Landings, and Las Olas Marinas ²	52.93%	62.33%	66%	64.67%	62% ¹
	Number of transient (1-week to 3-month) vessels	1,273	1,802	1,800	1,603	1,662 ²
	Percent of waterfront parks accessible by boat	66.67%	80%	80%	80%	86.7% ³

¹ The FY 2016 Target amended based on FY 2015 Actual performance.

² The FY 2016 target was amended based on the average for the last three years.

³ A floating dock is planned to be installed at Coontie Hatchee during Quarter 4 of FY 2016.

Parks and Recreation Department

Parks

Division Description

The Parks Division performs all mowing operations, irrigation repairs and installations, ball field maintenance, trash collections and removal, and tree trimming of City-owned properties. In addition to the general maintenance and upkeep of all parks and medians, the division participates in the set-up of special events when necessary. Staff is also responsible for the management of cemetery services, removal of seaweed from the beach and sand from roadways and sidewalks, canal cleaning, and pressure cleaning the Riverwalk and park gazebos.

FY 2015 Major Accomplishments

- Removed 1,945 cubic yards of seaweed from the beach for composting.
- Purchased three “wheeled” tractors for beach cleanup to replace the “tracked” units at the end of their useful life. These purchases equated to a one time savings of more than \$400,000.
- Installed a porous paver system that replaced metal tree grates at SW 2nd Street.
- Installed new playgrounds at various parks, including Bass, Palm Aire, and Bryant Peney.
- Increased water access to parks with the installation of docks at Lewis Landing and Townsend Parks.
- Installed a walking trail at Hottt Park.
- Installed 80 new Adirondack chairs at the beach and various parks.
- Completed The Day of Caring volunteer project at Osswald Park.

FY 2016 Major Projects & Initiatives

- Install a new perimeter fence at Lauderdale Memorial Park.
- Develop three new athletic fields at Mills Pond Park. The fields will be used for soccer and lacrosse. They will include sufficient lighting to foster playful activity at night.

PUBLIC PLACES

INFRASTRUCTURE

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Enhance the City's identity and appearance through well-maintained green space, parks, major corridors, gateways, and medians (PP 3-2)
- Provide safe, efficient and well-maintained vehicles, equipment and facilities and integrate sustainability into daily operations (IS 12-3)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Proactively maintain our parks, amenities, and facilities to provide a safe and desirable place for all patrons (PP 3-2)	Average number of days athletic fields available for use	322.10	347.61	330	346.59	330
	Number of park mowing cycles completed by staff	28.50	44.86	45	43.85	43 ¹
	Percent of residents satisfied with the maintenance of City parks ²	77%	75%	77%	78%	79%
	Percent of playgrounds inspected	91.67%	100%	100%	99.81%	100%
Employ sustainable practices (IS 12-3)	Percent of parks and public spaces with public recycling options	15.85%	28.80%	45%	30.81% ³	31.1%

¹FY 2016 Target amended based on FY 2015 Actual performance.

²This measure is reported in the annual citywide Neighbor Survey. The 2014 state comparison is 75% and 2014 national comparison is 74%.

³Nearly 300 dual waste/recycling street cans were purchased. Recycling was added to 20 parks. Future funding is not anticipated.

Parks and Recreation Department

Recreation

Division Description

The Recreation Division strives to enhance the quality of life in Fort Lauderdale by offering a wide variety of high quality, safe, accessible, and affordable recreational activities and facilities to meet the year round leisure needs of neighbors and visitors of all ages and interests. Recreation facilities include City parks, activity centers, and community pools, the War Memorial Auditorium (WMA), and the Aquatic Complex. This division is responsible for conducting youth, adult, senior, athletic, teen, and aquatic programs; management of the War Memorial Auditorium; management of the Fort Lauderdale Aquatic Complex; and providing support for community and special events. In addition to the core services, the division provides licensed after-school care programs, summer camps, adult fitness and wellness programs, and environmental awareness education.

FY 2015 Major Accomplishments

- Seven sites have been certified through Broward County as a licensed afterschool provider. The locations are Bass Park, Carter Park, Lauderdale Manors Park, Croissant Park, Warfield Park, Osswald Park, and Riverland Park.
- Installed adult fitness equipment at Riverwalk and Hortic Parks.
- Partnered with the Performing Arts Center to purchase and install an electronic marquee on Federal Highway to advertise War Memorial Auditorium (WMA) and Parker Playhouse events.
- Hosted 39 major citywide special events with greater than 600,000 in attendance and partnered with more than 45 organizations while receiving more than \$325,000 in sponsorships. Events include the St. Patrick's Parade, Great American Beach Party, Fourth of July Spectacular, New Year's Eve Downtown Countdown, David Deal Playday, and Teen Summer Bash.
- Partnered with the University of Miami to adopt the Playorities Research Project that occurs during afterschool and camp programs. This is in connection with the Presidential Fitness Program and Let's Move Campaign.
- Partnered with the IRS (Internal Revenue Service) to implement the Volunteer Income Tax Assistance (VITA) service.
- Held 50 events at Riverwalk, including Riverwalk Blues & Music Festival (2/14-15/15), Salvation Army Amazing Race (3/21/15), and Quick Draw (3/29/15). There were 25 events on the beach such as the A1A Marathon (2/15/15), Las Olas International Triathlon (3/15/15), and Florida Aids & Music Festival (3/22/15).

FY 2016 Major Projects & Initiatives

- Secure a consultancy study for War Memorial Auditorium's renovation needs. Particularly, provide an action plan to secure grants for a long-term strategic renovation. Future renovations will aid in maximizing revenue.
- Complete the special events manual with approval from the City Manager.
- Upgrade the department's computerized recreation tracking system (RecTrac). The upgrade will reconfigure the system to a browser based application, resulting in a more customizable, user-friendly program that improves services to neighbors. It will also allow more dynamic and flexible reporting.

Parks and Recreation Department

Recreation, continued

FY 2016 Major Projects & Initiatives

- Park Rangers have begun reporting to the Police Department under the supervision of a Police Sergeant and will be managed by the Police Chain of Command. Their assignments, uniform and overall aspects will be consistent with what is currently in place. All Park and Recreation needs will be routed by the Recreation Division's Deputy Director to the Police Sergeant for action and deployment. This transition is mainly to provide improved training opportunities for the Park Rangers whom are actively engaged with the public and are often placed in difficult circumstances. The Police Department will be able to provide additional resources to assist in this effort.
- Identify location and start construction of Community Wellness Center. It will improve the likelihood of having a healthy community. Funding is allocated through the community investment plan, but a location must be determined that satisfies the City's needs.

⁶ This measure is reported in the department Survey. FY 2016 Target amended based on FY 2015 Actual performance.

⁷ This measure is reported in the annual citywide Neighbor Survey. The 2014 state and national comparison is 64%.

Parks and Recreation Department

Sanitation Services

Division Description

The Sanitation Services Division provides services to the City's neighbors. The division is responsible for removal of trash and recyclables, cleaning of bus shelters, canals, streets, and parking lots, maintenance of public places, alleys, and City-owned lots, mitigation of code violations, and billing for services rendered. The division also participates in special event cleanup and is trained to address all levels of disaster preparation and recovery.

FY 2015 Major Accomplishments

- Implemented the pressure washer clean team to ensure all bus shelters are maintained via pressure washers and street sweepers. This process improves communities' quality of life.

FY 2016 Major Projects & Initiatives

- Add annexed areas of the City to the Sanitation Division's current bulk trash pick-up routes and replace equipment, which is vital for consistent, effective, and efficient operations. The City currently provides bulk trash services to 30,399 of the 36,333 single family homes in the City. With the addition of the annexed areas, 5,934 single family homes that previously relied on outside contractors to remove their bulk trash will now have services provided by the City. The creation of new, efficient routes will be necessary for the annexed households. The additional annexed areas include: (1) Melrose Park; (2) Chula Vista; (3) Rock Island; (4) River Landings; (5) Lauderdale Isles; (6) Riverland Woods; (7) Twin Lakes; (8) Riverland Village; (9) Golden Heights; and (10) Palm Aire West. The mentioned changes will result in better service to all neighbors. However, an extensive amount of coordination is necessary considering affected neighbors.
- Purchase a small and large debris trash skimmer. The skimmer improves waterway cleaning efficiency and increases weight per load ticket throughout the city's smaller canals, lakes, and waterways. The task is currently done by hand from pontoon boats, but with a small trash skimming boat, the department will increase the amounts of each load ticket due to the vessel having more capacity to hold trash between dumps than what is currently in use. Also, the skimmer will collect trash faster than the current methods.

Parks and Recreation Department

Sanitation Services, continued

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Enhance the City's identity and image through well-maintained green space, parks, major corridors, gateways, and medians (PP 3-2)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Proactively maintain our parks, amenities, and facilities to provide a safe and desirable place for all patrons (PP 3-2)	Percent of trash code violation requests requiring City remediation addressed within 7 days of notification	97.83%	99.27%	98%	98.85%	95% ¹
	Percent of residents that perceive the overall appearance of the City as excellent or good ²	66%	65%	67%	67%	68%
	Percent satisfied with residential bulk trash collection ³	83%	80%	81%	81%	82%
	Total amount of tonnage collected by bulk trash services	17,684.79	18,282.62	*	18,622.09	21,939.14 ⁴

* No target was set for FY 2015 as this is a new measure.

¹This measure includes debris removal on private property which is tracked using Community Plus Software, as well as debris left on public right-of-way which is tracked manually. The manual tracking may slightly affect remediation time. The FY 2016 Target was amended based on this.

²This measure is reported in the annual citywide Neighbor Survey. The 2014 state comparison is 73% and the 2014 national is 71%.

³This measure is reported in the annual citywide Neighbor Survey. The 2014 state comparison is 60% and the 2014 national is 58%.

⁴The results are expected to increase by 20% since annexed areas are being added to the division's current bulk trash pick-up routes.

Police Department

Office of the Chief

Division Description

The Office of the Chief is comprised of the Public Information Office, the Staff Inspections Unit, and the Office of Internal Affairs. The Office of the Chief is also responsible for the overall management and operation of the Support Services Bureau, the Investigations Bureau, and the Operations Bureau.

FY 2015 Major Accomplishments

- The Department succeeded in reducing Part One Crimes by 7.4% for calendar year 2014.
- The 2014 Neighbor Survey results showed significant improvements in many areas, specific highlights include:
 - The professionalism of employees responding to emergencies (74%), an increase of 8% from the previous year.
 - The overall quality of local police protection (71%), an increase of 8% from the previous year.
 - How quickly police respond to 911 emergencies (68%), an increase of 5% from the previous year.
 - Satisfaction with the City's efforts to prevent crime (52%), an increase of 5% from the previous year.
 - The perception of safety in the downtown entertainment area (77%) and in parks (74%) exceeded national and state results.
 - Priorities, meaning that those items with lower satisfaction and ranked as needing high emphasis from leaders include: Satisfaction with the City's efforts to prevent crime (52%), an increase of 5% from the previous year and the visibility of police in neighborhoods (50%), although this was still an increase of 3% over the prior year.
- Added a second full-time detective to the Public Information Office. This allowed us to increase our use of social media, be better engaged and more responsive with the community and the media.
- Successfully worked with the US Office of Justice Programs Diagnostic Center (OJPDC) and other agencies to address juveniles who are in the criminal justice system, and emphasize the need for early intervention.
- Increased Twitter followers 68% in FY 2015 over FY 2014 numbers increasing our ability to get pertinent information out quickly and affordably.

FY 2016 Major Projects & Initiatives

- Commission for Florida Law Enforcement Accreditation (CFA) Five-Year Accreditation. Previously, the Department was the second agency in Broward County to be awarded Excelsior designation (March 2013), which is only awarded for a fifth re-accreditation. The Department anticipates another successful re-accreditation in FY 2016.
 - Accreditation establishes and maintains standards that represent the current professional law enforcement practices, increases effectiveness and efficiency in the delivery of services, establishes standards that address liability for the agency and its members and establishes standards that make an agency and its personnel accountable to the constituency they serve.
- Diversity awareness and review of the hiring and ongoing mandatory training processes to ensure that they meet the highest standards possible.

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

-Foster professional and rewarding careers (IS 11-1)

-Continuously improve and innovate communication and service delivery (IS 11-3)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Maintain the Department's accreditation status (IS 11-3)	Percent of accreditation standards reviewed to ensure continued compliance with the standards mandated by the Commission for Florida Law Enforcement Accreditation	100%	100%	100%	100%	100%
Ensure the timely release of information to the media and the public (IS 11-3)	Number of 'followers' (subscribers) to the Police Department's Twitter feed	2,375	4,475	5,400	7,527	8,727 ¹
Ensure Department employees' conduct is in accordance with Department policy (IS 11-1)	Number of investigations conducted into allegations of employee misconduct	131	112	< 127	124	<124 ¹
	Satisfaction with the overall quality of police protection ²	68%	63%	N/A	71%	73% ³
Maintain a crime reduction strategy (PS- 9-1)	Satisfaction with the visibility of police in neighborhoods ⁴	53%	47%	N/A	50%	52% ³

¹The FY 2016 Target was amended based on FY 2015 Actual performance.

²This measure is reported in the annual Neighbor Survey. The 2014 state comparison is 78% and the national comparison is 72%.

³FY 2016 Targets were amended based on FY 2015 Actual performance.

⁴This measure is reported in the annual Neighbor Survey. The 2014 state comparison is 61% and the national comparison is 58%.

Police Department

Operations

Bureau Description

The Operations Bureau is responsible for uniformed police services throughout the three police districts within the City for both emergency and non-emergency calls for service. The Operations Bureau is the largest of the three bureaus and is comprised of the Patrol Division, the Special Operations Division, the Operations Support Division and the Community Support Division.

The Patrol Division provides the community with professional police services around the clock. The personnel are responsible for proactive crime prevention as well as responding to calls for service. Patrol officers and public safety aides address community-related problems in a collaborative effort with our neighbors. They conduct initial criminal investigations, traffic enforcement, accident investigations and provide School Resource Officer services.

The Special Operations Division is responsible for providing specialized services to the entire Department by highly trained and equipped personnel. These units include the: Motorcycle Unit (Traffic Enforcement), Marine Patrol Unit, Traffic Homicide Unit, K-9 Unit (Bomb Detection, Narcotics Detection and Apprehension), Dive Team, Field Training Officer Program and Emergency Management Unit. Additionally, the Division's Special Event Team is responsible for developing security plans and staffing plans for large-scale events such as concerts, St. Patrick's Day Parade, Memorial Day beach events and the annual New Year's Eve event.

The Operations Support Division is comprised of the Code Enforcement Unit, Environmental Crimes Unit, Tactical Bicycle Platoon, Truancy Unit, Juvenile Citation Program, Park Ranger Supervision, School Crossing Guard Program and the Red Light Camera Enforcement Unit. The division is also responsible for facilitating the Chaplain Program, Honor Guard, Citizens on Patrol Program, and the Law Enforcement of Tomorrow (LET) Explorer Troop #1160.

In order to increase the Police Department's community building capacity, the Community Support Division was recreated. The division was formed around the simultaneously created Community Resources Unit (CRU), which is comprised of ten officers, two supervisors, and a commander assigned to creatively resolve crime and quality of life issues, primarily in the downtown and beach areas. The officers assigned to the CRU are highly trained and/or certified in a wide array of disciplines which includes: crisis intervention, homelessness intervention, Crime Prevention. This includes Crime Prevention through Environmental Design (CPTED), bicycle patrol, foot patrol, Segway and T3 patrol, as well as conventional patrol tactics. The CRU works in tandem with the newly formed Downtown Ambassadors Program, as well as with the beach and downtown areas' business and civic associations. The division also includes the Mounted Unit, Homeless Outreach Unit, Crime Prevention Unit, Graffiti Unit and the newly created Lesbian, Gay, Bisexual, and Transgender (LGBT) Outreach Program.

Police Department

Operations, continued

FY 2015 Major Accomplishments

- Created Community Resources Unit (CRU) to creatively resolve crime and quality of life issues, primarily in the downtown and beach areas.
- Created LGBT Outreach Program to increase outreach, interaction and inclusion.
- Supported the formation of the Ambassadors Program to improve quality of life in downtown.
- Implemented *Seniors and Law Enforcement Together* (SALT) Program which is designed to educate and empower the City's seniors.
- Improved bicycle registration program by waiving the registration fee, training officers and public safety aides to complete registrations in the field and creating an online system.
- Implemented the SafetyNet by LoJack Program which employs locator technology to assist with the rapid recovery of individuals with cognitive conditions who are prone to wander.
- Implemented Commission and Police co-sponsored Joint Community Crime meetings with the Lauderdale Manors, South Middle River Terrace, Lake Ridge, and Middle River Terrace neighborhood associations.
- Implemented a warning ticket program to enhance community relations while simultaneously documenting traffic safety education.
- Transferred oversight of the Park Rangers to the Police Department to increase coordinated patrol coverage and reporting efficiencies throughout the park system.

FY 2016 Major Projects & Initiatives

- Expanding mounted patrols by constructing additional horse stalls. The mounted patrols are more effective with crowd control at large gatherings and they can reach locations that other units cannot.
- Continuing the successful juvenile crime prevention and Juvenile Civil Citation programs to further strengthen relationships with stakeholders and expand our capacity for data collection and analysis.
- Increasing personal interactions with neighbors through their association meetings and community events to help us build a greater sense of safety in our community.
- Purchasing new boats to expand the Marine Unit's ability to perform water operations in the City's waterways during special events and emergencies.
- Expanding the Motor Unit for increased neighborhood visibility, as well as traffic safety education and enforcement.
- Transferring City Hall security officers from the Transportation and Mobility Department to the Police Department to facilitate direct police supervision of security operations in order to improve coordination, communication, training, staffing, and ultimately the safety of City staff and our neighbors while at the facility.

Police Department

Operations, continued

 STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES -Prevent and solve crime in all neighborhoods (PS 9-1) -Provide quick and exceptional fire, medical, and emergency response (PS 9-2)						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Maintain a crime reduction strategy (PS 9-1)	Number of Crime prevention evaluation surveys completed for properties	40	43	48	44	50
	Uniform Crime Report (UCR) Part 1 Crimes reported per 1,000 residents ¹ (calendar year)	66 ²	60	Decrease	N/A ³	Decrease
	Uniform Crime Report (UCR) Part 1 Crimes reported per 1,000 of the average daily commuter population (254,000) (calendar year)	44	40	Decrease	N/A ³	Decrease
	Neighbor satisfaction with the City's efforts to prevent crime ⁴	50%	47%	N/A	52%	54% ⁴
Ensure effective response (PS 9-2) ⁵	Average time for non-emergency calls from call creation until dispatched	*	*	*	20 min 24 sec	20 min 00 sec ⁶
	Neighbor satisfaction with how quickly Police respond to 911 calls ⁷	65%	63%	N/A	68%	72%

* Previous year data not available due to change in methodology due to Regionalized Communications system.

¹Population based on Florida Department of Law Enforcement estimate. Uniform Crime Reports (UCR) are calculated using calendar year and obtained from the Florida Department of Law Enforcement (FDLE).

² Data correction

³ This measure is tracked on a calendar year basis by FDLE and there is currently no data available.

⁴ This measure is reported in the annual Neighbor Survey. The 2014 state comparison was 59% and the national comparison was 61%. The FY 2016 Target was amended from 61% to 54% based on actual performance.

⁵ Previous high priority response time measures are no longer being reported on as the measure methodology and data accessibility of the new Regionalized Communications system is not an accurate representation of response times.

⁶ FY 2016 Target amended based on new methodology of measure and FY 2015 actual performance.

⁷ This measure is reported in the annual Neighbor Survey. The 2014 state comparison was 72% and the national comparison was 70%.

Police Department

Operations, continued

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Improve pedestrian, bicyclist, and vehicular safety (IN 1-3)
- Provide quick and exceptional fire, medical, and emergency response (PS 9-2)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Maintain safe thoroughfares for vehicles, cyclists, and pedestrians (IN 1-3)	Percentage of STEP (Selective Traffic Enforcement Program) locations monitored monthly	80%	78.75%	80%	80%	80%
	Number of vehicle accidents involving pedestrians (calendar year)	204	188	Decrease	N/A ¹	Decrease
	Number of vehicle accidents involving bicyclists (calendar year)	175	163	Decrease	N/A ¹	Decrease
Provide specialized Police Department responses for high risk incidents (PS 9-2)	Number of SWAT (Special Weapons and Tactics) call-outs	42	33	36	28	36
	Number of Events Plans Reviewed and/or provided a Staffing Analysis	394	403	413	388	380
	Number of Bomb Squad deployments	15	24	18	35	25 ²

¹Vehicle accident data is reported to the Department of Highway Safety and Motor Vehicles (DHSMV) on a calendar year basis and not a fiscal year.

²Bomb squad deployments are driven by suspicion heightening incidents, or lack thereof, therefore the 2016 Target is based on the average number of actual deployments over the past three years.

Police Department

Support Services

Bureau Description

The Support Services Bureau is responsible for the management of personnel, resources and finances in support of the agency's operations and investigative functions. In addition, the Bureau continuously seeks best practices and technologies to enhance the Department's effectiveness. The Bureau is divided into the Administrative Support Division and the Finance Section.

Administrative Support Division:

The Police Department is allocated 515 sworn officer positions and approximately 166 civilian positions for a total of 681 staff members. The Human Resources Section is responsible for the management of staff resource services from the point of recruiting through employee departure. This Section oversees the Recruiting Unit, Background Investigations Unit and the Training Unit. The Training Unit is responsible for the training of all sworn officers on legal matters, professional policing practices, and maintains all sworn employees' mandatory state and individual specialist certifications.

The Supply and Records Section is responsible for the management of the Department's approximately \$1 million inventory of supplies and equipment; the collection, storage and distribution of official Police Department incident records; the safe storage and transporting of Evidence to key locations; and the management of over 600 vehicles and apparatus in the Department's fleet. In addition, this section coordinates the Police Department's information technology needs.

The Facility and Court Section is responsible for the security and management of all buildings and land used by the Police Department (owned and leased) as well as the provision of court liaison services to all Department personnel. In addition, this section manages the photographic processing lab and the staffing of the police lobby reception positions.

Finance Section:

The Finance Section is responsible for managing the Police Department's over \$90 million Budget, including Finance operations, Payroll functions, Human Resource administration, TeleStaff Schedule management and Alarms billing management.

FY 2015 Major Accomplishments

- Switched to the Broward County Regional Records Management System (RMS) in January for key functions such as police report storage, personnel and fleet tracking.
- Facilitated Regional Records Management System training for all affected employees.
- Implemented IBM's Integrated Crime Analytics (ICA) with the new Regional Records Management System – a First of a Kind (FOAK) pilot project – in preparation for phase two of the project.
- Implemented Mobile Field Reporting software in February to facilitate the creation and submission of digital police reports in the field to increase reporting efficiencies and processing which decreases investigations and supervisory reviews.
- Created and staffed a Teletype and Police Information Unit to research computer records, search callout and contact lists to quickly assist officers in the field.

Police Department

Support Services, continued

FY 2016 Major Projects & Initiatives

- Review the effectiveness of our diversity awareness programs to ensure that all of our officers, support staff and managers have received and are implementing the best possible practices for our employees and neighbors.
- Implementation of a Citywide Security Camera solution using Wi-Fi, wired, Pan/Tilt/Zoom and fixed cameras. The FY 2015 Adopted CIP Budget allocated \$1 million for citywide security cameras. This technology will act as a force multiplier allowing a small number of staff to monitor numerous locations within the City from the Police Department video monitoring center. It will also facilitate the remote monitoring of emergency incidents, special events, license plate reader hit coordination and other technological tactics to aid in patrol response support, investigative follow up and ultimately the reduction of crime. (FY 2014 Commission Annual Action Plan (CAAP); ongoing, supported by ITS).
- Identify a viable solution for the siting and construction of a modern police headquarters. The Police Department Headquarters facility is over 55 years old and has been determined to be functionally obsolete.
- Acquisition and implementation of new tablet computers, laptops, stands and associated computer hardware and software to allow a new Investigative Unit to participate in field reporting.
- Installation of fixed license plate reader technology viewing certain roadways in the City to identify stolen vehicles and suspects.
- Integration of the IBM Integrated Crime Analytics solution with surveillance camera technology, license plate reader systems and other technologies to improve the police response to incidents and the further reduction of crime.

Police Department

Support Services, continued

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Foster professional and rewarding careers (IS 11-1)
- Involve our neighbors with prevention efforts and emergency preparedness (PS 10-2)
- Provide reliable and progressive technology infrastructure (IS 11-4)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Ensure staff is trained and prepared to deliver critical police functions to the neighbors and visitors (IS 11-1)	Percentage of employees receiving minimum mandatory training according to Florida Department of Law Enforcement mandates and accreditation standards ¹	100%	100%	100%	100%	100%
	Percentage of specialty units trained during their scheduled annual cycle ¹	100%	100%	100%	100%	100%
	Percentage of employee development training requests approved	87%	90%	100%	93%	100%
Improve the ability of uniformed personnel to access law enforcement related information in the field (IS 11-4)	Percentage of all marked Police Department vehicles and vessels with the ability to receive and transmit digital data for employee efficiency	95%	95%	100%	96%	100% ²
	Percentage of vehicles equipped with electronic traffic citation and accident form technology	0%	0%	30%	97%	100% ²
	Percentage of vehicles equipped with active field reporting capability	0%	0%	50%	96%	100% ²

¹This measure is tracked on a calendar year basis and is on course to meet the target. Figures included as "FY 2015 Actuals" are CY 2015 Projections.

²Performance measure will no longer be tracked with the achievement of the 100% target.

Police Department

Investigations

Bureau Description

The Investigations Bureau is comprised of the Criminal Investigations Division (CID), the Special Investigations Division (SID) and the Street Crimes Division (SCD). This bureau is responsible for follow-up criminal investigations performed by the Police Department within the City of Fort Lauderdale. Intelligence Led Policing (ILP) guides the action of the Bureau and how the agency addresses crime. ILP is “the blending of intelligence and problem-oriented policing, to build stronger police-community partnership, integrate strategic intelligence and police planning, institute information sharing policies, and build analytical support for police agencies” (Peterson, 2005).

The Criminal Investigation Division is comprised of a number of units including Homicide, Special Victims, Violent Crime, Economic Crime, Career Criminal, Crime Scene Investigation and Fingerprint. The Criminal Investigation Division provides investigative follow-up for a number of crimes including arson, hate crimes, fraud, homicide, robbery, aggravated battery, felony domestic violence, elderly abuse, sexual battery and child abuse. Members of the Division also support this function through crime scene processing, fingerprint analysis, career criminal monitoring, sexual offender monitoring, criminal intelligence analysis, missing person’s investigations and fugitive apprehension.

The Special Investigations Division is comprised of the Drug Enforcement and Vice Unit, the Major Narcotics Unit, Strategic Investigations Unit, Threat Response Unit, Technical Services Unit and Nuisance Abatement. The division utilizes proactive policing techniques to reduce Part 1 crime, eradicate all levels of drug/vice activity while remaining responsive to the concerns of the community. The division also works in partnership with federal, state and local agencies in a variety of criminal investigations to include money laundering, organized crime and homeland security. The Special Weapons and Tactics team (SWAT) is also a part of this division and conducts life-saving missions, warrant service, dignitary protection and other operations requiring specialized training and equipment.

The Street Crimes Division is made up of the Latent Detective Unit, the Rapid Offender Control Squad and the Crime Analysis Unit. The Street Crimes Division conducts proactive, reactive and analytical investigations into Part 1 crimes and the prolific offenders committing these crimes. While each unit in the Division has their own specific responsibilities and areas of expertise, they share the common goal of Part 1 crime reduction.

FY 2015 Major Accomplishments

- Expanded the partnership with Smartwater Crime Scene Investigation (CSI) to include distribution to the Lauderdale Manors, South Middle River Terrace, and Middle River Terrace neighborhoods. SmartWater CSI is an asset protection system in the form of a clear liquid which contains a unique forensic code. It is applied to items that are frequently the targets of theft. Traces of SmartWater CSI, visible under a UV light that can be scientifically analyzed to identify the owner. It can also be applied directly to crime suspects to link individuals to specific crimes. (FY 2013 Commission Annual Action Plan priority).
- Created an in-house computer forensics lab within the Crime Scene Unit that allows expeditious forensic examinations of computers, cellular telephones, and etcetera.
- Implemented the Intelligence Led Policing philosophy that contributed to the largest reduction in crime since statistics have been recorded by the Department.

Police Department

Investigations, continued

FY 2015 Major Accomplishments

- Received approval for a Deoxyribonucleic Acid (DNA) Analyst Position to be assigned to the Broward Sheriff's Office Crime Lab DNA Unit to provide faster processing of DNA samples to improve investigative efficiency.
- The Street Crimes Division was created and included a Rapid Offender Control (ROC) Unit that provides Detectives who respond immediately to specific Part One Crimes in targeted areas in an effort to solve crimes quickly. This is an Intelligence Led Policing (ILP) practice that provides quicker response times, greater visibility and the potential for greater intelligence collaboration/gathering.

FY 2016 Major Projects & Initiatives

- Expansion of the SmartWater CSI program into additional neighborhoods.
- Perform necessary maintenance and upgrades to the Processing Lab equipment and Forensic Garage Lab.
- Finalize and implement the DNA Analyst position at the Broward Sheriff's Office Crime Lab.
- Explore options for the Crime Scene Investigation Unit (CSI) Mobile Response Lab and equipment that can be transported to major crime scenes.
- Implement Investigations Bureau tablet and laptop pilot project. The Police Department is migrating to technology equipment for its Detectives that will provide mobile access to investigation and reporting systems. This will allow Detectives to be in the field more, which will increase visibility and decrease response times. Detectives will soon begin testing of these units and a wider implementation will occur after the best platform has been selected.

Police Department

Investigations, continued

 STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES -Reduce and solve crime in all neighborhoods (PS 9-1)						
Department Objective	Performance Measures	CY 2013 Actual	CY 2014 Actual	CY 2015 Target	CY 2015 Projection	CY 2016 Target
Develop planned responses to Part I crime trends (PS 9-1)	Properties presented to the Nuisance Abatement Detective for evaluation	917	1,158	1,142	650	950
Identify, address and successfully prosecute those responsible for felony Part I crimes through investigative follow up (PS 9-1)	Number of follow-up investigations assigned to Criminal Investigations Division (CID) and/or Street Crimes Division (SCD) detectives ¹	18,326	17,183	18,035	10,942	15,451
	Percent of Property Crimes ² investigations cleared by the Street Crimes Division (SCD) detectives (non-Patrol)	5.90%	4.44%	5.05%	N/A ³	N/A
	Percent of Persons Crimes ⁴ investigations cleared by the Criminal Investigations Division (CID) detectives (non-Patrol)	12%	9.92%	11.11%	N/A ³	N/A

NOTE: All figures are based on Calendar Year (CY) and not Fiscal Year (FY) data collection to be consistent with the annual Uniform Crime Report (UCR). Data provided for CY 2015 is reflective of the year-to-date information available for January through September 2015.

¹Due to our communications regionalization there is a delay in receiving some of the data for this category. We are also still addressing reporting issues within the system.

²Property Crimes include Burglary, Auto Theft and Larceny.

³UCR data will not be available until January 1, 2016.

⁴Person Crimes include Homicide, Robbery, Aggravated Assault, Aggravated Battery, Sexual Assault, Felony Battery, Fraud, Kidnapping, Abuse and Neglect. Previously reported numbers included missing persons.

Public Works Department

Administration/Strategic Support

Division Description

The Administration/Strategic Support Division provide financial, budgeting, payroll/personnel, grant management, and administrative support to the department. Additionally, exemplary customer service and neighbor support is provided via the 24-hour Customer Service Center and Meter Reading Field Operations.

FY 2015 Major Accomplishments

- Diligently and successfully expanded the 24-hour customer service center to handle calls for parking services, fire inter-agency transfers, and Sun Trolley services.
- Facilitated supervisory training for all managers within the department.
- Procured and deployed 80 iPads with the QAlert software to route neighbor requests directly to the community builders in the field.

FY 2016 Major Projects & Initiatives

- Develop individual professional development plans. Each community builder in Public Works will be given the opportunity to work together with their supervisor to develop the knowledge, skills, abilities, tools, resources, and opportunities to accelerate in their job and career, i.e. professional development plans.
- Many of our Public Work's community builders are eligible for retirement over the next few years. By having a succession plan in place, we will ensure that external and/or internal candidates will be recruited, prepared, and ready to fill the positions of retiring community builders at the time of retirement.
- Implementation of advanced metering infrastructure (AMI) for the purposes of realizing enhanced service delivery.
- Expand the use of QAlert to all departments as a complaints and service management tool.

 STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES <ul style="list-style-type: none"> - Foster professional and rewarding careers (IS 11-1) - Improve employee safety and wellness (IS 11-2) 						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Increase employee development opportunities and improve employee safety (IS 11-1) and (IS 11-2)	Training hours provided per budgeted Public Works Department position ¹	6.6	13.57	20.5 ¹	30.7 ¹	22
	Number of new on the job injuries	43	45 ²	40	53	43

¹ This measure is benchmarked by the American Water Works Association (AWWA). The reported FY 2012 average is 19.0. The increase in FY 2015 Actual is primarily due to Engineering Division's Project Management training as well as city wide Climate 101 training.

² Data correction made.

Public Works Department

Administration/Strategic Support, continued

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Continuously improve and innovate communication and service delivery (IS 11-3)
- Ensure sound fiscal management (IS 12-1)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Control costs for vital service (IS 12-1)	Monthly residential water cost using 7,500 gallons ³	\$26.12	\$27.42	\$28.80	\$28.80	\$30.24
Expand and enhance customer service (IS 11-3)	Total neighbor calls to the 24-hr Customer Service Center	80,954	102,470 ⁴	113,000	139,792 ⁵	140,000
	Number of neighbor calls to 24-hr Customer Service Center per FTE	9,524	10,979	10,273	11,897 ⁵	12,727 ⁵
	Neighbor 'good to excellent' satisfaction rating for the 24-hour Customer Service Center ⁶	78%	79%	80%	79%	81%
	Number of meter reading field investigations completed per FTE	7,878.8	8,282	8,400	9,282 ⁷	9,400 ⁷

³ This measure is benchmarked by the AWWA. The reported FY 2012 average is \$35.00; the City of Fort Lauderdale's rate in FY 2012 was \$24.47. By City Ordinance, the City's water rates increase 5% annually.

⁴ The FY 2014 increase is due to higher call volumes due to the implementation of a new sanitation contract and the transition to a regional call center for public safety.

⁵ The FY2015 Actual increase of call volume was due to the expansion of the Call Center to handle additional call types; non-emergency public safety calls and four new call queues (Sun Trolley, 7th Floor City Manager's Office, Parking, and City Hall Security). There are currently 11 FTEs on staff.

⁶ This measure is reported in the annual citywide Neighbor Survey.

⁷ Despite not being fully staffed for part of the year, this measure exceeded target as a result of staff assisting from other utilities divisions. The meter reading group expects to be fully staffed within the first quarter of FY 2016.

Public Works Department

Engineering Division

Division Description

The Engineering Division provides project management of the City's Community Investment Plan (CIP). The Division works to ensure that projects are in compliance with approved plans, specifications, and applicable codes and standards, as well as adhering to quality, schedule, and cost requirements. The primary aim of the Division is to realize CIP projects efficiently and effectively as sustainably as possible for future generations.

FY 2015 Major Accomplishments

- Forty-two (42) community builders from the Engineering division completed the 16-week course in Executive Project Management Training with Florida Atlantic University.
- Implemented the business process management software (Unifier).
- Following the completion of the project management training, the volunteer Project Management Advisory Panel was created to identify areas for improvement that will then be carried out by the Project Management Office (PMO). The purpose of the PMO team is to identify, create, define, develop, implement, and maintain standardized project related processes for project management.
- The Engineering Division continued implementing the 10-year stormwater master plan.
- Completed the Bridge Master Plan.
- Completed the citywide sidewalk assessment of approximately 425 miles of the City's sidewalks.
- Continued implementing the pavement management work plan as approved by the City Commission on December 3, 2013.
- Developed a comprehensive work plan and began facilitating monthly business review meetings with other departments to advance CIP projects and external developments efficiently and effectively.

FY 2016 Major Projects & Initiatives

- Continue to advance the Stormwater Master Plan, a FY 2016 Commission Annual Action Plan priority.
- Construct soccer and lacrosse athletic fields, a FY 2015 Commission Annual Action Plan Priority.
- Develop and implement the Utilities Master Plan.
- Improve the conditions of the City's bridges based on the results of the Bridge Master Plan and funding.
- Functionally rehabilitate and redesign the exterior of the 2nd Avenue water tower to be an iconic feature on the City's skyline.
- Initiate the accreditation process with the American Public Works Association (APWA) via the Department's PMO.
- Conduct an assessment of best practices to update the City's engineering standards and design criteria to address issues such as aging infrastructure, sea level rise, and demand.

Public Works Department

Engineering Division, continued

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Proactively maintain our water, wastewater, road and bridge infrastructure (IN 2-1)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Rehabilitate our aging infrastructure (IN 2-1)	Linear feet of re-lined sewer main	22,000	12,290 ¹	30,000	34,415 ¹	25,000
	Percentage of Bridges with a Sufficiency Rating above 50% ²	55.77%	63.8%	70%	70%	70% ²
	Linear feet of small water main constructed	15,869	5,809 ³	20,000	595 ³	20,000
	Square feet of micro-pavement constructed ⁴	*	4,185,000 ⁵	590,000	1,484,000 ⁵	1,161,600 ⁵
	Percent of City roadways with a Pavement Condition Index (PCI) score of 70 or above ⁶	*	75%	79.3%	84% ⁶	87% ⁶
	Overall satisfaction with maintenance of streets/ sidewalks/ infrastructure ⁷	54%	49%	51%	54%	56%

*This is a newly identified performance measure. Data collection for prior years was not viable.

¹The reduced total in FY 2014 was the result of a delay to procure a suitable contract for sewer line rehabilitation. The City Commission approved a Contract on June 3, 2014 and as a result, the FY 2015 Actual exceeded projection. Alternate procurement method is being investigated for FY 2016.

²A bridge is deemed Structurally Deficient or Functionally Obsolete (determined by Florida Highway Administration - FHWA), in conjunction with a Sufficiency Rating of less than 50%, qualifying for replacement per FHWA. Sufficiency ratings are provided by FDOT every two years.

³ Small water main crews were assigned to other duties, such as storm sewer repairs and other maintenance tasks. Consultants have initiated design to be constructed in FY 2016.

⁴ The City is currently taking an approach focused on extending the lifespan of roads identified as being in 'Fair' condition (PCI rating of 56-70) to prevent them from falling into the 'Poor' category. Roads in the 'Poor' category can cost up to five times as much to repair in comparison to repairing the roads in the 'Fair' category.

⁵ The Commission awarded a three year contract in 2014 (due to a favorable bid price), which allowed for the increase of the total square feet of micro pavement constructed. The target for FY 2016 was adjusted after visual inspection of planned work.

⁶The PCI categorizes ratings above 70 as 'satisfactory' and above 86 as 'good.' A PCI rating of (56-70) is classified as 'Fair'. Actuals are estimated until comprehensive PCI analysis is conducted (bi-annually). The FY 2016 Target was amended based on FY 2015 estimated performance.

⁷ This measure is reported in the annual citywide Neighbor Survey. The 2014 State comparison is 59% and the National comparison is 45%.

Public Works Department

Engineering Division, continued

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Integrate transportation land use and planning to create a walkable and bikeable community (IN 1-2)
- Reduce flooding and adapt to sea level rise (IN 2-2)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Improve pedestrian walkability (IN 1-2)	Square feet of sidewalk replaced and repaired	*	24,953	25,000	16,341 ¹	102,800 ²
Increase resiliency to storm, tidal, and ground water (IN 2-2)	Percentage of total Phase I Stormwater projects completed (Phase I) ³	*	15%	67%	39% ⁴	62 %
	Satisfaction with the prevention of tidal-related flooding ⁵	34%	32%	33%	38%	40%
	Satisfaction with the prevention of stormwater-related flooding ⁵	34%	27%	28%	31%	33%

*This is a newly identified performance measure. Data collection for prior years was not feasible.

¹ The City currently repairs trip and fall claims as per the City's Code of Ordinance. The increase in sidewalk repairs in FY 2015 Actual was due to Federal guidelines that require the installation of ADA access ramps along corridors with new paving.

² Funding has been identified to allow for increased sidewalk repair and replacement in high pedestrian areas. Adjustments were made to FY 2016 Target.

³ The number of projects included in Phase I increased from 33 to 36 in 2015. One additional project will be added in FY 2016, making the total 37 projects.

⁴ The FY 2015 Actual figure is due to a revised work plan and approach to the Stormwater Master Plan.

⁵ This measure is reported in the annual citywide Neighbor Survey.

Public Works Department

Sustainability Division

Division Description

The Sustainability Division is charged with the implementation of the citywide Sustainability Action Plan along with optimizing efficiency within City operations. The Division is organized into four sections to meet its mission: 1) Sustainability and Climate Resilience, 2) Environmental and Regulatory Affairs, 3) Solid Waste and Recycling, and 4) Fleet Services. Internally, these sections work to promote a cultural shift toward sustainable decision-making and integrating these factors into planning, the budget process, and procurement practices. The Division also serves as an internal business consultant to other departments to integrate sustainable practices and climate resiliency into daily operations. Division community builders are also leading the new Environmental and Sustainability Management System (ESMS) process to provide citywide support on implementing ESMS throughout the organization. Externally, these sections are moving sustainable initiatives into the community, providing education on sustainable activities, increasing recycling, enhancing the tree canopy, improving the economic and environmental viability of our City, and working to make Fort Lauderdale more resilient to the effects of climate change.

Public Works Department

Sustainability Division, continued

Sustainability and Climate Resilience

Section Description

The Sustainability and Climate Resilience section facilitates the implementation of the City's Sustainability Action Plan, staffs the Sustainability Advisory Board, provides support to the City's government operations Green Team, confers on Urban and Stormwater Master Planning, leads the City's urban forestry programs, and reviews and modifies ordinances to incorporate sustainability and climate adaptation concepts. This section also focuses on stewardship and expansion of the City's tree canopy.

FY 2015 Major Accomplishments

- Operating now as the Division of Sustainability with critical positions filled.
- Finalized the Green Your Routine Sustainability Web portal, providing access to 700+ pages of information on sustainability practices within the City and tips for sustainability at home.
- Completed international collaboration on climate adaptation strategies with Legaspi, Albay Province, Philippines through the International City/County Managers Association's CityLinks Program.
- Began reviewing bid and proposal documents from all departments as relevant, for environmental issues, best practices for waste diversion, sustainability and climate resilience.
- Fostered adoption of Adaptation Action Area (AAA) policies into the City's Comprehensive Plan, while working with the County, Regional Planning Council, and the State of Florida on the development of guidance document to assist other Florida communities with adaptation.
- Organized, participated in, and helped facilitate training on climate adaptation and sustainability for new and existing city employees.
- Aided with the adoption of an ordinance amendment to the City of Fort Lauderdale Code of Ordinances, Chapter 47-21 *Landscape and Tree Preservation Requirements*, incorporating Florida-Friendly™ landscape language.
- Held tree give away events, distributing more than 1,000 trees.
- Continued support of Conservation Pays program resulting in 114 toilet rebates, saving 1.8 million gallons of water per year.
- Initiated contract negotiations for energy service companies to perform energy efficient retrofits in City buildings to be funded through utility bill savings.
- Implemented the Environmental and Sustainability Management System (ESMS) at two facilities, the Fleet Fenceline and the G.T. Lohmeyer Wastewater Treatment Plant (GTL), and 246 community builders were trained in environmental and sustainability practices.
- Completed progress report of the 2011 Sustainability Action Plan documenting 71% of the 101 actions as either completed or in progress while developing the 2015 Sustainability Action Plan.

FY 2016 Major Projects & Initiatives

- Identify and designate Adaptation Action Areas (AAA) in the FY 2016 Community Investment Plan.
- Update the 2011 Sustainability Action Plan as well as update and monitor performance measures for the Sustainability Scorecard.
- Work with the Procurement Division to implement sustainable purchasing policies.

Public Works Department

Sustainability Division, continued

Sustainability and Climate Resilience

FY 2016 Major Projects & Initiatives

- Implement performance contracts with Energy Service Companies to reduce electricity use at City facilities.
- Pursue Environmental and Sustainability Management System certification at the fleet fenceline and the G.T. Lohmeyer Wastewater Treatment Plant to improve safety, sustainability, and environmental stewardship.
- Track City energy usage through the U.S. Environmental Protection Agency's Portfolio Manager.
- Implement an Urban Forest Strategic Plan to enhance the tree canopy in targeted neighborhoods.
- Develop ordinances to support the City's sustainability priorities, such as improving bicycle/pedestrian commuting and reducing inflow and infiltration.

 STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES - Improve air and water quality and our natural environment (IN 2-5)						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Enhance the environment and mitigate the effects of environmental degradation (IN 2-5)	Number of environmental outreach program activities and events held	23	42	45	59	60
	Percentage of citywide tree canopy coverage on public and private property	21.3%	23.4%	23.6%	22.3% ¹	23.9%
	Number of new trees planted in public places and provided to residents	1,246	2,736	2,000	3,595	2,800

¹ This figure is a sampling estimate based on the iTree software.

Public Works Department

Sustainability Division, continued

Environmental and Regulatory Affairs

Section Description

The Environmental and Regulatory Affairs section is charged with protecting the City's water, wastewater, and stormwater infrastructure, and protecting the natural environment. This is accomplished by taking an active role in water supply and protection, wastewater pretreatment and discharges, flooding, and water quality, and protecting and preserving our natural resources, such as the beach and our waterways. The section provides consultation to other City departments and coordinates City regulatory affairs, such as permits, environmental enforcement actions, and reporting requirements with all regulatory agencies, as well as implementing mandated Federal and State programs such as cross-connection, industrial pretreatment, and the National Pollutant Discharge Elimination System (NPDES). The section is also engaged in educational and outreach opportunities to promote the importance of and the sustainable use of our natural resources.

FY 2015 Major Accomplishments

- Expanded the City's cross-connection program (backflow prevention program) from 3,000 to 11,000 regulated commercial water connections.
- Submitted our annual Community Rating System report to FEMA through the Insurance Service Office maintaining our certification rating at six, which provides a 20% discount on flood insurance premiums to our neighbors.
- Supported maintenance of the beach by working with the Parks and Recreation Department to draft a Dune Maintenance Plan and finalized access agreements for beach renourishment.
- Improved our process for tracking the City's required environmental permits by developing a permit compliance database which results in better monitoring of permit requirements, expiration dates, and costs.
- Maintained collaboration with other communities and Broward County on water conservation initiatives including the NatureScape Irrigation Program and Conservation Pays to reduce water use to meet regulatory and strategic water conservation goals.
- Updated the 10-Year Water Supply Plan and incorporated it into the Comprehensive Plan.
- Completed contamination remediation at the Fort Lauderdale County Club to ensure environmental quality and responsible stewardship of City sites.
- Submitted the annual National Pollution Discharge Elimination System Permit report which demonstrates the City's efforts to reduce pollution and comply with permit conditions.
- Implemented expansion of the Industrial Pretreatment Program that reduces pollution entering the City's Wastewater Treatment Plant.

FY 2016 Major Projects and Strategic Initiatives

- Coordinate with Broward County to perform Beach Renourishment in Segment II, a FY 2016 Commission Annual Action Plan priority.
- Refine the environmental permit database to ensure compliance with regulatory requirements for City facilities.
- Remediate contamination at City sites.
- Develop new procedures for compliance following the five-year renewal of the National Pollution Discharge Elimination System permit.

Public Works Department

Sustainability Division, continued

Environmental and Regulatory Affairs

FY 2016 Major Projects and Strategic Initiatives

- Improve coordination of inspection of erosion/sediment control at construction sites.
- Implement an expanded backflow prevention (cross connection control program) to protect the public water supply from contamination.

 STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES - Improve air and water quality and our natural environment (IN 2-5)						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Enhance the environment and mitigate the effects of environmental degradation (IN 2-5)	Surface water quality compliance	96%	96.8%	96%	96.6%	96%
	Number of sewage overflows for which regulatory compliance oversight is provided	41	41	25	45	25
	Percentage of voluntary compliance with the backflow/cross connection control ¹	*	*	*	*	50% ²

*This is a newly identified performance measure expected to be tracked effective FY 2016. Data collection for prior years was not viable.

¹Voluntary compliance is defined as compliance prior to issuing the final/shut-off notice. All notices are tracked and a percentage can be determined on a monthly basis for all notices sent and compared to those that are in compliance prior to the final/shut-off notice.

²The target was amended due to contributing factors that led to the delay of water shut of notices which impacts the validity of the voluntary compliance percentage.

Public Works Department

Sustainability Division, continued

Solid Waste and Recycling

Section Description

The Sustainability Division's Solid Waste and Recycling section provides for an enhanced level of sanitation services, including bi-weekly garbage collection, weekly green waste collection, and weekly curbside recycling. The Solid Waste and Recycling section also provides for the timely delivery, exchange, and repair of solid waste and recycling carts, managing a working inventory in excess of 110,000 units. The solid waste and recycling programs for all City facilities are managed through the Solid Waste and Recycling section with a focus on meeting the goals established for internal recycling percentages as outlined in the Sustainability Action Plan. Additionally, support is provided to other departments to identify environmentally sound options for various waste streams outside of typical disposal avenues.

FY 2015 Major Accomplishments

- Established a successful model for the regular collection events of Household Hazardous Waste (HHW) at Mills Pond Park, serving 500-700 neighbors per event and diverting 118,600 pounds of chemical and electronic waste from the disposal stream.
- Managed 17 contracts for solid waste collection.
- Successfully closed out the \$3.4 million Broward County Resource and Recovery Board grant which resulted in expenditure of grant funding on educational outreach, website development and expansion of recycling programs.
- Researched the development of a Household Hazardous Waste (HHW) Convenience Center which would improve neighbor services for disposal of HHW and other items such as oil, household goods, and tires while generating revenue from partner cities.
- Provided training on FEMA emergency response requirements to increase awareness of federal disaster guidelines and improve understanding of reimbursement regulations.

FY 2016 Major Projects & Initiatives

- Analyze changes to service levels provided under collection contracts upon term expiration.
- Update the multi-family recycling ordinance.
- Conduct a Sanitation Rate Study.
- Ensure quality contract management to achieve peak customer service on residential collections and waste diversion goals.

Public Works Department

Sustainability Division, continued

Solid Waste and Recycling

<div>   STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES - Reduce solid waste disposal and increase recycling (IN 2-4) </div>						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Increase participation in the City's Green Waste separation program (IN 2-4)	Household refuse collected (tons)	40,328 ¹	40,441	38,000	39,500	39,750
	Yard waste materials diverted from disposal (tons)	12,753	14,776	15,000	16,235	15,000
	Recycling materials diverted from disposal (tons)	11,688	10,060	10,500	10,692	10,500
	Percent of refuse diverted from disposal	37.92% ²	38.05%	40.1%	40.54%	39.1% ³
	Satisfaction with residential recycling services	84%	81%	82%	80% ⁴	81%

¹Storm debris from tropical storms in FY 2012, such as a near pass of Hurricane Isaac, may have influenced total tonnage. Data correction was made.

²Data correction

³The target has been lowered for FY 2016 based on the current year performance and an expectation of increased tonnage for total waste due to growth and moderate improvements in yard and recycling diversion.

⁴This measure is reported in the annual citywide Neighbor Survey. The 2014 state comparison is 81% and the national comparison is 82%.

Public Works Department

Sustainability Division, continued

Fleet Services

Section Description

The Fleet Services section is responsible for the maintenance, repair, and effective replacement of the City's fleet vehicles and equipment. Fleet Services also manage the City's fuel operations, gasoline and diesel fuel inventories (including emergency use), and the operation of the five fueling sites. Fleet Services is committed to reducing the environmental impact of fleet operations by purchasing vehicles that are more fuel efficient, right-sizing the fleet, reducing chemical use, and continually finding ways to decrease fuel consumption.

FY 2015 Major Accomplishments

- Recognized as one of the "100 Best Fleets" in North America placing 36th.
- Completed a competitive bid process to provide fleet maintenance services.
- Implemented a market-based cost structure for fleet maintenance services which improves accountability of the vendor.
- Created an analysis for vehicle replacement with hybrid or alternative fuel vehicles.
- Developed, together with the Green Team sub-committee, an Alternative Fuels Report with recommendations on incorporating alternative fuels and low emissions vehicle technology into the fleet with the purpose of exploring options for reducing fuel use, fuel costs, and greenhouse gas emissions.
- Implemented significant improvements to the appearance and safety of the fleet yard as part of the Environment and Sustainability Management System accreditation effort including collation and auctioning of obsolete materials and vehicles, performance of a fuel spill drill, new safety signage, new safety equipment, fire extinguisher review, procurement and training, and an updated training schedule for site employees.

FY 2016 Major Projects & Initiatives

- Continue implementing a fleet repurposing and replacement strategy to ensure City fleet provides for right-purpose/right-sized vehicles that are increasing fuel efficient with low emissions.
- Continue implementing of Automatic Vehicle Location (AVL)/GPS technology in all fleet road vehicles and pilot idle reduction technology to improve maintenance, tracking, and accountability and reduce fuel consumption.
- Evaluate the fleet sharing technology to reduce fleet size, improve utilization, and reduce cost.
- Revise the Alternative Fuels Report to look for new opportunities to reduce greenhouse gas emission through low carbon fuel sources.

Public Works Department

Sustainability Division, continued

Fleet Services

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Provide safe, efficient, and well-maintained vehicles, equipment, and facilities and integrate sustainability into daily operations (IS 12-3)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Increase fleet operational efficiencies and effectiveness (IS 12-3)	Percent change in total fleet fuel consumption (as compared to same period prior year)	-1.69% ¹	0.81% ¹	-2.0%	1.02%	-2.0%
	Percentage of fleet available for use	96.70%	96.22%	96%	96.90%	96% ²
	Percentage of preventative maintenance completed on-time ³	68.96%	77.54%	85%	71.28% ⁴	85%
	Percent of vehicles purchased that meet the Ultra-low-emission vehicle (ULEV) ⁵	*	32.1%	35%	18.79% ⁶	14% ⁷

*This is a newly identified performance measure. Data collection for prior years was not feasible.

¹ Data correction. Staff continues the efforts to achieve our 20% reduction goal by 2020.

² The fleet availability is based on historical data and reflects an aging fleet which requires more maintenance.

³ ARI Best Practices Guidebook recommends that 90% of a fleet's vehicles have preventative maintenance (PM) performed within 30 days of the due date. Setting a goal of 85% on-time PM should result in meeting or beating the industry best practice. Based on past performance, the target is set for continual improvement.

⁴ Fleet Services is working diligently with user departments to find process improvements designed to improve this measure.

⁵ The ULEV is one of a number of designations given by the California Air Resources Board (CARB) to signify the level of emissions that car-buyers can expect their new vehicle to produce and forms part of a whole range of designations. California defines a ULEV as a vehicle that has been verified by the CARB to emit 50% less pollution emissions than the average for new cars released in that model year.

⁶ FY 2015 Actual performance was lower than anticipated due to the number of vehicles deemed eligible for ULEV replacement.

⁷ Percent of vehicles purchased that meet the ULEV is lowered for FY 2016 based on the types of vehicles that will be replaced and budgetary limitations.

Public Works Department

Utilities Division

Division Description

The Public Works Utilities Division consists of the Distribution and Collection section responsible for the operation, maintenance, repair, and improvement of the water distribution, wastewater collection, and pumping system. The Division also has the Treatment section which provides our neighbors with safe and efficient water treatment, water production, and wastewater treatment and disposal. Additionally, the sections environmental laboratory, which is certified with a National Environmental Laboratory Accreditation Certification, provides sampling and testing services to the City and its large users 365 days a year. Lastly, the Stormwater Operations section provides a dedicated operational focus to maintaining and improving the City of Fort Lauderdale's stormwater infrastructure. The five stormwater workgroups serve in tandem to proactively inspect stormwater infrastructure, respond to neighbor concerns related to street flooding, proactively maintain the stormwater system, repair and replace aging infrastructure, and construct swales to reduce street flooding and stormwater runoff and improve the water quality of our waterways.

FY 2015 Major Accomplishments

- Distribution and Collection community builders operated, repaired, and maintained systems that include more than: 750 miles of water mains, 30 raw water wells, 18,000 water valves, 57,000 water meters, 10,000 sanitary sewer manholes, 900 plus force main valves, 150 wastewater pumping stations and nearly 6,000 fire hydrants. In addition, responded to all distribution and collection emergencies that arise.
- Stormwater Operations community builders operated, repaired, and maintained systems that include more than 171 miles of stormwater pipe, 2,000 manholes, 1,000 outfalls, 37 drainage wells, and 8,000 catch basins.

FY 2016 Major Projects & Initiatives

- Implement Effective Utilities Management.
- Develop criteria and measurements to depict community builder productivity and outputs.
- Develop a comprehensive training plan for the Division which will include tabletop exercises to prepare for unexpected emergency events.
- Re-design the Save Our Swales program.
- Create plans which will address the issues related to color in the final finished water.
- Complete a comprehensive SCADA assessment towards the long term goal of getting all applicable systems on SCADA.
- Evaluate and complete electrical grounding of buildings and outdoor equipment at utilities facilities.

Public Works Department

Utilities Division, continued

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Proactively maintain our water, wastewater, road and bridge infrastructure (IN 2-1)
- Reduce flooding and adapt to sea level rise (IN 2-2)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Increase preventative maintenance to water and sewer infrastructure (IN 2-1) (IN 2-2)	Linear feet of gravity sewer lines cleaned ¹	1,214,373	1,019,364	1,256,692	1,061,066	1,005,354
	Satisfaction with the quality of sewer (wastewater) services ²	61% ³	57% ³	63%	59%	61%
	Number of water line breaks (all inclusive)	863	687	750	693	737
	Total square feet of bioswales/conventional swales constructed	*	*	27,000	60,578 ⁴	27,000

*This is a newly identified performance measure. Data collection for prior years was not feasible.

¹This measure has been revised to report linear feet cleaned instead of percentage. The FY 2015 target was not met due to temporary staffing challenges.

²This measure is reported in the annual citywide Neighbor Survey. The 2014 state comparison is 64% and the national comparison is 68%.

³Data correction

⁴The FY 2015 actual performance is due to two large unplanned projects completed.

Note: The "percentage of storm drains inspected and/or cleaned twice annually" has been removed pending methodology clarification.

Public Works Department

Utilities Division, continued

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Proactively maintain our water, wastewater, road, and bridge infrastructure (IN 2-1)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Operate and maintain the regional water and wastewater treatment plants (IN 2-1)	Potable Water Produced in million gallons of water per day (MGD) per FTE ¹	*	*	*	*	.33
	Wastewater treated in million gallons per day (MGD)	39.25	39.02	39.5	39.2	39.6
	Percentage of Utility Infrastructure on SCADA ²	*	65%	90%	94%	96.4% ³
	Percentage of days in compliance with primary drinking water standards ⁴	98.08% ⁵	100%	100%	100%	100%
	Satisfaction with the overall quality of drinking water ⁶	59%	53%	54%	56%	58%

**This is a newly identified performance measure. Data collection for prior years was not feasible.*

¹*This measure is benchmarked by the American Water Works Association (AWWA). FTE=Full Time Employees. The reported FY 2012 top performer is .32. Potable water or drinking water is distinguished from other water by set standards that ensure it is safe to drink.*

²*SCADA (Supervisory Control And Data Acquisition) is the computer control system that operates, monitors, and collects operational data used for compliance, maintenance, and performance measurement.*

³*The FY 2016 target is being increased as the number of assets placed on SCADA was significantly higher than anticipated for FY 2015.*

⁴*This measure is benchmarked by the American Water Works Association (AWWA). The reported FY 2012 average is 100%*

⁵*Data correction. Testing results during 3rd quarter of FY 2013 showed that our system exceeded the standard level of TTHM (four volatile organic chemicals) for a 7 day period. The violation did not compromise the safety of the drinking water but required notification of 57,000 residents.*

⁶*This measure is reported in the annual citywide Neighbor Survey.*

Department of Sustainable Development

Building Services

Division Description

The Building Services Division is responsible for all permitting efforts in the City. In this regard, Building Services provides records, issues permits, and performs building inspections. A major focus of the division is to ensure that commercial and residential buildings and structures comply with the Florida Building Code (FBC) and all other applicable laws and ordinances.

FY 2015 Major Accomplishments

- Restructured the Building Division, which reinstated the Building Official's authority and created a clear hierarchy and chain of management.
- Engaged Florida Atlantic University to develop a new operational policy manual.
 - The Division implemented an in-house survey to solicit feedback from neighbors. The process improvements resulting from neighbor feedback include the implementation of an "Express Lane," improvements to the NEMO-Q kiosk check-in system, and changes to lobby hours of operation.
 - The above changes have resulted in more consistent lobby and call center coverage, which has reduced the average lobby wait time from 29.6 minutes in the first half of FY 2015 to 19.6 minutes in the second half of the year.
- Using statistical data to show year-over-year permitting growth, received City Commission approval for 11 new positions in the Building Division. These new positions are critically needed to maintain adequate service levels in the face of rising building activity.
- Conducted a compensation study of plans review and inspection staff with other regional municipalities to determine the competitiveness of the Division's salary structure. As a result of the study, it was determined that an increase in salary for Division staff was justified and the City Commission approved the salary increase on October 6, 2015. The increased salaries will allow the Division to attract and retain high-quality technical staff.
- The Building Division adopted an updated floodplain ordinance with standards higher than the mandatory minimum, which will allow the City to maintain its current Community Rating System score. The Division consequently hired specialized floodplain review staff and added flood review stops to the plan review process to ensure that all applicable projects are meeting the new floodplain requirements.

FY 2016 Major Projects & Initiatives

- Implement a Radio Frequency Identification (RFID) tagging system for all construction plans received.
- Implement Laserfiche - Enterprise Content Management Software and begin the digitization of all construction documents.
- Select and implement a digital plan review software system.

Department of Sustainable Development

Building Services, continued

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Enhance the beauty, aesthetics, and environmental quality of neighborhoods (NE 5-2)
- Facilitate a responsive and proactive business climate (BD 7-2)
- Continuously improve and innovate communication and service delivery (IS 11-3)

Department Objective	Performance Measures ¹	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Ensure that commercial and residential buildings and structures comply with FBC and all other applicable laws and ordinances (NE 5-2) (BD 7-2)	Total job valuation of residential and commercial building permits	\$676,757,795	\$808,189,242	\$691,648,102	\$1,685,435,211 ²	\$825,000,000
	Total number of permits issued ³	23,095	23,581	23,027	26,342	24,736
	Total number of plan reviews performed	64,066	66,212	64,661	85,388 ⁴	70,443
	Total number of inspections performed	96,512	93,383	91,208	97,321	97,240 ⁵
	Percentage of inspections completed within the day after request	95.21%	94.46%	95.00%	91.90%	90.00% ⁵
	Average days to issue a permit (excluding weekends and holidays) ⁶	24.4	28.6	27.5	32.3 ⁷	30.0
Provide high-quality, efficient customer service (IS 11-3)	Neighbor satisfaction with conducting inspections for construction/renovation ⁸	39%	38%	39%	41%	42%
	Neighbor satisfaction with obtaining permits for construction/Renovation ⁸	37%	36%	37%	37%	38%
	Average lobby wait time (minutes)	*	25.5	*	23.9	20.0 ⁹
	Call system abandoned call percentage (Building Services queue only)	*	4.97%	*	6.95% ¹⁰	6.50% ¹¹

Department of Sustainable Development

Building Services, continued

** This is a newly identified performance measure. Data collection for prior years was not viable.*

¹Additional efficiency measures will be added with the implementation of the Department's new land management software.

²FY 2015 actuals are significantly higher than in prior years due to both an increase in the total volume of permit applications received, as well as an increase in the average project value per permit application. Furthermore, due to the implementation of the revised Florida Building Code (FBC) on June 30, 2015, many developers and contractors submitted large development projects for permitting prior to the new code taking affect; over \$820 million in projects were applied for in June 2015. Leadership believes FY 2016 project values will be more in line with historical averages.

³This measure is benchmarked by the International City/County Management Association (ICMA). The FY 2012 reported average is 5,518 for populations between 100,000 and 249,999.

⁴The total number of plan reviews performed in FY 2015 is significantly higher than in prior years due to both an increase in development activity and a mass submission of permit applications due to the implementation of the new FBC. Building leadership anticipates that the number of plan reviews will decrease to historical norms in FY 2016.⁵FY 2016 targets have been kept near FY 2015 projection levels as the Building Division's Inspection unit is already operating at maximum capacity.

⁶Permit issuance is a joint effort between the Building Services Division and the applicant. This measure reflects the total time, on average, for permit issuance and does not exclude time caused by applicant delays related to plan revisions/corrections. This measure includes all permit application types, including projects that range in complexity from fencing to high-rise structures.

⁷The range is zero day minimum to 873 day maximum (this was a renewal permit); the median is nine days.

⁸This measure is reported in the annual citywide Neighbor Survey.

⁹Due to process improvements, average lobby wait times decreased from 29.6 minutes in the first half of FY 2015 to 19.6 minutes in the second half of FY 2015.

¹⁰The percentage of abandoned calls has increased in FY 2015 due to a significant increase in average daily call volumes; on average, FY 2015 daily call volumes have increased by 63 calls over FY 2014.

¹¹According to the International Finance Corporation, the global benchmark for abandoned calls is between 5% and 8%.

Department of Sustainable Development

Code Compliance

Division Description

The Code Compliance Division protects the health, safety, and welfare of our neighbors by conducting a comprehensive code compliance program that fosters voluntary compliance efforts and prompt correction of violations. The Division provides quick response to remedy community concerns and oversees and administers quasi-judicial boards and hearings as mandated through state requirements in the enforcement of code violations.

FY 2015 Major Accomplishments

- Established and implemented a policy and checklist for foreclosure consideration and trained Code Compliance Officers on its use.
- A third-party vendor was retained to clear nuisance lots owned by private property, which enables the Division to proceed with emergency abatement action quicker.
- Implemented an Adopt-a-Neighbor Program in coordination with the Office of Neighbor Support, which is designed to assist low-income, elderly, and disabled homeowners in our community become code compliant. Since its inception, the Adopt-A-Neighbor program has assisted ten neighbors and was also awarded the distinguished 2015 Neighborhood Program of the Year Award at the Neighborhoods, USA (NUSA) Conference.
- Implemented a revised board-up process, which utilizes a transparent polycarbonate material rather than plywood to secure vacant and abandoned properties.
- Established a process to address work performed without the required building permit as a collaborative effort with the Building Division.
- In an effort to incentivize voluntary compliance, the Information Technology Department developed an application to calculate the interest on hard cost liens associated with nuisance abatement action carried out by the City.
- Established a system for the collection of special assessment liens and civil citations in conjunction with a collections program spearheaded by the Finance Department.
- Reconfigured the code zones and established Senior Code Compliance Officers as zone leaders, which has improved coordination, cross-collaboration, and teamwork.

FY 2016 Major Projects & Initiatives

- As part of the ongoing Code Compliance Process Improvement effort, a FY 2014 and FY 2015 Commission Annual Action Plan (CAAP) item and a FY 2016 City Manager Priority, complete the following:
 - Implement a Community Beautification Program, which will be comprised of the following components (in progress): increased neighborhood outreach, a neighborhood beautification program (HOA-based), a “Leave No Business Behind” Program (commercial focus), and the creation of a Special Response Team (SRT).
 - Explore the use of Housing and Community Development funds towards Code Compliance efforts (in progress).
 - Develop and implement the annual vacation rental registration program.
 - Execute the agreement with Broward County to enable the placement of non-ad valorem special assessments on the property tax rolls.
 - Overhaul the civil citation process to strengthen code enforcement efforts.

Department of Sustainable Development

Code Compliance, continued

 STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES - Enhance the beauty, aesthetics, and environmental quality of neighborhoods (NE 5-2)						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Ensure well-maintained private and public property (NE 5-2)	Average number of code inspections completed per code officer ¹	2,190	2,195	*	2,510	2,400
	Number of code violation cases ¹	8,076	8,021	*	6,947 ²	7,500
	Percentage of code violation cases resolved through voluntary compliance ¹	71.0%	76.1%	*	78.1%	75.0%
	Average number of days from complaint to first inspection	1.34	1.48	1.40	1.32	1.40
	Average days to close a code violation case ^{1,3}	209.7	167.4	*	190.7 ⁴	160.0
	Satisfaction with cleanup of litter and debris on private property ⁵	54%	49%	50%	52%	53%
	Satisfaction with mowing/cutting of weeds/grass on private property ⁵	48%	45%	46%	55%	56%
	Call system abandoned call percentage (Code Compliance queue only)	*	5.49%	*	8.55% ⁶	8.00% ⁷

* This is a newly identified performance measure. Data collection for prior years was not viable.

¹The methodology for this measure has changed from prior years. Previously, bulk trash code violations were included in these performance measures. Bulk trash violations are no longer the responsibility of the Code Compliance Division and are primarily handled by the Department of Parks and Recreation.

²Code violation case volumes have declined in FY 2015 due to a Division restructuring. Senior code enforcement officers are no longer assigned to individual neighborhoods and have assumed a more supervisory role, with a focus on high-priority action and special response items.

³A code violation case is considered closed when all violations have been complied and when all penalties/fees have been paid (if applicable). All violations can be complied but a case will remain active and open until all debt obligations have been satisfied. Thus, it is not unusual to have open cases with unpaid fines from many years ago, which can skew the average. For this reason, any case with days to close above 5,000 has been excluded as a statistical outlier.

⁴The range is zero day minimum to 4,984 day maximum; the median is 19 days.

⁵This measure is reported in the annual citywide Neighbor Survey.

⁶The percentage of abandoned calls has increased in FY 2015 due to the transfer of the Division's dedicated call center operator.

⁷According to the International Finance Corporation, the global benchmark for abandoned calls is between 5% and 8%.

Department of Sustainable Development

Economic and Community Reinvestment

Division Description

The Economic and Community Reinvestment Division is responsible for all economic development and community redevelopment activities. The division responsibilities include fostering dynamic and vibrant commercial and residential environments, expanding economic opportunities in the community, and eliminating slum and blighted conditions in targeted redevelopment areas. It also includes the implementation of the Community Redevelopment Agency's (CRA) plan with the primary goal of eliminating slum and blight and encouraging economic development. The division also oversees the Beach Business Improvement District and the Enterprise Zone program.

FY 2015 Major Accomplishments

- The Northwest Progresso Flagler Heights CRA awarded a series of incentives in the community. Below are the three categories of projects funded by the CRA:
 - Incentive \$1,390,900
 - Affordable Housing Projects \$70,000
 - In addition, a \$7.8 million tax increment bank note was awarded for the purpose of the design and construction of the WAVE Streetcar.
- The Central Beach CRA received approval to move to 60% design plans for the Las Olas Boulevard Corridor Improvement Project (estimated at \$52 million construction). The Fort Lauderdale Beach Streetscape Improvement Project (estimated at \$11.5 million construction) has been approved to final construction drawings. Also, an additional \$2.1 million escalation cost was approved for renovations to the Fort Lauderdale Aquatic Center (original CRA contribution \$24.8 million) and final site plans were approved in April 2015.

FY 2016 Major Projects & Initiatives

- Update the Northwest-Progresso Flagler Heights (NPF) CRA Plan to align with the priorities and initiatives established by the NPF CRA Five-Year Strategic Plan.
- Revamp incentives to attract more business development and capital investment in the community.
- Finalize a consolidated Economic Development Strategic Plan with a focus on key three priorities: (1) establishing targeted and non-targeted industries, (2) complete a citywide retail development strategy, and (3) NPF CRA redevelopment and revitalization efforts.
- Develop a Retail Recruitment Strategy for the NPF CRA.
- The Division is finalizing a Kauffman Foundation Fastrac training program for small businesses. ECR staff will train various small businesses in areas such as entrepreneurship, sustainability and business growth.
- Implement the strategically prioritized Five-Year Community Investment Plan (CIP), which includes such projects as: wireless surveillance cameras/public Wi-Fi (design phase); upgrading the Mizell Center (design phase); the Progresso Village enhancement project (construction phase); and the NW Neighborhood enhancement project (construction phase).
- Develop public-private partnerships with sister organizations to foster economic growth and business development.

Department of Sustainable Development

Economic and Community Reinvestment, continued

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Enhance the beauty, aesthetics, and environmental quality of neighborhoods (NE 5-2)
- Define, cultivate, and attract targeted and emerging industries (BD 7-1)
- Facilitate a responsive and proactive business climate (BD 7-2)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Create new jobs and facilitate investment (BD 7-1)	Number of newly created jobs from Qualified Target Industries (QTI) and Economic Development (ED) Direct Cash Grants	469	428	300	85 ¹	300
	Number of new jobs created from businesses that were awarded incentives in the NPF CRA district	*	*	*	*	20
	Number of businesses assisted through incentive programs in the NPF CRA	8	9	*	7	10
Eliminate slum and blight conditions in Community Redevelopment Agency (CRA) areas (NE 5-2)	Percentage of annual Tax Increment Funding (TIF) revenue spent on public improvements in the Beach CRA	18.0%	15.5%	57.0%	23.4% ²	199.0% ³
	Percentage of annual Tax Increment Funding (TIF) revenue spent on public improvements in the NPF CRA	11.1%	16.6%	20.0%	33.8%	15.0%
	Neighbor satisfaction with the City's efforts to revitalize low-income areas ⁴	38%	33%	34%	33%	34%

* This is a newly identified performance measure. Data collection/target setting for prior years was not viable.

¹Although the FY 2015 target of 300 jobs was not met, when the FY 2015 total is added to the previous two year's totals, the sum of 982 jobs exceeds the 3-year target of 900 and suggests that the 5-year target of 1,500 jobs will be met. Furthermore, the Economic and Community Reinvestment Division is creating an Economic Development Framework, which actively focuses on recruiting companies that are part of the Qualified Targeted Industries as well as working with other partners and stakeholders to attract these types of companies and meet the 5-year goal.

²The FY 2015 target was based upon the assumption that project design would be complete with construction well underway. However, due to unforeseen delays, most projects are still currently undergoing design review and approval.

³The FY 2016 target assumes that construction on the Fort Lauderdale Aquatic Center will commence in March 2016, with approximately \$11.3M in construction costs falling within FY 2016.

⁴This measure is reported in the annual citywide Neighbor Survey.

Department of Sustainable Development

Urban Design and Planning

Division Description

The Urban Design and Planning Division encourages and coordinates orderly growth and promotes sustainability and livability through quality redevelopment. To accomplish this mission, the team relies on community input and sound planning principles that focus on community development, urban revitalization, long-range planning, and historic preservation. These efforts strive to implement the goals and objectives of the City's Vision Plan, Comprehensive Plan, and Unified Land Development Regulations (ULDR), as well as various master planning and community planning initiatives intended to improve the City's neighborhoods. The Urban Design and Planning services portal includes the review and processing of development applications, including zoning, landscape, and engineering permits, and the coordinated effort of presenting findings and recommendations before advisory boards, committees, and the City Commission.

FY 2015 Major Accomplishments

- Successfully adopted new zoning regulations and design standards in the Northwest Regional Activity Center (NW-RAC) area.
- Completed significant portions of the FY 2015 Commission Annual Action Plan (CAAP) initiative – Central Beach Master Plan. The overall intent of the initiative is to promote a vibrant, active, multi-modal beach community, and continue to make the beach a desirable destination for residents, tourists, and private investment. The Division has been working with Redevelopment Management and Associates (RMA) on a zoning analysis and capacity study as well as addressing many complex issues relative to the updated plan, and will be moving forward with a public input meeting in the near future.
- Completed significant portions of the FY 2015 Commission Annual Action Plan (CAAP) initiative – Comprehensive Plan Update. City staff worked with a consultant, The Corradino Group, to prepare the draft Evaluation and Appraisal Report of the Comprehensive Plan.
- The Engineering team has been implementing various permitting and review process improvements including: streamlining the Water and Wastewater permitting processes; creating additional and appropriate permit types for Right-of-Way construction activities; updating/creating new engineering standard details for work in the City's Right-of-Ways; and coordinating with the Public Works Department to create more integrated planning processes for the Water and Wastewater capacity on development projects moving forward.
- Adopted various Unified Land Development Regulations (ULDR) amendments including: addressing Federal Aviation Administration requirements in the City's General Aviation District; adopting the City's Parklet Program, which is intended to facilitate the conversion of inactive parking spaces into publicly-accessible open space; adopting the Social Service Facility criteria and requirements in order to address the health, safety, and welfare aspects of public feedings; adopting the Public Participation ordinance to provide a defined framework to allow additional public participation in the planning process; and adopting the Florid Friendly Landscaping ordinance to address landscaping that requires minimal watering needs.
- City staff completed and addressed the conditions of approval for the Downtown Land Use Amendment Application, addition of 5,000 residential units, which were assigned at first reading with Broward County Planning Council and County Commission. The result allowed the land use application to move forward to second reading at the Broward County Planning Council on October

22, 2015, and resulted in unanimous approval by the council and will be scheduled for County Commission on December 9, 2015, then subsequently to City Commission.

FY 2016 Major Projects & Initiatives

- Coordinate with partners on All Aboard Florida implementation, and advocate for City's best interest.
- Coordinate with partners as construction of the Wave Streetcar commences.
- Coordinate with BrowardNext – County Comprehensive Plan effort.
- Initiate Phase II of Amending the City's Comprehensive Plan – Prepare updates to existing conditions and trends based on U.S. Census data and other sources.
- Commence various ULDR amendments including signage code update to address current and future needs (this effort is contingent upon priority ULDR amendments in queue and hiring/training of new Zoning Associate position).
- Initiate Central City CRA Plan.
- Initiate Uptown Village Design Standards.
- Initiate implementation of Transit Oriented Development (TOD) Standards and Codification of Downtown Master Plan (dependent on ability to hire vacancies, training and completing other efforts).

Department of Sustainable Development

Urban Design and Planning, continued

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Evolve and update the land development code to balance neighborhood quality, character, and livability (NE 6-1)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Ensure orderly growth and well-designed development (NE 6-1)	Number of historic Certificates of Appropriateness (COA) reviewed	24	15	15	32	24
	Number of adopted code amendments (ULDR)	5	6	6	8	8
	Number of development applications submitted citywide ¹	183	176	183	195	180
	Number of development applications approved citywide ¹	107	92 ²	105	63	80
	Average days to approve a development application (excluding weekends and holidays) ³	128.4	179.1	151.1	123.7 ⁴	150.0
	Neighbor satisfaction with how well the City is planning for growth ⁵	42%	43%	45%	48%	50%
	Call system abandoned call percentage (Urban Design & Planning queue only)	*	11.49%	*	9.77%	7.00% ⁶

* This is a newly identified performance measure. Data collection for prior years was not viable.

¹Development applications include all those requiring high-level review and approval [Development Review Committee (DRC), Planning & Zoning Board (PZB), and City Commission approval], as well as "minor" application types (administrative reviews).

²A data correction has occurred; this was previously reported as 91 in ClearPoint.

³The development review process is a joint effort between the Urban Design & Planning Division and the applicant. This measure reflects the total time, on average, for development application approval and does not exclude time caused by applicant delays related to plan & design revisions/corrections. This measure includes only those application types which trigger a high-level review, and does not include administrative review applications. Please note that the average days to approve a development application can vary significantly based on the complexity of the project.

⁴The range is 16 day minimum to 367 days maximum (this was specifically a Site Plan Level III); the median is 90 days.

⁵This measure is reported in the annual citywide Neighbor Survey. The 2014 state comparison is 37% and the 2014 national comparison is 43%.

⁶According to the International Finance Corporation, the global benchmark for abandoned calls is between 5% and 8%.

Transportation

Division Description

The Transportation Division is charged to implement the City's *Fast Forward Fort Lauderdale* vision of being a multi-modal connected community by 2035 which was identified as a priority of our neighbors for the *Press Play Fort Lauderdale* strategic plan. The vision goal is to create a pedestrian friendly multi-modal city, a connected community where the vehicle is not the only choice, where our neighbors are able to walk, bike, and use transit to get to their many destinations. Transportation led the development of the *Connecting the Blocks Program* which details the needed pedestrian, bicycle, and transit improvements to implement the City's nationally recognized Complete Streets Policy and is currently focusing on an interdepartmental effort to improve safety for all users on the City's streets. Staff is also engaged in transit initiatives that include the Wave Streetcar, the Central Broward East/West project, and support for the Transportation Management Association's (TMA) community bus system. The Division has shifted from a focus on planning to the implementation of the planned projects. Currently, the Division is identifying resources and working with partners to fund, design, and construct the transportation projects identified in the planning documents. Because there will be a sharp increase in the number of construction projects in the City to create the multi-modal connected community, the Division is looking at managing neighbor traffic congestion expectations as we connect the blocks. The Division is focused on balancing the advancement of major projects while maintaining effective business relations and neighborhood service response.

FY 2015 Major Accomplishments

- Advanced the Downtown Walkability Plan through the construction of the enhanced crosswalk at SE 3rd Avenue and SE 1st Street, the installation of bike lanes on NW 4th Street, and completion of the three (3) painted intersections on Las Olas Boulevard at SE 3rd Avenue, SE 2nd Avenue, and SE 1st Avenue.
- Advanced the Wave Streetcar through active participation in the planning and design review process.
- Continued implementation of the Connecting the Blocks program through collaborations with partner agencies and City funds. In FY 2015, 19,506 linear feet of bike lanes have been installed. Enhancements were successfully advocated for to be included in the design of the Florida Department of Transportation (FDOT) projects including: new pedestrian crossing on Broward Boulevard and NE/SE 1st Avenue, new pedestrian crossing on Sunrise Boulevard at NE 17th Court, a parallel bike route to the north and south of Sunrise Boulevard between Searstown and Gateway, new pedestrian crossing on A1A at CVS pharmacy approximately at NE 37th Street.
- Installed new bike lanes with City funds on NE 26th Street NE 2nd Street and NW 4th Street.
- Utilized Broward Metropolitan Planning Organization (MPO) and FDOT funding to have included additional bike lane facilities in design on SE 3rd Avenue, Andrews Avenue, NE 4th Avenue, and NW 19th Street.
- Awarded a Transportation Alternative Program (TAP) Grant of \$983,051 for the implementation of Complete Streets improvements on Cordova Road between SE 15th Street and SE 17th Street.
- Worked with the Public Works Department to implement past successful applications for the NW Neighborhood sidewalks and NW 9th Avenue from Broward Boulevard to Sistrunk Boulevard.

Transportation and Mobility Department

Transportation, continued

FY 2015 Major Accomplishments

- Utilized Broward MPO funding to allow the FDOT to complete 14 bike/sidewalk projects connecting to Broward Boulevard, to enhance pedestrian and bicycle safety with wider sidewalks.
- The new Uptown Link shuttle service in the Cypress Creek Road area was transferred to the management of the Transportation Management Authority (TMA) in order to increase ridership through leveraging of branding and technology resources of the Sun Trolley.
- Received confirmation of continued grant funding of three (3) community bus routes by FDOT for FY 2015 (\$530,000) and additional funding from Broward County Transit (BCT) to fund the second bus on the Neighborhood Link (\$17,000). The Sun Trolley routes were reviewed for efficiency and timing was adjusted to better serve riders.
- The Water Trolley was added to the Downtown TMA services to allow circulation along the New River between the Broward Center and the Stranahan House through City funds.
- Leveraged approximately \$100 million in contributions for multi-modal improvements as part of partner agencies and development projects including such projects as: A1A Greenway (\$13 million), South Dixie Highway Safety Improvement (\$4 million), Quiet Zone Improvements (\$2.5 million), A1A crosswalk enhancements (\$200,000), and the Downtown Mobility Hub (\$3.5 million).
- Worked with the Broward MPO to prepare the necessary analysis and data for improvements to the rail crossings within the City in order to enhance the quality of life for Quiet Zones along the FEC rail corridor. The Quiet Zone is being planned in preparation for the All Aboard Florida passenger rail service to reduce noise from train horns and enhance the quality of life of our neighbors who live along the tracks.
- Broward County Transit (BCT) completed the installation of the 149 new bus shelters within the City of Fort Lauderdale including 36 shelters installed in FY 2015. The infrastructure for four (4) green shelters was installed. We anticipate the installation of two (2) additional ones in FY 2016.
- Partnered with Neighbor Support to resolve over 333 neighborhood traffic and pedestrian safety issues.
- Joined the US Department of Transportation Mayors' Challenge to further the goal of implementing the Connecting the Blocks program and the *Fast Forward Fort Lauderdale* vision.
- Held the inaugural Open Streets event to promote walking and biking in the City which attracted over 1,000 participants. The event was held on November 22, 2014 on Las Olas Boulevard between Andrews Avenue and SE 15th Avenue.
- Held two Family Fun Bike Rides, one in Holiday Park and the other at Carter Park, to promote safety and bicycle awareness. These family friendly events are a cross departmental initiative involving Parks and Recreation and Police..
- Received the Smart Growth Award in recognition of the City's Connecting the Blocks Program for implementing Complete Streets.
- Received a \$1.25 million grant from the Federal Transit Administration for implementation of a Transit-Oriented Pilot Planning Grant to catalyze TOD along the near term Wave Streetcar system.
- Received a grant from the Community Foundation of Broward, Inc. This grant provides funding for fun and artistic experiences through design and painting of murals on the pavement at three intersections south of the Bonnet House and Breakers Avenue intersecting Belmar, Windamar, and Riomar Streets, that will also incorporate pedestrian crossing, Americans with Disabilities Act (ADA) ramp upgrades, and designated travel lanes, used to create safe avenues for crossing the street.

Transportation and Mobility Department

Transportation, continued

FY 2016 Major Projects & Initiatives

- Advance the FY 2016 Commission Annual Action Plan priorities to develop a Beach Traffic Management Plan and the 17th Street Mobility Plan.
- Facilitate the design and construction of projects in the Connecting the Blocks Program and Community Investment Program including; Pedestrian Promenade of SE 6th Street, 13th Street Complete Street project, Tunnel Pedestrian Plaza/Intersection improvement project, Downtown Walkability Projects, NE 4th Street Complete Street project, Sailboat Bend Traffic Calming Improvements, Wayfinding projects in Riverwalk, Downtown, and the Beach, .
- Manage the \$3.5 million Streetscape Mobility Hub Project.
- Manage the \$1.25 million Transit Oriented Development Pilot Planning Grant along near term Wave Streetcar extension routes.
- Launch Vision Zero: Fort Lauderdale, the City's comprehensive long term plan to eliminate fatalities and serious injuries to people on our streets through the implementation of 90 strategies organized around the 5 E's, including Engineering, Education, Encouragement, Enforcement, and Evaluation.
- Advance the Downtown Walkability Plan.
- Finalize and implement the Traffic Calming Toolbox Program to provide guidance to neighborhoods for strategies to reduce speeding, cut through, and enhance safe routes for pedestrians and bicyclists.
- Implement an improved process for Management of Traffic reviews for developments, infrastructure improvement projects, and special events.
- Develop two Neighborhood Mobility Master Plans for Shady Banks and Tarpon River Civic Associations.
- Continue to advance County Land Use Plan Amendments for the additional residential units in the Downtown Regional Activity Center and the Beach.
- Launch the City Employee Bike Share Program at three locations.
- Complete revisions to the Parking and Transportation code to align with the City Vision and Strategic Plans, and to incorporate multimodal and sustainability criteria and processes, including the development of Multimodal Level of Service standards.
- Manage the Mobility Management Consultant project to analyze the Community Bus Service program to develop a plan to improve efficiencies and Identify and obtain sustainable funding sources for the program which serves over 500,000 riders annually to advance the City's multi-modal connection, business development, and sustainability goals.
- Host the 5th Annual City of Fort Lauderdale Transportation Summit.
- Host the 2nd annual Open Streets event on November 22, 2015 along Las Olas Boulevard with agency and city partners.
- Continue to plan community biking and walking safety and awareness activities across the city such as the Family Fun Bike Rides, including the December Holiday Light Family Fun Bike Ride in Tarpon River.
- Advocate for the City's best interest for the All Aboard Florida Passenger Rail project, a FY 2015 Commission Annual Action Plan priority.

Transportation and Mobility Department

Transportation, continued

FY 2016 Major Projects & Initiatives

- Assist and support the “Envision Uptown” business leaders’ vision for the economic development of the Uptown Fort Lauderdale area as recommended in the city-adopted Urban Land Institute’s Uptown Technical Advisory Panel report, including land use regulatory updates, long range planning, infrastructure for pedestrian and bicycle access and safety, transit-oriented development, and multi-modal transit connections to transform the area to a walkable and vibrant urban village.
- Work with partners to develop multi-modal level of service standards and recommendations for Transit Development Concurrency (TDC) county distribution of dollars: review, direction, City actions/advocacy.
- Develop a Community Awareness Program and messaging strategy to anticipate and address community neighbors and businesses impacts and concerns regarding planned transportation projects.

Transportation and Mobility Department

Transportation, continued

STRATEGIC OBJECTIVES AND PERFORMANCE INDICATORS

- Improve transportation options and reduce congestion by working with agency partners (IN 1-1)
- Integrate transportation land use and planning to create a walkable and bikeable community (IN 1-2)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Increase transportation options (IN 1-1)	Number of Sun Trolley riders (Transportation Management Association)	500,356 ¹	503,049	513,110	557,523	574,000 ²
	Number of B-Cycle trips from Fort Lauderdale stations	15,057	25,536	28,090	29,649	31,350
	Number of new bicycle racks	35	76	50	53	60 ³
Enhance streets to improve the bicycle and pedestrian experience (IN 1-2)	Annual increase in the number of linear feet of bicycle lanes, greenways, share-use paths and sidewalks installed	*	5,567	5,000	36,675 ⁴	40,000 ⁵
	Number of Connecting the Blocks Program projects designed	*	11	15 ⁶	16	15
	Number of Connecting the Blocks Program projects completed	*	8	10 ⁷	12	10

*This is a newly identified performance indicator. Data collection for prior years was not feasible.

¹Includes 185,591 Tri-Rail/ Northwest Link passengers not counted in previous years. Sun Trolley system also expanded service and absorbed the former Housing Authority Link (30,732 riders) not included in prior year data.

² The new service provider enhanced the data collection processes for the ridership.

³ In FY 2016 the number of bicycle spaces per each bicycle rack installed will also be tracked. The FY 2016 target is expected to provide up to 120 bicycle spaces.

⁴Includes Connecting the Blocks Program projects completed during FY 2015.

⁵Higher target due to internal system of data collection implementation in FY 2015 that includes Connecting the Blocks Program projects and other citywide projects.

⁶Adjusted based on the expected project design completion as opposed to initiated.

⁷Adjusted to reflect City Commission approval in August, 2014.

Transportation and Mobility Department

Parking Services

Division Description

The City's long term community vision *Fast Forward Fort Lauderdale*, and the 5-year strategic plan, *Press Play Fort Lauderdale*, along with the 2014 Neighbor Survey, have informed and highlighted the goals of the Parking Services Division. These goals include increasing parking options for our neighbors and visitors, preserving the self-sustaining financial capacity of the division, contributing to the economic development of the City, and the safety and convenience of the public. The availability of safe, affordable, and accessible parking is an element of a vibrant economic environment and enhances the quality of life for residents and visitors.

The Parking Services Division is a 24 hour/7 day operation that manages, operates, and maintains over 10,100 parking spaces citywide, including four garages, 34 lots, and on-street metered spaces. Parking Services is dedicated to increasing sustainable parking initiatives at all facilities. We strive to "greening" our facilities with emerging technologies through the use of innovative practices and programs. There is an increased emphasis for pay-by-phone parking service designed to keep expenses stable by reallocating resources to conduct more maintenance, quicker customer response, and improving wayfinding for the public.

New and innovative technologies provide extra services to our customer. The use of in-ground sensors will be explored for parking infrastructure that will assist in reducing the environmental impacts of drivers searching for available parking spaces. Global Positioning Systems (GPS) along with a smart-phone application will assist drivers to locate nearby available spaces. This technology also provides for targeted enforcement for overall better efficiencies as we continue to move forward to provide improved services.

FY 2015 Major Accomplishments

- Replicated the successful "green parking" pilot initiative conducted in FY 2013 in four lots that include; George English Park, Heron Lot, Orchid Lot and Cox's Landing 15th Street Boat Launch.
- Transferred responsibility for review and approvals of vehicles-for-hire applications from Building Services to Transportation and Mobility to increase efficiency.
- Procured a License Plate Recognition system (LPR) in May 2014, which is a motor vehicle with cameras mounted on the top. These cameras are connected to a laptop in the vehicle with wireless network connectivity to the City's Parking Database. The system scans the license plate (called a "read") of vehicles parked on public property managed by the City and checks it against the database.
- The existing T2 Flex Unified Parking Management System has been integrated with eTicketBook software. This system allows enforcement officers to issue parking citations directly from their in-vehicle computers and then uploads all citations directly into T2 Flex system. This system operates off the vehicles' LPR using license plate based enforcement.
- Replaced 12 Motorola MC9500 wireless ticket writing handheld devices. The new devices provide real-time wireless communication between enforcement staff, the citation management software, and customer service office.
- Enhanced processes to notify parking enforcement specialists if the space was paid by phone or has a valid permit, reducing the number of complaints for citations issued in error when a meter appeared to be expired but alternate payment methods had been used.

Transportation and Mobility Department

Parking Services, continued

FY 2015 Major Accomplishments

- Implemented credit card services at the Performing Arts Center garage, which also serves the Museum of Discovery and Science. Credit card convenience enhances the customer's parking experience and is a safer, more efficient method of collecting revenue.
- Created an additional Parking Enforcement Shift Coordinator position to assist in supervising the evening/weekend parking enforcement staff.
- Executed four (4) additional parking enforcement agreements with several private companies allowing the City to enforce their parking lots and garages which provide 1,010 additional public parking spaces in six lots and one garage.
- With the implementation of the Department of Motor Vehicle's new Driver and Vehicle Information Database (DAVID) system, staff is now able to research and obtain registered vehicle owner information for citations that were not previously billed to customers.
- Invoiced an additional \$324,000 in delinquent parking citations.
- Implemented process improvements to correct courtesy and late notices from being automatically issued at the same time when ownership information was received after the citation was past due.

FY 2016 Major Projects & Initiatives

- Installation of energy efficient LED lighting in City parking garages.
- Executing the City Park Garage CIP project that includes pedestrian improvements on 2nd Street that connects to the Wave Street Car. The project will improve "park and ride" initiatives, improvements to the facade which will connect downtown's financial district to the entertainment district and wayfinding that directs multi-modes of transportation at the garage.
- Continue exploring "demand" parking technology.
- Develop a marketing program to drive parking revenue.
- Establish a maintenance program that improves parking in the City's Right of Way.

Transportation and Mobility Department

Parking Services, continued

STRATEGIC OBJECTIVES AND PERFORMANCE MEASURES

- Ensure sound fiscal management (IS 12-1)

Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Increase parking payment options (IS 12-1)	Annual increase in pay-by-phone transactions	118%	91%	25%	72%	25% ¹
	Average annual revenue per garage parking space	\$551.65	\$582.32	\$609.25	\$615.85	\$629.00
	Average annual revenue per surface lot parking space	\$1,424.71	\$ 1,479.31	\$1,379.32	\$1593.65	\$1,518.00
	Average annual revenue per on-street parking space	\$1,718.75	\$2,026.88	\$1,747.28 ²	\$2053.60	\$2,077.00

¹The target for FY 2016 is consistent with prior fiscal years' targets. The introduction of the parking option yielded a significant higher rate of usage over the years than projected.

²The FY 2015 Target included a net loss of parking spaces due to A1A reconstruction related to Storm Sandy.

Transportation and Mobility Department

Executive Airport

Division Description

The Fort Lauderdale Executive Airport (FXE) is centrally located in the heart of the Uptown Business District that provides over 5,000 jobs and contributes more than \$2.1 million in property tax revenue to the City. The Airport serves as the hub to Fort Lauderdale's Foreign Trade Zone 241, which encourages economic development initiatives to promote development of the Industrial Airpark, serves businesses engaged in international commerce in the greater Fort Lauderdale area, and maximizes the City's business retention and attraction of emerging industries. Located on 1,200 acres of land, the Airport is the home of the busiest general aviation US Customs and Border Protection Facility in the nation. The state-of-the art Downtown Helistop demonstrates the city's progressive approach to downtown revitalization and its commitment to providing efficient transportation and multi-modal connectivity options for our neighbors and businesses. The Capital Improvement Program expands the potential of the Airport by enhancing safety and security, modernizing infrastructure, and providing green/sustainable facilities. The long-term goal of the Airport is to prepare several vacant parcels for development in order to attract targeted major local and international businesses and employment centers.

FY 2015 Major Accomplishments

- Constructed a new LEED-certified US Customs and Border Protection facility that meets current federal guidelines for general aviation facilities and incorporates energy efficient practices and promotes continued sustainable development throughout the City.
- Held the Fourth Annual Aviation Safety Expo that was attended by over 100 area pilots.
- Installed security cameras and constructed security enhancements to ensure a safe and secure environment for the tenants and users of the airport.
- Completed taxiway enhancement projects to modernize infrastructure and enhance safety, in accordance with the Federal Aviation Administration's (FAA) Pavement Management Program recommendations.
- Constructed 27,000 square feet of new hangar space on Parcel 15 at a minimum tenant investment of \$3 million.
- Constructed approximately 19,500 square feet of new hangar and office space on Parcel 2 at a minimum tenant investment of \$1.8 million.

FY 2016 Major Projects & Initiatives

- Upgrade Airport Administration building utilizing green/sustainable practices and incorporates energy efficient practices for City facilities.
- Resurface the airfield pavement along Taxiway Foxtrot and install new LED taxiway edge lighting to minimize future maintenance costs.
- Design and construct a Western Perimeter Road Loop System within the secured fence area to eliminate vehicle/aircraft crossing at the approach end of Runway 8 to minimize the possibility of runway incursions.
- Construct an Eastern Perimeter Road Loop System within the secured fence area to eliminate vehicle/aircraft crossing at the approach end of Runway 8 to minimize the possibility of runway incursions.
- Complete rehabilitation of the Airport's electrical/emergency generator vault to provide for an updated system that will reduce the operating and maintenance costs for the airport and increase energy efficiency. The last upgrade to the vault was completed in 2001.

Transportation and Mobility Department

Executive Airport, continued

FY 2016 Major Projects & Initiatives

- Construction of 20,000 square foot of hangar space on Parcel 8AB at a minimum tenant investment of \$1.8 million.

<div>   </div> <div> STRATEGIC OBJECTIVES AND PERFORMANCE INDICATORS - Deliver best-in-class regional general aviation airport amenities and services to domestic and international stakeholders (BD 7-4) - Ensure sound fiscal management (IS 12-1) </div>						
Department Objective	Performance Measures	FY 2013 Actual	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target
Market and promote the City's aviation facilities to attract airport business (BD 7-4)	Number of businesses registered that meet FXE Airport standards to apply for a Business Tax License	16	75 ¹	35	126	100 ²
	Number of Foreign-Trade Zone operators newly activated	0	2	6	1	1 ³

Provide modern, energy efficient airport amenities (BD 7-4)	Number of Uptown Link riders	*	2,102 ⁵	16,500	5,218	10,250 ⁶
	Facilities constructed or converted to LEED standards (including tenant-owned)	0	0	2	2	1
	Value of tenant improvements constructed	\$1M	\$3.5M	\$8M ⁷	\$33M ⁸	\$1.8M

*This is a newly identified performance indicator. Data collection for prior years was not feasible.

¹In FY 2014 additional staffing was added at the Airport which allowed resources to be dedicated to the Tenant Business Registration Program.

²FY 2016 target amended based on an average of the past two years of performance.

³FY 2016 target amended based on FY 2015 actual performance.

⁴FY 2015 Actual performance decreased due to a decline in revenues related to fuel sales from two Fixed Base Operators (FBO) that were experiencing financial difficulties and not selling the average amount of fuel as compared to the previous year.

⁵Service began 3/17/14, ridership for 6 ½ months of service.

⁶FY 2016 target amended based on FY 2015 actual performance and compliance within the grant agreement that funds this service.

⁷Target was based on projects AA Air Traffic Control Tower, the US Customs and Border Protection Facility, W Aviation hangar redevelopment (a major portion) and Sano Aviation hangar redevelopment).

⁸FY 2015 significant increases due to one-time improvements at the US Customs & Border Patrol facility and the FAA Air Traffic Control Tower.

Community

Investment

Plan

FY 2016 – FY 2020 Community Investment Plan

INTRODUCTION AND OVERVIEW

Infrastructure, transportation, parks, streets, and buildings are the literal foundation of a community. The Community Investment Plan (CIP) has a unique and important responsibility to delineate what the community needs to build now and what it will need to build in years to come. This must be done in a strategic, careful, and impactful way to maximize economic development and improve quality of life in line with the approved City Commission's vision and policy. This CIP incorporates the concept of "sustainable infrastructure" which involves connecting a commitment to sound asset management with an approach that prioritizes community needs within the context of a sustainable future.

The Community Investment Plan is a planning document that sets forth the City's capital improvements to ensure that municipal infrastructure and facilities are appropriate and adequate to serve the needs of the neighbors of Fort Lauderdale. The timeline for the CIP process is outlined below:

January - February	<ul style="list-style-type: none">• Departments identify projects and determine cost estimates• City Manager appoints a Community Investment Plan Project Review Team• Community Investment Plan Project Review Team meets to discuss the process, schedule, and proposed criterion for the CIP process.
February - March	<ul style="list-style-type: none">• Budget and CIP Kickoff• Staff trained• Training materials and instructions distributed• The relative weight of each criterion is agreed upon as policy by the City Commission during a Commission Conference.• Departments submit projects to be included in the CIP• Budget, CIP and Grants Division meets with departments to review CIP project applications
April - June	<ul style="list-style-type: none">• Community Investment Plan Project Review Team evaluation and prioritization of projects and development of recommendations• Departments present their requests to the City Manager along with their operating budget requests• City Departments present their requests to the Budget Advisory Board• Committee recommendations to the City Manager• Proposed Community Investment Plan is drafted
July	<ul style="list-style-type: none">• City Manager recommendations to the City Commission along with the City Proposed Budget
September	<ul style="list-style-type: none">• Commission Approval
October	<ul style="list-style-type: none">• Implementation of Approved Plan

The projects in the CIP provide the basic necessities, such as the municipal water works, as well as amenities which make Fort Lauderdale a desirable community in which to live, work and play. Ensuring conformity with the City's Comprehensive Plan and coordination of capital improvements with the development of the operating budget to maintain a low tax levy are key objectives to the process. Projects considered in the CIP can be either capital improvements or capital maintenance projects.

Each proposed capital improvement project must meet the following criteria to be considered as part of the Community Investment Plan:

- Represent a physical improvement
- Have a value of \$50,000 or more
- Have a useful life in excess of 10 years; or if bond funded, have a useful life equal to or greater than the life of the bonds; or if grant funded with asset life qualifying factors, the capital project must have a life equal to or greater than the life requirements of the grant
- Be classified as a capital asset when placed into service

Each proposed Capital Maintenance project must meet the following criteria:

- Have a value of \$50,000 or more
- Must be a project that replaces/repairs existing infrastructure, equipment or facilities (examples of capital maintenance projects include street resurfacing, roof replacements, and playground equipment replacement)

The City recognizes its on-going responsibility to maintain and improve capital facilities to meet the demands of a dynamic city. The Five-Year CIP is based on City Commission and Administration's recognition of the need to have a comprehensive and financially balanced plan. Pursuant to the City's long range planning objectives, each project is analyzed and prioritized according to the needs of the community, the project ranking, and the City's ability to implement the project using available resources. The proposed CIP must also take into consideration the financial parameters necessary to preserve the City's fiscal integrity and continued sustainability.

The methodology utilized to develop the Community Investment Plan stems from a needs assessment performed by City staff with input from various Commission appointed advisory boards. The needs assessment also includes the incorporation of various studies that have been performed by consultants with expertise their respective discipline. Key assessments used to develop the FY 2016 – FY 2020 requests include:

- Walkability Plan
- Bridge Master Plan
- Sidewalk Assessment
- Wastewater Master Plan
- Stormwater Master Plan
- Facilities Condition Assessment
- Pavement Condition Assessment

The assessment generates a list of projects that address physical and/or structural improvements and enhancements in various locations within the City. Project applications are then developed and submitted to the Budget/CIP & Grants Division. Each application involving a physical or structural improvement must include project cost estimate justification completed by a City engineer. Together, managers and directors develop the proposed CIP project applications with the goal of meeting and managing the City's community investment needs.

CIP Prioritization Criteria and Scoring Matrix

Prioritization criteria and a scoring matrix were developed for the Fiscal Year 2016 - 2020 CIP to rank projects for inclusion in the plan. There are ten criteria that were used by the Community Investment Plan Project Review Team, to evaluate the proposed projects. The relative weight of each criterion was agreed upon by the City Commission during the March 3, 2015 Commission Conference meeting. Following the Commission weighting, each team member scored projects from 0 to 2 for each of the ten criteria and then a total score was calculated for the project, based on the criteria weight. This methodology promotes an informed decision making process to formulate a final set of recommendations for the proposed Community Investment Plan. The prioritization criteria are outlined below:

Basic Program Attributes

- **Meets federal, state or legal requirement** - *Whether there is a federal, state, local mandate, grant, court order, judgment, or other requirement that the project must be completed.*
- **Project feasibility** - *Whether there are obstacles to proceeding with the project (land acquisition, easements, approvals required, etc.).*
- **Costs and sources of funds** - *Whether the project would impact the City's operating costs, debt service level, and/or whether the project would yield revenue.*
- **Relevant performance measures** - *Is the impact of the project measurable? Will completing the project improve key performance measures or result in efficiencies?*
- **Project consistency with existing approved plans** - *Whether the project is directly consistent with a Commission approved plan, advances the Strategic Plan, the Commission Annual Action Plan (CAAP), and/or the 2035 Community Vision Plan.*

Impact on Strategic Goals/Cylinders of Excellence

- **Improves traffic, mobility, connectivity, pedestrian safety and cyclist safety** - *Whether the project would result in filling mobility gaps, supporting more effective interconnectivity, and ensuring increased and safe accessibility to activities, events and locations (bikeway path, commuter rail).*
- **Environmental benefits** - *Whether the project would address sea level rise, flooding, energy efficiency, water quality, water efficiency or other sustainability measures.*
- **Addresses aging infrastructure needs and maintenance of existing facilities** - *Whether the project helps to repair or replace the City's aging infrastructure (e.g. bridges, seawalls, roads) or provides for capital maintenance of existing City facilities (e.g. community centers, swimming pools, or sports complex).*
- **Promotes or accelerates sustainable economic development** - *Whether the project would directly result in capital investment, increased tax base, increased property values, or improved job opportunities.*
- **Improves neighbor safety** - *Whether the project reduces an immediate or future risk, addresses a public health and/or safety hazard, or addresses an urgent safety need.*

The Community Investment Plan Project Review Team met with each department, reviewed, and ranked all projects. Following the ranking, the team summarized the information and made recommendations to the City Manager. The City Manager then had the opportunity to review project applications to make a final determination about which projects would be recommended to the City Commission for funding. The project ranking will also serve to guide the City's applications for regional, state, Federal, or other grant funds throughout the upcoming fiscal year.

The CIP is a multi-year funding plan as follows:

- ✓ **Projects funded during the Fiscal Year 2016 Budget cycle:** These projects are recommended in the City Manager's proposed budget and finalized in concert with the City Commission's adopted budget.
- ✓ **Projects planned for Fiscal Years 2017 – 2020 have funding identified:** These projects will be updated on an annual basis and considered for funding in the respective year of the request. Funding will not be appropriated until the annual adoption of the CIP via City Commission action.
- ✓ **FY 2020 and beyond projects are listed as "unfunded" but still necessary:** These are projects that have been identified as a need, but funding is not currently identified. Projects may move out of this category as funding becomes available, or as the need becomes more critical.

Multi-year projects are identified in phases by year, from design through construction. Appropriations are made on an annual basis, but planning is accomplished on a multi-year basis. Projects may be designed before construction dollars are secured in order to have "shovel ready" projects as new funding is identified. The Community Investment Plan is developed annually and presented to the City Commission for adoption of the first year of the plan along with the City's Operating Budget.

The FY 2016 – FY 2020 Community Investment Plan document contains the following major sections:

- ◆ **Introduction**
- ◆ **FY 2016 Proposed Projects by Cylinder of Excellence**
- ◆ **FY 2016 Fund Summaries**
- ◆ **FY 2016 - FY 2020 Five Year Community Investment Plan by Funding Source**
- ◆ **Community Investment Applications by Funding Source**
- ◆ **Adaptation Action Areas**
- ◆ **Multimodal Connectivity Plan**
- ◆ **Glossary & Acronyms**

The CIP also shows unspent balances for projects that are on-going. This unspent balance is considered as part of the five year total. Project applications are not presented for existing projects with funding that are not in need of additional funding. However, they are listed in the FY 2016 – FY 2020 Five Year Community Investment Plan schedules. The five year CIP is balanced based on existing and anticipated revenues, bonds and other financing mechanisms.

FY 2016 Community Investment Plan

IMPACT ON OPERATING BUDGET

Operating budget impacts relate the capital and operating budgets in a form useful for decision-making by identifying and quantifying the consequences of capital investment. Many capital improvement projects generate future operating budget costs. New or expanded facilities require new and continuing annual costs of their own, in addition to the cost of the services and programs provided and, therefore, contribute to the growth of annual operating budgets. Other new facilities, such as swimming pools, may generate offsetting revenues from program fees, which provide additional revenues to help support operating expenses related to the new facility.

Reliable operating cost estimates are a fundamental element of the City's Community Investment Plan and the budget development process because the City must determine specific ongoing expenses it will incur once a project has been completed. During the cost estimating phase of the CIP application development, factors such as a project location, structural impacts, energy costs, staffing costs, maintenance, and/or future replacement are thoroughly analyzed. Each FY 2016 capital project application includes a section where departments identify potential operating impacts of the project. While these estimates are preliminary, the impact of capital project operating costs on future budgets requires careful consideration. This information is provided as an estimate, but it is still critical to consider when determining impacts on future operating budgets and long-term stabilization.

The estimated annual operating impact of all capital projects funded in the FY 2016 Community Investment Plan is a net annual cost of \$823,815 primarily due to the added operating expenses associated with new facilities and a higher level of Stormwater service in the improved area. Of this amount, the estimated annual impact to the General Fund is \$215,515. Details regarding the estimated operating impact, by project, by fund, are provided on the following page.

FY 2016 Community Investment Plan

IMPACT ON OPERATING BUDGET BY PROJECT AND FUND

Project	Annual Operating Impact	Explanation
General Fund – 001 (\$215,515)		
NE 13 th St. Complete Streets Project	\$4,500	The estimated annual operating cost associated with this project is \$4,500 which accounts for the additional maintenance costs associated with the improvements made.
Fire and Police Boat Replacement	(\$20,000)	The estimated reduction in operating costs is associated with reduced maintenance cost by having the new boat.
New Carter Park Senior Center	\$231,015	This includes the cost for recreation programming staff, supplies and utilities offset by \$10,000 in estimated program revenue.
Water and Sewer Fund – 450 (\$10,000)		
NW Second Avenue Tank Restoration	\$10,000	This project will add an estimated annual maintenance cost of approximately \$3,000 per year for the lighting system and an additional \$7,000 per year for electric power consumption.
Stormwater - Fund 470 (\$73,300)		
2625 NE 11 th Court Stormwater Improvements	\$4,900	The estimated annual costs for periodic clean outs, vacuum, swale reclamation, and maintenance inspection.
3301 NE 16 th Street Stormwater Improvements	\$3,800	The estimated annual costs for periodic clean outs, vacuum, swale reclamation, and maintenance inspection.
3605 SW 13 th Court Stormwater Improvements	\$4,200	The estimated annual costs for periodic clean outs, vacuum, swale reclamation, and maintenance inspection.
777 Bayshore Drive Stormwater Improvements	\$9,300	The estimated annual costs for periodic clean outs, vacuum, swale reclamation, and maintenance inspection.
NE 25 th Street Between Atlantic Blvd. & the Beach	\$1,100	The estimated annual costs for periodic clean outs, vacuum, swale reclamation, and maintenance inspection.
Stormwater Asset Management System	\$50,000	The estimated annual cost for annual licenses.
Central Service Operations - Fund 581 (\$525,000)		
ERP (Enterprise Resource Planning)	\$450,000	The estimated annual operating cost of \$450,000 reflects the estimated cost associated with the ERP software maintenance.
Replacement Document Management System	\$75,000	The estimated annual cost is for maintenance and support estimated at 15% of purchase price.
Total	\$823,815	

The pages that follow provide a detailed listing of the specific projects that are included in Fiscal Year 2016 by Cylinder of Excellence and the adopted Five Year Community Investment Plan by Funding Source.

IMPLEMENTATION

Upon approval of the CIP by the City Commission at the September budget hearing, budgeted funds will be placed into specific project accounts to allow projects to commence.

CITY OF FORT LAUDERDALE

FY 2016 Community Investment Plan

FUNDING RECOMMENDATIONS BY CYLINDER OF EXCELLENCE

The City of Fort Lauderdale's focus for the Community Investment Plan (CIP) is articulated through six cylinders of excellence: Business Development, Infrastructure, Internal Support, Neighborhood Enhancement, Public Places, and Public Safety. Each project recommended to be funded in Fiscal Year 2016 was identified to support a primary cylinder. Many projects have co-benefits to other cylinders in addition to the primary cylinder where they are listed. In total, \$65,767,777 in funding is recommended for 134 capital projects in Fiscal Year 2016.

BUSINESS DEVELOPMENT

Fort Lauderdale is home to a **thriving local economy, tourism industry, and boating and marine industry, attracting regional and global markets.** It is the coastal epicenter of South Florida connecting Miami-Dade to Palm Beach and west Broward to Port Everglades and Fort Lauderdale International Airport. Strategic alliances with businesses, associations, and schools contribute to local talent supply. Investments in transportation and mobility, infrastructure, public places, education, and public safety have exponential impacts on businesses and economic development.

Projects adopted for funding in FY 2016 in support of the Business Development cylinder of excellence include:

- Taxiway Intersection Improvements - \$1,212,000
- Business Incentives - \$1,156,677
- Western Perimeter Road - \$534,860
- Taxiway Foxtrot Pavement Rehabilitation - \$477,500
- FXE Administration Building Renovation - \$257,750
- Airfield Electrical Vault Improvements - \$199,340

FY 2016 Adopted Business Development CIP Projects: \$3,838,127

INFRASTRUCTURE

Infrastructure directly impacts our community every day. Quality infrastructure leads to neighborhood enhancement, active and safe public places and business development. The country as a whole is facing a critical dilemma with aging infrastructure and shrinking government budgets. In many areas of America, the roads, drinking water and wastewater systems are simply out dated. This trend directly applies to the City of Fort Lauderdale as the oldest city in Broward County, and is exacerbated by an additional challenge - sea level rise. **Strategic community investments** are important now and for future generations.

The City of Fort Lauderdale desires to be a **multimodal city**. A city that is pedestrian friendly and easy to move through by roadway, sidewalk, or waterway, with seamless connections to regional mass transit, such as Tri-Rail, Port Everglades, and the Airports. To achieve this, we must create shaded complete streets that are easy and enjoyable to walk or bike through, and convenient mass transit properly linked to land use.

The City must also build a **sustainable and resilient infrastructure**. This means smart investments in our community infrastructure for long-term economic and environmental viability and quality of life. This includes maintaining and updating our roads, bridges, water, wastewater systems, and drainage systems that plan for sea level rise projections. It includes awareness, planning, and efficiency now to safeguard our long-term water supply. It also includes reducing our energy use, and sustainable construction and design, and choosing recycling and reduction over disposal. We must do all of this with the mind toward protecting fundamental environmental resources: air, water, and natural resources, that sustain our community.

Significant projects adopted for funding in FY 2016 in support of the Infrastructure cylinder of excellence include:

- Fiveash Disinfection/ Reliability Upgrades - \$9,000,000
- SR A1A (Westside) Corridor Improvement - \$6,057,014
- Several improvements to the Water and Sewer System that are required to reduce inflow and infiltration, which can adversely impact the system's capacity to transmit and treat wastewater - \$5,200,000
- Cryogenic Plant - \$4,765,246
- A variety of improvements to the Water and Sewer plants and system such as pump station rehabilitation, and water main replacements - \$4,653,761
- Design for major Stormwater infrastructure improvements in seven priority areas - \$3,000,000
- A variety of improvements to the Central Region Wastewater System originating from the Wastewater Master Plan and Annual Central Region Renewal and Replacement Report - \$2,695,867
- SE/SW 6 Street Corridor Improvements - \$2,075,000

- A variety of priority stormwater projects including the installation of valley gutters, swales, tidal valves and other necessary drainage improvements - \$1,859,699
- Sidewalk and Paver Replacement - \$1,255,340
- Flagler Village Grant Program - \$1,168,469
- Las Olas Boulevard Safety Project - \$1,141,282
- Sustainable Parking Lot Improvements - \$800,000
- City Park Garage Phase III Mall Rehab - \$750,000
- Annual Microsurfacing - \$710,000
- Downtown Walkability Project Phase 3 - \$500,000
- Marine Facilities Maintenance - \$350,000
- Drainage Canal Surveying and Assessment - \$289,000
- Bridge Restoration - \$280,000
- New River Pumpout Facilities Renovations - \$264,000
- Environmental and Sustainability Management System Improvements - \$250,000
- Parking Administration and City Park Garage Repair - \$222,449
- NE/NW 4th Street - \$220,000
- ADA Settlement General Fund Buildings - \$130,000
- NE 13th Street Complete Streets Project - \$6,000

FY 2016 Adopted Infrastructure CIP Projects: \$47,643,127

INTERNAL SUPPORT

The City's mission is to build community. The Cylinders of Excellence are **how we build community**. None of this would be possible without the Internal Support platform to motivate and support our internal workforce community to deliver best-in-class municipal services. **An innovative, neighbor-centric, and well-trained workforce** needs fundamental tools, such as phones, internet, facilities, and equipment. It also needs programs in place such as employee safety and wellness, training, strategic performance management and process improvement. This is how we keep up with progressive communication and service delivery mechanisms desired by our neighbors. In order to be smarter, faster, and cheaper, we must **manage our resources wisely and sustainably**, through sound fiscal management, integrating sustainability into daily operations and planning, and procurement of goods for the best value.

Projects adopted for funding in FY 2016 in support of the Internal Support cylinder of excellence include:

- ERP (Enterprise Resource Planning) - \$4,500,000
- EOC Data Room at Fire Station 53 - \$180,000
- Inline Cooling System for Police Data Center - \$106,000
- Replacement Document Management System - \$50,000
- Priority City facility improvements at a variety of locations identified as a result of the 2014 Facility Condition Assessment (roof repairs and replacements, heating and cooling system repairs and replacements, window replacements, etc.) - \$1,855,000

FY 2016 Adopted Internal Support CIP Projects: \$6,691,000

NEIGHBORHOOD ENHANCEMENT

Fort Lauderdale is a community of communities with more than 60 unique and charming neighborhoods, a beautiful beach and a vibrant business and entertainment center. It has both historic charm and modern urban amenities. The City of Fort Lauderdale is proud of its active and engaged community of residents and businesses, with 62 recognized civic and homeowners associations and 49 commission advisory boards. The City Commission relies heavily on their participation in the public policy process that enhances the quality of life for our communities. The work and services in this area are aligned to **help our neighborhoods be healthy, strong and stable.**

With the goal of being an **inclusive community made up of distinct, complementary and diverse neighborhoods**, the City Commission is also committed to ensuring that no one neighborhood is left behind. This requires both effective code enforcement and investments in community aesthetics and features. Our Neighborhood Community Investment Program participates in the beautification and enhancement of our city neighborhoods. Our Community Redevelopment Areas target much needed improvements in the Beach and in the Northwest area of the City. Recent updates to our zoning regulation will allow urban gardens as a neighborhood enhancement providing opportunities for access to fresh local grown food, community pride and participation, and to promote healthy living.

Projects adopted for funding in FY 2016 in support of the Neighborhood Enhancement cylinder of excellence include:

- Neighborhood and Business Community Investment Projects - \$500,000
- Mizell Center Upgrade - \$500,000
- General Facade Program - \$500,000
- Progresso Neighborhood Improvement - \$432,000
- Sistrunk Enhancement Phase II -Undergrounding Utilities - \$250,000
- NPF CRA Street Improvement Grant - \$250,000
- Off-Street Parking - \$250,000
- In Fill Housing Contributions - \$150,000
- Community Initiatives Projects - \$100,000
- 2012 NCIP Riverland Brick Paver Crosswalk - \$35,000
- 2012 NCIP Lake Aire Street Lights & Posts - \$35,000

FY 2016 Adopted Neighborhood Enhancement CIP Projects: \$3,002,000

PUBLIC PLACES

Great cities worldwide have great **public places**, from a small passive parks, to grand open gathering forums, to pleasant pathways. Fort Lauderdale is no different. The city boasts more than five miles of sparkling beaches and 300 miles of coastline waterways that offer residents and visitors premier opportunities for recreation, relaxation and enjoyment. The award-winning *Wave Wall* and signature beachfront promenade highlight our world famous coastline, which is punctuated by an

array of shops, restaurants, sidewalk cafes and entertainment venues. With nearly 700 acres of beautiful park land, nine pools, a River Walk on the verge of revitalization, and more than 60 unique beautiful neighborhoods, Fort Lauderdale is a great public place.

Our public places **create a sense of place, reflective of our tropical, urban lifestyle**. This is where our community comes together to enjoy simple activities such as listening to music or shopping at a farmer's market, or to celebrate large scale events. Arts and culture are inextricably linked to these places, and make them expressive and inspiring. These places are where both public and private recreational programming can be held for all ages, and directly influence community health and activity levels.

The City of Fort Lauderdale strives to be a City with **safe, clean, and interconnected** Public Places. This cylinder of excellence overlaps with Infrastructure by focusing on easy accessibility to parks and public places, through increasing connectivity through mass transit, greenways and blueways. The City also strives to leverage private developments to ensure thoughtful and positive benefits to the public realm.

Projects adopted for funding in FY 2016 in support of the Public Places cylinder of excellence include:

- New Carter Park Senior Center - \$1,224,000
- Electrical Improvements North New River - \$700,000
- East Las Olas Street Lights - \$500,000
- Las Olas Marina Dredging Phase II Construction - \$258,898
- Bahia Mar Yachting Center Dredging Phase II - \$206,543
- New Riverwalk Park Improvements - \$200,000
- Lighting - Provident Park - \$167,700
- George English Park Boat Ramp Renovations - \$120,000

FY 2016 Adopted Public Places CIP Projects: \$3,377,141

PUBLIC SAFETY

One of the most important and essential roles of government is public safety. We must be a **safer city for all neighbors, including our daily commuters, visitors, and tourists**. Vibrant and walkable public places must be and feel safe. Public safety spurs business development and neighborhood enhancement by attracting and retaining businesses and their families. Routine policing and strategic initiatives, such as crime prevention meetings, Intelligent Led Policing, Neighborhood Action Teams, and education help reduce crime.

The City is committed to **saving life and property** through rapid, effective, and specialized response. Spanning advanced medical programs, such as, fire and accident response, and ocean and fire rescue are a constant presence and service. The City must also be **well-prepared for and responsive to all hazards** to reduce the risk to neighbors and critical assets from hazards storms, flooding and fire. Moving forward, climate change concerns and risks must be integrated into emergency management planning. Neighbor partnerships, such as the Community Emergency Response Teams, help strengthen community preparedness and response.

The City is in the process of building three (3) replacement Fire Rescue Stations as approved and funded by the 2005 Fire Rescue Construction Bond Referendum.

Projects adopted for funding in FY 2016 in support of the Public Safety cylinder of excellence include:

- Fire and Police Boat - \$1,174,312

FY 2016 Adopted Public Safety CIP Projects: \$1,174,312

The table below provides definitions of abbreviations of department names that are used in the capital funding schedules that follow.

Abbreviation	Department
PKR	Parks and Recreation Department
TAM	Transportation and Mobility Department
PW	Public Works Department
ITS	Information Technology Services Department
FIN	Finance Department
DSD	Sustainable Development Department
FIR	Fire-Rescue Department
POL	Police Department

STRATEGIC PLANNING AND BUDGETING CYCLE

Strategic Planning and Budgeting Cycle

Vision Plan Lane

October	April
<div data-bbox="126 632 381 787"> 1 Vision Plan Implementation (continuous) </div> <p><i>Fast Forward Fort Lauderdale</i>, the community's 2035 Vision Plan, was unanimously approved by the City Commission on April 16th, 2013. It was developed from more than 1,500 ideas generated from eight different outreach mechanisms, including open houses, stakeholder interviews, a social ideation website, civic association presentations, telephone town hall meetings, Meetings in-a-Box, a Big Ideas event, and a Neighbor Summit. Implementation will be conducted through a robust strategy management system that connects planning, strategy, and action.</p>	<div data-bbox="808 632 1063 787"> 3 Community Vision Event </div> <p>An event will be held to facilitate discussion and options related to a relevant topic important to achieving <i>Fast Forward Fort Lauderdale</i>, the community's 2035 Vision Plan. The outcome of the event will help to inform the FY 2016 Proposed Operating Budget.</p>
November	April
<div data-bbox="126 1249 414 1417"> 2 Commission Agenda Strategic Connections </div> <p>Many of the Commission Agenda and Conference items directly further <i>Fast Forward Fort Lauderdale</i>, the community's 2035 Vision Plan. The agenda process is a prime opportunity to illustrate how the City will accomplish strategic priorities and also familiarize staff with how their work connects to the long-term priorities defined in the vision. Commission Agenda Memos (CAM) contain a Strategic Connections section for staff to specify which portion of the <i>Fast Forward Fort Lauderdale</i> Vision Plan is being achieved through the specific agenda item.</p>	<div data-bbox="808 1249 954 1417"> Vision Progress Update </div> <p>An update will be provided to the City Commission and community, highlighting progress with the first year of the <i>Fast Forward Fort Lauderdale</i>, the 2035 Vision Plan. This will mark one full year since the Plan was approved by City Commission in April 2013. The Vision Progress Update will include the Vision Scorecard which contains key community and performance indicators reflective of our progress with achieving the long-term vision.</p>

Strategic Planning and Budgeting Cycle

Strategic Plan Lane

October		January/February/March	
4 Strategic Plan Implementation (continuous)	<p><i>Press Play Fort Lauderdale</i>, the community's 2018 Strategic Plan, was unanimously approved by the City Commission on September 17th, 2013. It connects the dots between the long-term vision and day-to-day operations. A notable 42% of the vision ideas are incorporated in the Strategic Plan. <i>Press Play Fort Lauderdale</i> contains 12 goals, 38 objectives, and 191 strategic initiatives. Implementation will be achieved through a robust strategy management system that connects planning, budgeting, measuring, and improving.</p>	7 Environmental Scan (Strategic)	<p>The Environmental Scan is a compilation of the Neighbor Survey, key demographic trends, and additional external and internal factors that may influence the direction and priorities of the City for the coming fiscal year.</p>
November		February/March	
5 Commission Agenda Strategic Connections	<p>Many of the Commission Conference and Agenda items directly further <i>Press Play Fort Lauderdale</i>, the community's 2018 Strategic Plan. The agenda process is a prime opportunity to illustrate how the City will accomplish strategic priorities and familiarize staff with how their efforts connect to strategic initiatives. Commission Agenda Memos now contain a Strategic Connections section for staff to specify which portion of the Strategic Plan and Commission Annual Action Plan (CAAP) is being furthered through the specific agenda item.</p>	8 City Commission Meeting Presentation of Survey Results	<p>A full presentation of the Neighbor Survey results will be provided to the City Commission by the survey consultant. It will include an explanation of the results, the comparisons to last year and state and national results, a breakdown of the most important items to the community, and GIS maps depicting the results by Census tract.</p>
December		July	
6 Neighbor Survey	<p>The second annual Neighbor Survey will evaluate perceptions regarding the quality of life and satisfaction with the City. The survey results will be compared with prior year results, along with state and national comparisons. The survey is statistically valid and administered to randomly selected households, representative of the four Commission districts and Census demographics. It is a key component of the Environmental Scan.</p>	9 Department Performance Analysis & Strategic Alignment of the Budget	<p>Performance highlights will be compiled per Department, to include: department-specific survey results, performance results, available FY 2014 and FY 2013 benchmarking results, and the status of strategic initiatives. This information will serve as preparation for departmental budget meetings with the City Manager and departmental presentations to the Budget Advisory Board.</p>

Strategic Planning and Budgeting Cycle

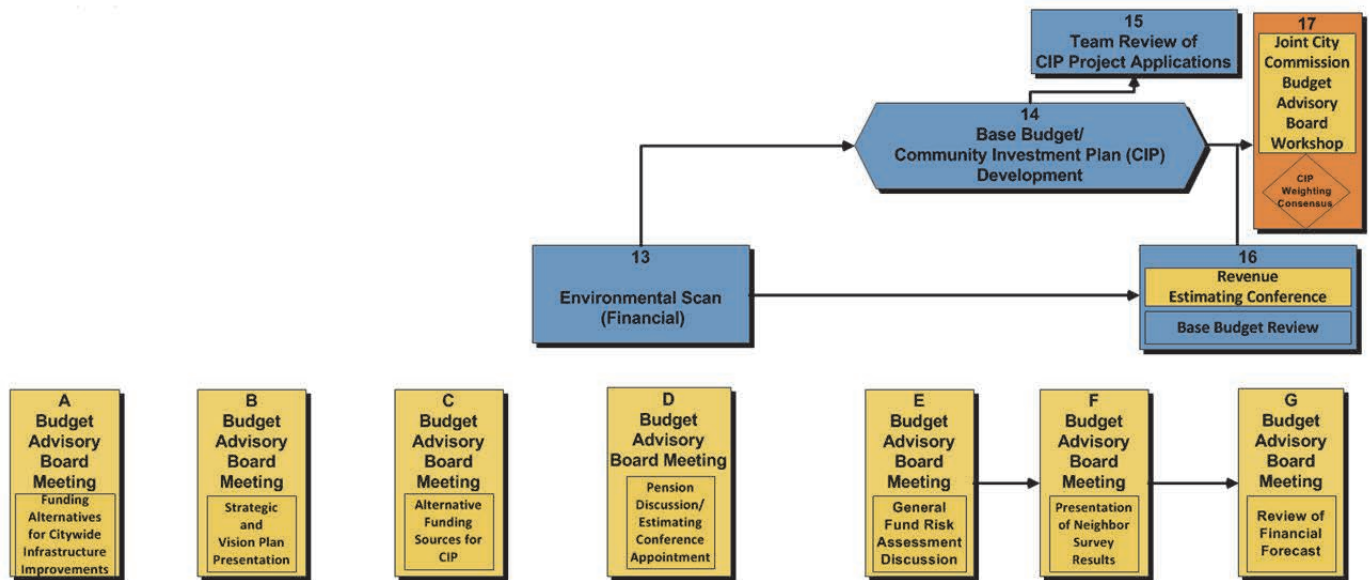

Action Plan Lane

Continuous Throughout Year		April
<div data-bbox="139 615 813 758"> <div>10</div> <div>Commission Annual Action Plan (CAAP) Implementation (continuous)</div> </div> <p>The Commission Annual Action Plan (CAAP) is the product of collaboration and prioritization by the City Commission, the City Manager's Office, and Department Directors. It contains initiatives of significant importance to the organization. Progress is monitored through the monthly FL²STAT meetings, with quarterly reporting to the City Commission. The CAAP is integrated into the Cylinders of Excellence annual work plans.</p>	<div data-bbox="846 615 1068 785"> <div>11</div> <div>CAAP Development</div> </div>	<p>Departments will meet to discuss current progress, successes, challenges, major issues and initiatives to be considered for development of the FY 2016 Commission Annual Action Plan.</p>
January/April/July	May	
<div data-bbox="131 1146 285 1304"> <div>CAAP Progress Report</div> </div> <p>Progress Reports will be issued quarterly to provide routine updates on the progress that staff is making with the Commission Annual Action Plan. For each strategic initiative, the report will include a description, analysis of progress and challenges, and applicable milestones.</p>	<div data-bbox="846 1146 1029 1436"> <div>12</div> <div>City Commission Workshop</div> <div>Action Plans</div> <div>Prioritization ?</div> </div>	<p>This Commission Workshop will be dedicated to the prioritization of strategic initiatives and development of the FY 2016 Commission Annual Action Plan. The FY 2016 Proposed Annual Operating Budget will allocate resources in alignment with this Commission prioritization.</p>

Budget/CIP Plan Lane

January

The Financial portion of the Environmental Scan includes a review of the prior year revenues and expenditures, a financial forecast, and the ongoing development of fiscal integrity principles and policies. Each of these components of the Environmental Scan are an important part of developing the FY 2016 Proposed Budget.

April

The Revenue Estimating Conference Committee will be established and responsible for reviewing revenue estimates for the upcoming budget. Conference principals will include one principal from the Budget/CIP and Grants Office; one principal from the Finance Department, one principal from the Budget Advisory Board, and one principal from the Audit Advisory Board.

February

The kickoff of the development of the City's base operating budget, five year Community Investment Plan, performance measures and current year estimates for both revenues and expenditures. Departments will be asked to update their submissions into a more aligned and strategic budget during the coming months.

The City Commission and Budget Advisory Board will hold a Joint Workshop to review the Five Year Financial Forecast and to discuss the budget for the coming year. The City Commission will provide a consensus on the millage rate and the fire assessment fee during this workshop. Once a consensus is achieved, staff will be able to finalize the proposed budget based on the information provided.

March

The Community Investment Plan (CIP) applications will be reviewed for consideration and funding by the CIP Review Committee. Each application will be scored utilizing the prioritization matrix. Scores and final ranking will be utilized as a guide to funding.

Continuous

The Budget Advisory Board (BAB) meets monthly. Department staff will present their budget to the BAB during the month of May.

Strategic Planning and Budgeting Cycle

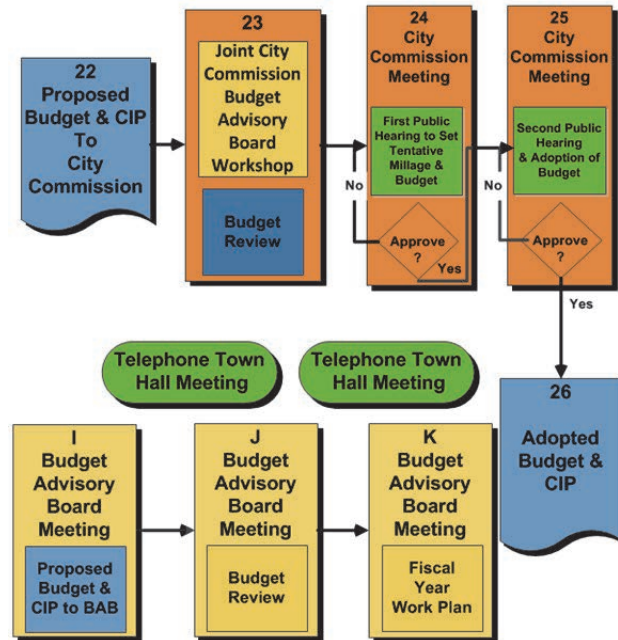

Budget/CIP Plan Lane

May		June	
	<p>During this time, departments will be asked to update their submissions strategically, to align with the City's vision statement and strategic priorities.</p>		<p>The presentation of the preliminary budget to the City Commission for their review and discussion at the upcoming Budget Workshops.</p>
	<p>The Legislative Scan considers external factors that could influence the direction and goals of the City such as impacts from legislative processes at the County, State, and Federal levels, as well as, by other intergovernmental entities.</p>		
	<p>Telephone Town Hall meetings are held throughout the year to allow the City Commission to personally interact with neighbors to discuss important topics such as neighborhood improvements or concerns, Strategic Planning, the upcoming Budget, and the Community Investment Plan.</p>		<p>The City Commission will meet with the City Manager and Department Directors to review the comprehensive budget as recommended by the City Manager. This will include a review of revenues and expenditures, new programs, capital outlay, and a presentation of each department's proposed Five Year Community Investment Plan (CIP) projects.</p>
	<p>This is a comprehensive review of departmental operational budgets and Five Year Community Investment Plan projects. This review will include organizational charts, operating expenses, capital outlay, capital projects and performance measures with tentative determination by City Manager of Proposed Budget.</p>		<p>City Departments will present their FY 2016 Requested Operating Budgets, Community Investment Plan projects, and performance measures to the Budget Advisory Board during the month of May.</p>

Strategic Planning and Budgeting Cycle

Budget/CIP Plan Lane

July		September	
22 Proposed Budget & CIP To City Commission	The Proposed Budget document and Five Year Community Investment Plan are published and presented to the City Commission and made available to the public. The Proposed Strategic Plan document will be presented along with the Budget document.	24 City Commission Meeting First Public Hearing to Set Tentative Millage & Budget Approve? Yes	The first public hearing is legally required with time table requirements for setting of tentative property tax millage rate and tentative budget.
I Budget Advisory Board Meeting Proposed Budget & CIP to BAB	Staff presents the Proposed Budget and Community Investment Plan (CIP) to the Budget Advisory Board.	25 City Commission Meeting Second Public Hearing & Adoption of Budget Approve?	The second public hearing is legally required with time table requirements for adoption of property tax millage rate and final budget. The Five Year Community Investment Plan will also be adopted at this meeting.
August		26 Adopted Budget & CIP	The Adopted Budget and Community Investment Plan are uploaded into the City's financial system and a printed version is made available to the City Commission, City Departments, and Neighbors. The CAAP is published.
23 Joint City Commission Budget Advisory Board Workshop Budget Review	The Joint Workshop between the City Commission and the Budget Advisory Board to discuss the Proposed Budget and the CIP.	K Budget Advisory Board Meeting Fiscal Year Work Plan	The Budget Advisory Board (BAB) establishes their priorities for the upcoming budget cycle.
J Budget Advisory Board Meeting Budget Review	The Budget Advisory Board reviews the Proposed Budget and CIP and makes recommendations for changes prior to the Public Hearing.		

CITY OF FORT LAUDERDALE

CITY OF FORT LAUDERDALE

OUR CITY AT A GLANCE

The City of Fort Lauderdale is famous for its beaches, arts, culture, and events. There is dining and shopping on Las Olas Boulevard, gondola rides on the canals, beautifully landscaped beachfront promenades, luxury hotels, historical districts, and mansions and yachts along Millionaires Row. Other attractions, such as the Arts and Entertainment District and the Riverwalk, make Fort Lauderdale a premier destination for people of all ages. Fort Lauderdale is a great place to live, work, and raise a family, and the City looks forward to continuing to build upon its success to meet the challenges of the 21st Century and beyond.

The City operates a Commission/Manager form of government where the Commission hires the City Manager. The Commission is comprised of five elected officials including the Mayor and a Vice Mayor.

The City of Fort Lauderdale is located in the east-central portion of Broward County. The City is approximately 23 miles north of Miami and 42 miles south of Palm Beach. The City of Fort Lauderdale encompasses more than 33 square miles and is the 8th largest city in Florida and the largest of Broward County's 30 municipalities.

CITY OF FORT LAUDERDALE

OUR CITY AT A GLANCE

HISTORY

The Fort Lauderdale area was known as the "New River Settlement" prior to the 20th century. The City of Fort Lauderdale was incorporated in 1911 and in 1915 was designated the county seat of the newly formed Broward County. Fort Lauderdale's first major development began in the 1920s amidst the Florida land boom. Fort Lauderdale became a major United States Naval Base during World War II. After the war ended, service members returned to the area, and an enormous population explosion began in earnest. Today, the City of Fort Lauderdale is known as a major yachting capital, one of the nation's most popular tourist destinations, and the center of a metropolitan area of 1.8 million people with more than 10 million visitors annually.

LOCAL ECONOMY

The Consumer Price Index (CPI) increased by .6% in the South Region from December 2013 to December 2014¹, mostly due to the increase in household electricity and cost of housing. The unemployment rate in the Miami/Fort Lauderdale area for the month of May 2015 was 4.8%, which lower than the state of Florida for the same period¹. In Fort Lauderdale, the number of building issued permits continues to increase. Comparing FY 2014 to FY 2015, it is estimated that 2,000 more building permits will be issued than the prior fiscal year.

CITY OF FORT LAUDERDALE

A DESIRABLE CITY FOR A SUCCESSFUL BUSINESS

ACCESSIBILITY

Fort Lauderdale is located less than an hour from Miami and Palm Beach International Airports, and offers convenient access to international markets including Africa, Latin America, the Caribbean, Canada, Europe and the Pacific Rim.

Downtown Fort Lauderdale is located within three miles of Port Everglades, Fort Lauderdale/Hollywood International Airport, the Amtrak Railway, I-95, I-595 and the Tri-Rail commuter train.

AIR TRANSPORTATION

Fort Lauderdale/Hollywood International Airport

- Ranks as one of the fastest growing airports in the United States.
- Second-largest carrier of international passengers in the state of Florida.
- Contributes more than \$2.7 billion to the local economy, providing jobs to more than 8,900 employees and an additional 28,000 jobs through ancillary services.
- Served 23.5 million passengers in 2013.
- 600 flights per day on average.

Fort Lauderdale Executive Airport

- One of the 10 busiest general aviation airports in the United States.
- Handles approximately 150,000 takeoffs and landings per year.
- Home to 700 aircraft, 115 jets and 40 helicopters.
- Generates approximately \$7 million in annual revenue and \$3 million annual tax revenues from airport leases.
- Operates the Downtown John Fuhrer Heliport.
- Offers a 200-acre Industrial Airpark with 2 million square feet of space.

CITY OF FORT LAUDERDALE

A DESIRABLE CITY FOR A SUCCESSFUL BUSINESS

LAND TRANSPORTATION

Major Roadways

- I-95, I-595, I-75, and Florida Turnpike.

Railway System

- Freight carriers: Florida East Coast (FEC) Railroad and CXS Transportation
- Passenger carriers: Amtrak and Tri-Rail (local commuter service)

BUSINESS ADVANTAGES

Fort

Lauderdale offers a stable, business-friendly government, with a strong base of existing businesses, well-educated labor force, diverse housing options, and excellent quality of life.

- ♦ Numerous economic development benefits, business assistance and incentive programs.
- ♦ Numerous tax advantages: no state or local personal income tax, no county or city sales tax, no state ad valorem, franchise or inventory tax, and no gift tax.
- ♦ One of the fastest growing markets for global trade, with more than 40 percent of local businesses engaged in or supporting some type of international commerce.

CITY OF FORT LAUDERDALE

A DESIRABLE CITY FOR A SUCCESSFUL BUSINESS

BUSINESS ADVANTAGES (CONTINUED)

A downtown area that includes city and county government centers, federal and county courthouses, school district offices, a state regional complex, legal services and professional offices.

More than 300 miles of waterways, marinas and marine manufacturing and repair facilities make the area a world-class port of call for the yachting industry.

A marine industry that generates 134,539 jobs and gross wages and earnings of \$3.7 billion in Broward County, along with 162,209 jobs and \$13.6 billion in total economic impact in South Florida.

Home of the Greater Fort Lauderdale International Boat Show, the world's largest boat show, which generates an annual economic impact of half a billion dollars.

PORT EVERGLADES

Port Everglades generates approximately \$26 billion in business activity each year and supports over 200,000 jobs statewide.

- ◆ Annually handles nearly 4 million cruise passengers and more than 22 million tons of cargo
- ◆ Generates annual revenue of \$147 million without drawing on any local property tax dollars
- ◆ Home to the world's two largest cruise ships, Royal Caribbean International's Oasis of the Seas and Allure of the Seas
- ◆ Number one container port in Florida, which handled 6 million tons of containerized cargo in 2013.
- ◆ Home to Florida's largest Foreign-Trade Zone, which moves more than 1,000 different commodities from 75 countries of origin annually.
- ◆ Launched a 20-year, \$2 billion expansion to prepare for increases in cargo, fuel and cruise passenger traffic over the next two decades.
- ◆ The nation's deepest commercial port south of Norfolk, Virginia that serves more than 150 ports and 70 countries.
- ◆ Holds world record for 53,365 cruise guests sailing in and out of the Port in a single day

CITY OF FORT LAUDERDALE

GLOSSARY OF TERMS

A

Accrual Basis - The basis of accounting under which transactions are recognized when they occur, regardless of when cash is actually received or spent

Ad Valorem Taxes - Property taxes calculated as a percentage of the value of real or personal property. The percentage is expressed in mills (thousands of dollars)

Amended Budget - The current budget, resulting from changes to the Adopted Budget

Annexation - A process by which a city adds land to its jurisdiction. The city then extends its services, laws and voting privileges to meet the needs of residents living in the annexed area

Appropriation - The City Commission's legal authorization for the City to make expenditures and incur obligations

Arts and Science District Garage - The Performing Arts Center and Authority is a 950 space parking garage located in the Arts & Science District of the City, with the City having full and exclusive responsibility for operations and maintenance of the garage

Assessed Value - The County Property Appraiser's estimation of the Fair Market Value of real estate or other property. This valuation is used to determine taxes levied upon the property

Audit - An examination of evidence, including records, facilities, inventories, systems, etc., to discover or verify desired information

B

Balanced Budget - According to Florida Statute, the amount available from taxation and other sources, including amounts carried over from prior fiscal years, must equal the total appropriations for expenditures and reserves

Benchmarking - Determining the quality of products, services and practices by measuring critical factors (e.g., how fast, how reliable a product or service is) and comparing the results to those of highly regarded competitors

Block Grant - Federal grant allocated according to pre-determined formulas and for use within a pre-approved broad functional area such as the Community Development Block Grant (CDBG). CDBG funding can be used as a funding source for qualified projects

Bond - Financial obligation for which the issuer promises to pay the bondholder (the purchaser or owner of the bond) a specified stream of future cash flows, including periodic interest payments and a principal repayment

Budget - A statement of the City's financial position for a specific period of time (fiscal year) based on estimates of expenditures during the period. Also, the amount of money available, required, or assigned for a particular purpose

Budget Calendar - A schedule of key dates which the City follows in the preparation, adoption and administration of the budget

C

Cash Flow - A projection of the cash receipts and disbursements anticipated during a given time period

Capital Outlays - Outlays for the acquisition of, or addition to, fixed assets which are durable in nature and cost at least \$5,000. Such outlays are charged as expenditures through an individual department's operating budget and do not include those provided for in the Capital Improvement Program (see capital projects)

Capital Projects - Any program, project, or purchase with a useful life span of ten years and a cost of at least \$50,000

GLOSSARY OF TERMS

Community Investment Plan - Annually prepared summary plan and list of capital improvement projects proposed during the next five fiscal years, such as street or park improvements, building construction, and various kinds of major facility maintenance

Carry Forward - Fund balances that are carried forward into the next fiscal year

Cemetery Perpetual Care Fund - Fund established to account for the City's four cemeteries: Woodlawn, Evergreen, Sunset Memorial Gardens, and Lauderdale Memorial Park

Contingency - A budgetary reserve set aside for emergency or unanticipated expenditures. The City Commission must approve all contingency expenditures

D

Debt Financing - Issuance of bonds and other debt instruments to finance municipal improvements and services

Debt Proceeds - Revenue derived from the sale of bonds

Debt Service Funds - Funds created to pay for the principal and interest of all bonds and other debt instruments according to a predetermined schedule

Deficit - The amount by which expenditures exceed revenues during a single accounting period

Depreciation - The decline in the value of assets as a result of wear and tear, age, or obsolescence

Development Review Committee (DRC) - The DRC is comprised of representatives from the Planning and Zoning, Economic Development, Fire-Rescue, Police, and Public Services departments. It facilitates the review of plans for private development to ensure quality, design, And compatibility with existing residential and commercial development

Direct Debt - Debt, which the City has incurred in its own name or assumed through the annexation of territory or consolidation with another governmental unit

E

Encumbrances - Commitments of funds for contracts and services to be performed. When encumbrances are recorded, available appropriations are reduced correspondingly

Enterprise Funds - Funds established to account for operations, which are financed and operated in a manner similar to private enterprises. The intent is that the expense of providing goods or services to the public on a continuing basis (including depreciation) be financed or recovered primarily through user fees

Estimated Revenues - Projections of funds to be received during the fiscal year

Expenditures - Cost of goods delivered or services provided, including operating expenses, capital outlays, and debt service

F

Fiscal Year - The 12-month period to which the annual budget applies. The City's fiscal year begins on October 1 and ends September 30

FL²STAT - Community-focused approach to strategic planning, performance management and process improvement for all City departments

Florida Power and Light - A private electrical utility company that provides significant franchise fees and utility tax revenue to the City

Foreign-Trade Zone - A Foreign-Trade Zone (FTZ) is an area that, for US Customs purposes, is considered to be an international commerce. Any foreign or domestic material can be moved into an FTZ without being subject to US Customs duties A FTZ is operated as a public venture sponsored by a local municipality or authority

GLOSSARY OF TERMS

Franchise Fees - Fees levied by the City in return for granting a privilege, which permits the continual use of public property, such as city streets, and usually involves the elements of monopoly and regulation

Full Time Equivalent - Refers to the number of full time employees, plus all part time and seasonal employees pro-rated to full time increments

Fund Balance - Fund equity for governmental and trust funds which reflect the accumulated excess of revenues and other financing sources over expenditures and other uses for general governmental functions

G

General Fund - The fund used to account for all financial resources except those required to be accounted for in another fund

Grants - Contributions of cash or other assets from another governmental agency to be used or expended for a specified purpose, activity, or facility

Governmental Funds - Funds in which most governmental functions of the City are financed. The funds are fiscal and accounting entities with a self-balancing set of accounts recording cash and other financial resources along with all related liabilities and residual equities or balances and related changes

H

Hire a Worker Process - Refers to the authorization procedures followed to hire employees

Homestead Exemption – Pursuant to the Florida State Constitution, the first \$25,000 of assessed value of a home which the owner occupies as principal residence is exempt for the property value

I

Infrastructure - The physical assets of a government (e.g., streets, water, sewer, public buildings and parks)

Intergovernmental Revenues - Funds received from federal, state, and other local governmental sources in the form of grants, shared revenues, and payments in lieu of taxes (PILOT)

Internal Service Funds - Funds established for the financing of goods or services provided by one department to other departments within the City on a cost-reimbursement basis. Examples are the Vehicle Rental, Central Services, and City Insurance funds

M

Millage Rate - One mill equals \$100 of tax for each \$1,000 of property value. The millage rate is the total number of mills of tax assessed against the value

Modified Accrual Basis - The basis of accounting under which transactions are recognized when they become both measurable (i.e., an amount can be determined) and available (i.e., able to liquidate liabilities of the current period)

N

Non-Self-Supported Debt - Bonds for which payment in full faith and credit of the City or specific general revenue is pledged. This debt is payable from property taxes and other general revenue. Excise Tax Bonds are an example of this type of debt

O

Ordinance - A formal legislative enactment by the City that carries the full force and effect of the law within corporate boundaries of the City unless in conflict with any higher form of law, such as state or federal

GLOSSARY OF TERMS

O

Overlapping Debt - The proportionate share of the debts of local governmental units located wholly or in part within the limits of the City (such as the County and School Board) which must be borne by property owners within the City

P

Performance Indicators - Special qualitative and quantitative measures of work performed as an objective of a department

R

Reserves - A portion of the fund balance or retained earnings legally segregated for specific purposes

Resolution - A legislative act by the City with less legal formality than an ordinance.

Revenue - Additions to assets which do not increase any liability or represent the recovery of an expenditure; do not represent the cancellation of certain liabilities or decreases in assets; and do not represent contributions of fund capital in enterprise and internal service Funds

Revised Budget - A department's authorized budget as modified by City Commission action, through appropriation transfers from contingency, or transfers from or to another department or fund

Rolled Back Rate - The millage necessary to raise the same amount of ad valorem tax revenue as the previous year, excluding taxes from new construction

S

Save Our Homes - State constitutional amendment that limits annual growth in homesteaded residential property value for tax purposes

Strategic Planning - A document outlining long-term goals, critical issues and action plans which will increase the organization's effectiveness in attaining its mission, priorities, goals and objectives

T

Taxes - Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people

U

User Fee - Charges for specific services provided only to those paying such charges. Examples would be sewer service charges and dock fees

Utility Taxes - Municipal charges levied by the City on every purchase of a public service within its corporate limits, including electricity, gas, fuel oil, water, and telephone service

W

WaterWorks 2011 - A ten-year, \$768 million Capital Improvement Program for replacement of water and sewer and wastewater infrastructure

Working Capital Reserve - The working capital reserve represents General Fund resources that are for purposes of providing liquidity in the event of future adverse financial conditions
